

NEWS RELEASE

Stem to Participate in TD Cowen Sustainability Week Conference

5/31/2023

SAN FRANCISCO--(BUSINESS WIRE)-- Stem (NYSE: STEM), a global leader in artificial intelligence (AI)-driven clean energy software and services, today announced that members of its management team will meet with investors and participate in a fireside chat at the 2023 TD Cowen Virtual Sustainability Week Conference on Tuesday, June 6, 2023.

The fireside chat will take place on Tuesday, June 6, 2023, at 1:10 pm Eastern Time, and will be available via live webcast at <https://wsw.com/webcast/cowen135/stem/2031885> and on the Events and Presentations section of Stem's investor relations website at <https://investors.stem.com>. A webcast replay will be available on Stem's investor relations website for one year following the event.

Stem's most recent investor materials can be accessed on its Investor Relations website at <https://investors.stem.com/events-and-presentations/>.

About Stem

Stem provides clean energy solutions and services designed to maximize the economic, environmental, and resiliency value of energy assets and portfolios. Stem's leading AI-driven enterprise software platform, Athena® enables organizations to deploy and unlock value from clean energy assets at scale. Powerful applications, including AlsoEnergy's PowerTrack, simplify and optimize asset management and connect an ecosystem of owners, developers, assets, and markets. Stem also offers integrated partner solutions to help improve returns across energy projects, including storage, solar, and EV fleet charging. For more information, visit www.stem.com.
