

Teleflex to Showcase Key Anesthesia Products at Euroanesthesia 2018 (“ESA”) in Copenhagen

May 31, 2018

WAYNE, Pa.--(BUSINESS WIRE)--May 31, 2018-- Teleflex Incorporated (NYSE: TFX), a leading global provider of medical devices for Critical Care, Urology and Surgery, will showcase the LMA® Gastro™ Airway and other key products in its Anesthesia portfolio, together with its innovative Vascular Access platform, at the Euroanesthesia Congress in Copenhagen, Denmark on June 2 – 4, 2018.

Throughout ESA 2018, Teleflex will focus on the LMA® Gastro™ Laryngeal Mask Airway and the Arrow EZ-IO® Intraosseous Vascular Access System.

Featuring an integrated endoscope channel that provides esophageal access while allowing the Anesthetist to establish an Airway during endoscopic procedures the LMA® Gastro™ Airway is our LMA® Airway Portfolio's new family member.

The Arrow® EZ-IO® Intraosseous Vascular Access System can provide immediate interosseous access when intravenous access is difficult or impossible to obtain in emergent, urgent, or medically necessary cases. At ESA 2018, clinicians will be able to get hands on with the Arrow® EZ-IO® device.

Teleflex will also present a variety of its Arrow®, LMA® and Rüsç® Anesthesia Products, including, the LMA® Atomization range and the LMA® Laryngeal Mask Airway portfolio featuring the LMA® Protector and LMA® Supreme™ Second Generation Gastric Access Airways. A comprehensive Laryngoscope portfolio completes Teleflex's Anesthesia portfolio.

During ESA 2018, Teleflex will sponsor a Satellite Symposium entitled “Exploring NORA and preliminary results from a 7 center Protector Study”, which will be chaired by Dr. Massimiliano Sorbello from Italy. The first session entitled “NORA – An evaluation of equipment and techniques introducing LMA® GASTRO™ Airway as a novel device in endoscopic procedures”, will also be presented by Dr. Massimiliano Sorbello from Italy and the second session “Multicenter study of the LMA® Protector™ Airway in non-paralyzed patients: Preliminary results” will be presented by Dr. Matilde Zaballos from Spain. The Satellite Symposium will be held on Sunday, June 3 from 12:30 to 13:30 in Room Red 1.

About Teleflex Incorporated

Teleflex is a global provider of medical technologies designed to improve the health and quality of people's lives. We apply purpose driven innovation – a relentless pursuit of identifying unmet clinical needs – to benefit patients and healthcare providers.
