

## Teleflex Announces European Launch of LMA SureSeal™ PreCurved

July 28, 2014

WAYNE, Pa.--(BUSINESS WIRE)--Jul. 28, 2014-- Teleflex Incorporated (NYSE:TFX), a leading global provider of medical devices for critical care and surgery, has announced the European launch of the CE marked LMA SureSeal™ PreCurved.

The LMA SureSeal PreCurved was developed from the assets acquired from Ultimate Medical and its affiliates in 2013 and benefits the LMA™ portfolio by giving customers the option of a first generation, fixed curve device for ease of insertion, with a silicone cuff for improved patient comfort.

The launch of the LMA SureSeal PreCurved is the first device to support Teleflex's strategy to grow global supraglottic airway procedural usage by expanding our LMA portfolio to include a full range of silicone laryngeal masks.

"The LMA SureSeal PreCurved is an additional, innovative and cost-effective airway management option for our customers and supports our commitment to leadership in airway management medical devices," said Jean-Luc Dianda, President, Europe, Middle East and Africa.
