

ACCESSIBLE 360

BETTER. FOR ALL.™

# Letter of Digital Accessibility Conformance

March 23rd, 2022

Texas Capital Bank  
2000 McKinney Avenue, Suite 700  
Dallas, TX 75201

A360 Enterprises, LLC is an expert in digital accessibility auditing, testing, consulting and training. Texas Capital Bank has engaged Accessible360 to test and evaluate the accessibility of Texas Capital Bank's Investor Relations desktop website with a homepage located at [investors.texascapitalbank.com](https://investors.texascapitalbank.com).

Accessible360 performed live-user accessibility auditing, including but not limited to testing by individuals with disabilities using assistive technology, combined with digital testing tools, on a representative sample of pages of Texas Capital Bank's Investor Relations website. The accessibility audit was completed approximately March 23, 2022.

As of our Quality Assurance testing on March 23, 2022, our live-user accessibility testers did not encounter any accessibility blockers that would deny a user using assistive technology from accessing the main content and functionality. The following is the professional opinion of the Accessible360 testing team:

- The live-user accessibility testers were able to successfully access, use, and navigate the website.
- The website substantially conforms with Level A and Level AA of the Web Content Accessibility Guidelines (WCAG) version 2.1.
- Texas Capital Bank has addressed all significant issues that are in their control including owned source code and content within the scope of the project.

In addition, Texas Capital Bank has retained Accessible360 to provide ongoing accessibility live-user reviews (remediation support and QA testing) of [investors.texascapitalbank.com](https://investors.texascapitalbank.com). With this in place, Accessible360 will perform ongoing accessibility testing and support of selected elements of the website, including live-user testing on a regular basis.
