

Teleflex to Present at 43rd Annual Meeting of the ICS (International Continence Society)

August 22, 2013

LIMERICK, Pa.--(BUSINESS WIRE)--Aug. 22, 2013-- Teleflex Incorporated (NYSE: TFX), a leading global provider of medical devices for critical care and surgery, will showcase its comprehensive bladder management product lines and incontinence care products at the 43rd ICS (Annual Meeting of the International Continence Society) in Barcelona, Spain on August 26-30, 2013.

During the event, the Company will present its comprehensive and diversified products for incontinence care and bladder management and one of the broadest ranges of intermittent catheters in the industry. The Teleflex products address the needs of acute and home care settings and help to reduce the risk of nosocomial urinary tract infections.

At the booth, the Company will highlight two novel intermittent catheter concepts. The Liquick Pure® female catheter is designed to enhance modern women's life styles - not only is its packaging functional and compact, but it has a cosmetic look-and-feel. The SafetyCat Active® catheter is an innovative catheter system providing freedom, mobility and maximum comfort. It provides a ready-to-use, pre-coated safety catheter in a convenient protective sheath. The SafetyCat Active in its modern packaging is available for women, men and children.
