

Teleflex to Present at 44th Annual Meeting of the International Continence Society (ICS)

October 17, 2014

WAYNE, Pa.--(BUSINESS WIRE)--Oct. 17, 2014-- Teleflex Incorporated (NYSE: TFX), a leading global provider of medical devices for critical care, urology and surgery, will showcase its comprehensive bladder management product lines and incontinence care products at the 44th Annual Meeting of the International Continence Society (ICS) in Rio de Janeiro, Brazil on October 20-24, 2014.

During the event, Teleflex will present its comprehensive and diversified products for incontinence care and bladder management, including one of the broadest ranges of intermittent catheters in the industry. Teleflex's products address the needs of acute and home care settings and help to reduce the risk of nosocomial urinary tract infections.

At the meeting, Teleflex will highlight the FlocathTM product family, focusing on the Flocath QuickTM intermittent catheter, and its novel intermittent catheter concept, the Liquick Pure[®] female catheter.

The Flocath QuickTM intermittent catheter with hydrophilic coating offers advanced technology for intermittent catheterization to improve the user's independence, mobility and safety. The Liquick Pure[®] female catheter is also a hydrophilic coated catheter and is designed to enhance modern women's life styles - not only is its packaging functional and compact, but it has a cosmetic look-and-feel.
