

## Teleflex to Present at the 53rd European Renal, Dialysis and Transplant Congress (ERA-EDTA)

May 18, 2016

WAYNE, Pa.--(BUSINESS WIRE)--May 18, 2016-- Teleflex Incorporated (NYSE: TFX), a leading global provider of medical devices for critical care, urology and surgery, will showcase its range of interventional products at the 53<sup>rd</sup> European Renal, Dialysis and Transplant Congress in Vienna on May 21 - 24, 2016.

During the event, Teleflex will showcase the ARROW-Clark™ VectorFlow™ Hemodialysis Catheter. Designed for optimum performance, the ARROW-Clark™ VectorFlow™ Catheter (available in both retrograde and antegrade insertion platforms) is a tunneled hemodialysis catheter with symmetrical tip that is designed to reduce loss of lock solution (a contributing factor in reducing the risk of thrombus adherence), give sustained high flows, minimize recirculation and reduce the risk of platelet damage resulting from shear stress.

Teleflex will also highlight its entire Arrow® Chronic Hemodialysis Catheter portfolio, which offers both split-tip and step-tip catheters for both retrograde and antegrade insertion techniques.

The Arrow® NextStep® Retrograde and Antegrade product family consists of step-tip catheters designed for smooth, over-the-wire transitions during insertions and exchanges. These step-tip catheters also have the advantage of split-tip high flow characteristics. The Arrow® Cannon® II Plus and Arrow Edge® Products are split-tip catheters that can be tunneled using retrograde or antegrade technique, respectively.

### About Teleflex Incorporated

Teleflex is a global provider of medical technologies designed to improve the health and quality of people's lives. We apply purpose driven innovation – a relentless pursuit of identifying unmet clinical needs – to benefit patients and healthcare providers. Our portfolio is diverse, with solutions in the fields of vascular and interventional access, surgical, anesthesia, cardiac care, urology, emergency medicine and respiratory care. Teleflex employees worldwide are united in the understanding that what we do every day makes a difference. For more information, please visit [teleflex.com](http://teleflex.com).

Teleflex is the home of Arrow®, Deknatel®, Hudson RCI®, LMA®, Pilling®, Rüschi® and Weck® – trusted brands united by a common sense of purpose.

### Forward-Looking Statements

Any statements contained in this press release that do not describe historical facts may constitute forward-looking statements. Any forward-looking statements contained herein are based on our management's current beliefs and expectations, but are subject to a number of risks, uncertainties and changes in circumstances, which may cause actual results or company actions to differ materially from what is expressed or implied by these statements. These risks and uncertainties are identified and described in more detail in our filings with the Securities and Exchange Commission, including our Annual Report on Form 10-K.
