

**POLARIS INC.**  
**BOARD OF DIRECTORS**  
**AUDIT COMMITTEE CHARTER**

As amended and restated on July 27, 2023

The Board of Directors (“**Board**” and its members, “**Directors**”) of Polaris Inc. (“**Company**”) has established an Audit Committee (“**Committee**”) as a permanent standing committee with the authority, responsibility and specific duties described below.

This Charter (“**Charter**”) and the composition of the Committee are intended to comply with applicable state and federal law, including the securities laws, the rules and regulations promulgated by the Securities and Exchange Commission (“**SEC**”) and the New York Stock Exchange (“**NYSE**”) and the Company’s Bylaws. This document replaces and supersedes, in its entirety, previous charters of the Committee.

I. Purpose of Committee

The primary function of the Committee is to assist the Board in fulfilling its fiduciary responsibilities by overseeing the Company’s auditing and financial reporting and public disclosure activities. The Committee’s primary purposes include:

- Assist the Board in fulfilling their oversight responsibilities relating to (1) the integrity of the Company’s financial statements, (2) the effectiveness of the Company’s internal control over financial reporting (“**ICFR**”), (3) the Company’s compliance with legal and regulatory requirements, (4) the independent auditor’s performance, qualifications and independence and (5) the responsibilities, performance, budget and staffing of the Company’s internal audit function;
- Prepare the report that the Securities and Exchange Commission (“**SEC**”) rules require to be included in the Company’s annual proxy statement;
- Serve as an independent and objective party to monitor the Company’s financial reporting process and internal control system; and
- Provide an open avenue of communication among the independent auditor, financial and senior management, the internal auditors and the Board.

Although the Committee has the responsibilities and powers set forth in this Charter, the role of the Committee is oversight. The members of the Committee are not employees of the Company and may or may not be auditors or accountants by profession and it is not the duty or responsibility of the Committee to plan or conduct audits or to determine that the Company’s financial statements are in accordance with generally accepted accounting principles. These are the responsibilities of Company management and the independent auditor.

## II. Committee Member Qualifications, Appointment and Removal

### *Appointment and Removal.*

The Committee shall be comprised of at least three Directors (with the exact number to be determined by the Board from time to time, but in any event no fewer than the minimum number as may be required under the NYSE listing rules), each of whom shall have been elected by the Board on the recommendation of the Corporate Governance and Nominating Committee.

Once elected, each member of the Committee shall serve for such term or terms as the Board may determine and as may be further set forth in the Corporate Governance Guidelines, or until such member's resignation or death. The Board may remove any member from the Committee at any time with or without cause. Unless a Chair is elected by the full Board, the members of the Committee may designate a chair ("**Committee Chair**") by majority vote of the full Committee membership. If a Committee member desires to serve on the Committees of more than three public companies, then in each such case, the Board must determine that such simultaneous service would not impair the ability of such member to effectively serve on the Company's Committee, and such determination shall be disclosed in the Company's annual proxy statement or on the Company's website.

### *Independence*

Each member of the Committee shall have been affirmatively determined by the Board to (a) be an Independent Director, as defined in the Company's Corporate Governance Guidelines and (b) meet and comply with the independence requirements for audit committee members as set forth in the NYSE listing rules and any applicable SEC rules and regulations, including the requirements set forth in Rule 10A-3 and shall be free, in fact and appearance, from any relationship that, in the opinion of the Board, may interfere with their independence from management and the Company.

### *Financial Literacy and Expertise*

Each member of the Committee shall be financially literate, as such qualification is interpreted by the Board in its business judgment, or must be financially literate within a reasonable time after his or her appointment to the Committee. At least one member of the Committee shall have been determined by the Board in its business judgment to have accounting or financial management expertise, which qualification shall be conclusively presumed if the person is an "Audit Committee Financial Expert" as such term is defined by the SEC.

## III. Committee Structure and Operations

### *Meetings.*

The Committee shall meet in person, telephonically or by other video or electronic means as determined by the Committee Chair, at least four times annually, at a time and place determined by the Committee Chair with additional meetings as often as necessary.

The Committee shall periodically make time available during its regularly scheduled meetings to meet with management, the internal auditors and the independent auditors in separate sessions to discuss any matters that the Committee or any of these groups believe should be discussed privately.

*Quorum and Action by Committee.*

A majority of the Committee members currently holding office constitutes a quorum for the transaction of business. All determinations of the Committee shall be made by a majority of its members present at a meeting duly called and held. In lieu of a meeting, action may be taken if authorized by written action approved by all of the Committee members. Any decision or determination of the Committee reduced to writing (such as by written action) and signed by all of the members of the Committee (including by means of electronic transmission) shall be as fully effective as if such decision or determination had been made at a meeting duly called and held.

Any action taken by the Committee during a period in which one or more of the members subsequently is determined to have failed to meet the membership qualifications shall nevertheless constitute duly authorized actions of the Committee and shall be valid and effective for all purposes, except to the extent required by law or determined appropriate by the Committee to satisfy regulatory standards.

*Agenda, Minutes and Reports.*

An agenda, together with materials relating to the subject matter of each meeting and the minutes of the most recent meeting of the Committee, will be provided to members of the Committee prior to each meeting. Minutes for all meetings of the Committee shall be prepared to document the Committee's discharge of its responsibilities.

The Committee shall regularly report to the Board on the activities of the Committee and make such recommendations with respect to the above matters as the Committee may deem necessary or appropriate, including, in particular, the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the independent auditors and the Company's internal audit function.
