## Forward-Looking Statements

This document contains "forward-looking statements" within the meaning of section 27A of the Securities Act of 1933, as amended, and section 21E of the Securities Exchange Act of 1934, as amended, including statements regarding our outlook for earnings, net interest margin, fees, expenses, tax rates, capital and liquidity levels and other matters regarding or affecting Berkshire and its future business and operations.. You can identify these statements from the use of the words "may," "will," "should," "could," "would," "outlook," "potential," "estimate," "project," "believe," "intend," "anticipate," "expect," "target" and similar expressions. There are many factors that could cause actual results to differ significantly from expectations described in the forward-looking statements. For a discussion of such factors, please see Berkshire's most recent reports on Forms $10-\mathrm{K}$ and 10-Q filed with the Securities and Exchange Commission and available on the SEC's website at www.sec.gov.

Accordingly, you should not place undue reliance on forward-looking statements, which reflect our expectations only as of the date of this document. Berkshire does not undertake any obligation to update forward-looking statements.

## NON-GAAP FINANCIAL MEASURES

This presentation contains both financial measures based on accounting principles generally accepted in the United States ("GAAP") and non-GAAP based financial measures, which are used where management believes them to be helpful in understanding the Company's results of operations or financial position. Reconciliations of these non-GAAP financial measures to the most comparable GAAP measures are included in this presentation and the Company's earnings release available at its investor relations website at ir.berkshirebank.com. These disclosures should not be viewed as a substitute for operating results determined in accordance with GAAP, nor are they necessarily comparable to non-GAAP performance measures that may be presented by other companies. For additional information, please see reconciliation to GAAP financial measures presented in the Company's News Release.

(1) Non-GAAP financial measure.
(2) Ratios are annualized and based on average balance sheet amounts, where applicable. Quarterly data may not sum to year-to-date data due to rounding.
(3) Amortization of intangible assets is adjusted assuming a $27 \%$ marginal tax rate.
(4) The tax benefit is the direct reduction to the income tax provision due to tax credit investments.
(5) The non-interest income amortization is the reduction to the tax-advantaged investments and are incurred as the tax credits are generated.
(6) As of January 1, 2024, the Company elected the proportional amortization method for certain tax credits eliminating the need to adjust the efficiency ratio for tax credit impacts.
