HNI Corporation Advances Climate Leadership

8/1/2024

MUSCATINE, Iowa--(BUSINESS WIRE)-- HNI Corporation (NYSE: HNI) today announced the installation of solar energy systems at two strategic manufacturing locations. These solar projects underscore HNI's proactive approach toward environmental responsibility, sustainability, and combating climate change.

USA Today recently recognized HNI as one of 'America's Climate Leaders' for its dedication to reducing greenhouse gas emissions, its focus on energy conservation efforts, and its commitment to renewable energy. USA Today partnered with market research firm Statista to highlight companies that significantly reduced emissions intensity (Scope 1 and 2 greenhouse gas emissions relative to revenue) between 2020 and 2022. HNI ranked number 19 out of the 450 companies graded. See **America's Climate Leaders** for more information.

"We are pleased to be recognized for the on-going efforts in our sustainability journey," said Jeff Lorenger, Chairman, President, and Chief Executive Officer. "This initiative reflects our commitment to smartly addressing sustainability across our operations."

HNI expects the new solar projects to generate solar power estimated at 2,500 MWh and offset more than 2,000 tons CO₂e annually. In addition to these solar initiatives, HNI's renewable energy focus includes renewable energy credits and power purchase agreements.
