

NEWS RELEASE

Jabil Announces \$1.5 Billion Share Repurchase Authorization

2026-07-15

ST. PETERSBURG, Fla.--(BUSINESS WIRE)-- **Jabil Inc.** (NYSE: JBL) today announced that its Board of Directors has authorized a share repurchase program of up to \$1.5 billion in common stock. The shares will be repurchased from time to time using various methods, including in the open market at the Company's discretion and subject to market conditions.

"Share repurchases remain one of the top priorities of Jabil's capital allocation strategy," said CEO Mike Dastoor. "This new authorization reflects our confidence in the cash-generating power of the business, the strength of our balance sheet, and our ability to invest in attractive growth opportunities while continuing to return capital to shareholders."

Since 2016, Jabil has returned approximately \$8 billion to shareholders through both share repurchases and dividends. As part of this shareholder return framework, Jabil has repurchased approximately 114 million shares at an average price of \$65.66.

"A key strength of Jabil is the diversification of our end-market portfolio," added Dastoor. "We are participating in strong secular growth areas like AI infrastructure, while also seeing improving trends and attractive growth opportunities across other areas of the portfolio. That diversity supports resilience, cash flow generation and multiple paths for long-term value creation. As we continue to execute, our focus remains consistent: profitable growth, margin expansion, capital efficiency, strong free cash flow and long-term value creation for shareholders."

Forward Looking Statements: This release contains forward-looking statements, including those regarding our anticipated capital allocation strategy. The statements in this release are based on current expectations, forecasts and assumptions involving risks and uncertainties that could cause actual outcomes and results to differ materially from our current expectations. Such factors include, but are not limited to: scheduling production, managing growth and capital expenditures and maximizing the efficiency of our manufacturing capacity effectively; managing rapid declines or increases in customer demand and other related customer challenges that may occur; our dependence on a limited number of customers; our ability to purchase components efficiently and reliance on a limited number of suppliers for critical components; risks arising from relationships with emerging companies; changes in technology and competition in our industry; our ability to introduce new business models or programs requiring implementation of new competencies; competition; transportation issues; our ability to maintain our engineering, technological and manufacturing expertise; retaining key personnel; risks associated with international sales and operations, including geopolitical uncertainties; energy price increases or shortages; our ability to achieve expected profitability from acquisitions; risk arising from our restructuring activities; issues involving our

information systems, including security issues; regulatory risks (including the expense of complying, or failing to comply, with applicable regulations; risk arising from design or manufacturing defects; risk arising from compliance, or failure to comply, with environmental, health and safety laws or regulations; risk arising from litigation; and intellectual property risk); financial risks (including customers or suppliers who become financially troubled; turmoil in financial markets; tax risks; credit rating risks; risks of exposure to debt; currency fluctuations; and asset impairment); changes in financial accounting standards or policies; risk of natural disaster, climate change or other global events; and risks arising from expectations relating to environmental, social and governance considerations. Additional factors that could cause such differences can be found in our Annual Report on Form 10-K for the fiscal year ended August 31, 2025 and our other filings with the Securities and Exchange Commission. We assume no obligation to update these forward-looking statements.
