

NEWS RELEASE

Stem, Inc. to Participate in Upcoming Investor Conferences

5/25/2021

MILLBRAE, Calif.--(BUSINESS WIRE)-- Stem, Inc. (NYSE: STEM), a global leader in artificial intelligence (AI)-driven clean energy storage services, today announced it will participate in the following virtual investor conferences.

- BofA Securities Clean Energy Conference, May 27, 2021
- Cowen Sustainability and Energy Transition Summit, June 9, 2021
- Goldman Sachs Solar and Storage Symposium, June 17, 2021
- JP Morgan Energy, Power & Renewables Conference, June 22, 2021

About Stem, Inc.

Stem (NYSE: STEM) provides solutions that address the challenges of today's dynamic energy market. By combining advanced energy storage solutions with Athena™, a world-class AI-powered analytics platform, Stem enables customers and partners to optimize energy use by automatically switching between battery power, onsite generation and grid power. Stem's solutions help enterprise customers benefit from a clean, adaptive energy infrastructure and achieve a wide variety of goals, including expense reduction, resilience, sustainability, environmental and corporate responsibility and innovation. Stem also offers full support for solar partners interested in adding storage to standalone, community or commercial solar projects – both behind and in front of the meter.
