

## NEWS RELEASE

# Jabil Posts Second Quarter Results

3/16/2022

### Raises Financial Outlook for Fiscal Year 2022

ST. PETERSBURG, Fla.--(BUSINESS WIRE)-- Today, Jabil Inc. (NYSE: JBL), reported preliminary, unaudited financial results for its second quarter of fiscal year 2022.

"The Jabil team delivered another strong quarter in Q2, highlighted by outstanding operational execution and skillful management of current supply chain dynamics," said Chairman and CEO Mark Mondello. "These actions, coupled with strong demand in key end-markets, allowed us to deliver robust financial results year-on-year," he added.

### Second Quarter of Fiscal Year 2022 Highlights:

- Net revenue: \$7.6 billion
- Diversified Manufacturing Services (DMS) year-on-year revenue growth: 4 percent
- Electronics Manufacturing Services (EMS) year-on-year revenue growth: 19 percent
- U.S. GAAP operating income: \$313 million
- U.S. GAAP diluted earnings per share: \$1.51
- Core operating income (Non-GAAP): \$344 million
- Core diluted earnings per share (Non-GAAP): \$1.68

### Third Quarter of Fiscal Year 2022 Outlook:

---

• Net revenue	\$7.9 billion to \$8.5 billion
• U.S. GAAP operating income	\$276 million to \$336 million
• U.S. GAAP diluted earnings per share	\$1.24 to \$1.64 per diluted share
• Core operating income (Non-GAAP) (1)	\$300 million to \$360 million
• Core diluted earnings per share (Non-GAAP) (1)	\$1.40 to \$1.80 per diluted share

### Fiscal Year 2022 Updated Outlook:

"I like what we're doing and where we're going. Our strong financial outlook is supported by both strong secular tailwinds and momentum in many of the end-markets we serve," continued Mondello. "As a result, we are raising

our financial outlook for the fiscal year. We now expect FY22 to deliver revenue in the range of \$32.6 billion and core EPS of approximately \$7.25," added Mondello.

---

(1) Core operating income and core diluted earnings per share exclude anticipated adjustments of \$9 million for amortization of intangibles (or \$0.06 per diluted share) and \$15 million for stock-based compensation expense and related charges (or \$0.10 per diluted share).

(Definitions: "U.S. GAAP" means U.S. generally accepted accounting principles. Jabil defines core operating income as U.S. GAAP operating income less amortization of intangibles, stock-based compensation expense and related charges, restructuring, severance and related charges, distressed customer charges, acquisition and integration charges, loss on disposal of subsidiaries, settlement of receivables and related charges, impairment of notes receivable and related charges, goodwill impairment charges and business interruption and impairment charges, net plus other components of net periodic benefit cost. Jabil defines core earnings as U.S. GAAP net income before amortization of intangibles, stock-based compensation expense and related charges, restructuring, severance and related charges, distressed customer charges, acquisition and integration charges, loss on disposal of subsidiaries, settlement of receivables and related charges, impairment of notes receivable and related charges, goodwill impairment charges, business interruption and impairment charges, net, loss (gain) on securities, income (loss) from discontinued operations, gain (loss) on sale of discontinued operations and certain other expenses, net of tax and certain deferred tax valuation allowance charges. Jabil defines core diluted earnings per share as core earnings divided by the weighted average number of outstanding diluted shares as determined under U.S. GAAP. Jabil defines adjusted free cash flow as net cash provided by (used in) operating activities less net capital expenditures (acquisition of property, plant and equipment less proceeds and advances from sale of property, plant and equipment). Jabil reports core operating income, core earnings, core diluted earnings per share and adjusted free cash flow to provide investors an additional method for assessing operating income, earnings, diluted earnings per share and adjusted free cash flow from what it believes are its core manufacturing operations. See the accompanying reconciliation of Jabil's core operating income to its U.S. GAAP operating income, its calculation of core earnings and core diluted earnings per share to its U.S. GAAP net income and U.S. GAAP earnings per share and additional information in the supplemental information.

**Forward Looking Statements:** This release contains forward-looking statements, including those regarding our anticipated financial results for our second quarter of fiscal year 2022 and our guidance for future financial performance in our third quarter of fiscal year 2022 (including, net revenue, U.S. GAAP operating income, U.S. GAAP diluted earnings per share, core operating income (Non-GAAP), core diluted earnings per share (Non-GAAP) results and the components thereof, including but not limited to amortization of intangibles and stock-based compensation expense and related charges) and our full year 2022 (including net revenue, core operating margin, core earnings per share (Non-GAAP) and free cash flow) . The statements in this release are based on current expectations, forecasts and assumptions involving risks and uncertainties that could cause actual outcomes and results to differ materially from our current expectations. Such factors include, but are not limited to: our determination as we finalize our financial results for our second quarter of fiscal year 2022 that our financial results and conditions differ from our current preliminary unaudited numbers set forth herein; the scope and duration of the COVID-19 outbreak and its impact on our operations, sites, customers and supply chain; managing growth effectively; our dependence on a limited number of customers; competitive challenges affecting our customers; managing rapid declines or increases in customer demand and other related customer challenges that may occur; risks arising from relationships with emerging companies; changes in technology; our ability to introduce new business models or programs requiring implementation of new competencies; competition; transportation issues; our ability to maintain our engineering, technological and manufacturing expertise; retaining key personnel; our

ability to purchase components efficiently and reliance on a limited number of suppliers for critical components; risks associated with international sales and operations, including geopolitical uncertainties in Russia and Ukraine; our ability to achieve expected profitability from acquisitions; risk arising from our restructuring activities; issues involving our information systems, including security issues; regulatory risks (including the expense of complying, or failing to comply, with applicable regulations; risk arising from design or manufacturing defects; and intellectual property risk); financial risks (including customers or suppliers who become financially troubled; turmoil in financial markets; tax risks; credit rating risks; risks of exposure to debt; currency fluctuations; energy prices; and asset impairment); changes in financial accounting standards or policies; and risk of natural disaster, climate change or other global events. Additional factors that could cause such differences can be found in our Annual Report on Form 10-K for the fiscal year ended August 31, 2021 and our other filings with the Securities and Exchange Commission. We assume no obligation to update these forward-looking statements.

**Supplemental Information Regarding Non-GAAP Financial Measures:** Jabil provides supplemental, non-GAAP financial measures in this release to facilitate evaluation of Jabil's core operating performance. These non-GAAP measures exclude certain amounts that are included in the most directly comparable U.S. GAAP measures, do not have standard meanings and may vary from the non-GAAP financial measures used by other companies. Management believes these "core" financial measures are useful measures that facilitate evaluation of the past and future performance of Jabil's ongoing operations on a comparable basis.

Jabil reports core operating income, core earnings, core diluted earnings per share and adjusted free cash flows to provide investors an additional method for assessing operating income, earnings, earnings per share and adjusted free cash flow from what it believes are its core manufacturing operations. Among other uses, management uses non-GAAP financial measures to make operating decisions, assess business performance and as a factor in determining certain employee performance when determining incentive compensation. The Company determines the tax effect of the items excluded from core earnings and core diluted earnings per share based upon evaluation of the statutory tax treatment and the applicable tax rate of the jurisdiction in which the pre-tax items were incurred, and for which realization of the resulting tax benefit, if any, is expected. In certain jurisdictions where the Company does not expect to realize a tax benefit (due to existing tax incentives or a history of operating losses or other factors resulting in a valuation allowance related to deferred tax assets), a reduced or 0% tax rate is applied. Detailed definitions of certain of the core financial measures are included above under "Definitions" and a reconciliation of the disclosed core financial measures to the most directly comparable U.S. GAAP financial measures is included under the heading "Supplemental Data" at the end of this release.

**Meeting and Replay Information:** Jabil will hold a conference call today at 8:30 a.m. ET to discuss its earnings for the second quarter of fiscal year 2022. To access the live audio webcast and view the accompanying slide presentation, visit the Investor Relations section of Jabil's website, located at <https://investors.jabil.com>. An archived replay of the webcast will also be available after completion of the call.

(1) In accordance with Accounting Standards Update 2017-07, Compensation - Retirement Benefits (Topic 715) ("ASU 2017-07"), pension service cost is recognized in cost of revenue and all other components of net periodic benefit cost, including return on plan assets, are presented in other expense. We are reclassifying the pension components in other expense to core operating income as we assess operating performance, inclusive of all components of net periodic benefit cost, with the related revenue. There is no impact to core earnings or diluted core earnings per share for this adjustment.
