Creating Value Thru Relentless Innovation™

ATI is a global manufacturer of technically advanced specialty materials and complex components. With 2016 revenue of $3.1 billion, our largest market (over 50% of sales) is aerospace & defense, particularly jet engines, and we have a strong presence in the oil & gas, electrical energy, medical, automotive, and other industrial markets. ATI is a market leader in manufacturing differentiated specialty alloys and forgings that require our unique manufacturing and precision machining capabilities and our innovative new product development competence. ATI produces nickel-based alloys and superalloys, titanium alloys, specialty alloys, stainless steels, and zirconium and other related alloys in many mill product forms. We also are a leader in producing nickel-based alloy and titanium-based alloy powders for use in next-generation jet engine forgings and 3D-printed products. ATIMetals.com
