FORM 10-Q

☒ QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended June 30, 2026

OR

☐ TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

Commission file number 001-15555

Riley Exploration Permian, Inc.
(Exact name of registrant as specified in its charter)

Delaware

(State or other jurisdiction of incorporation or organization)

29 E. Reno Avenue, Suite 500 Oklahoma City, Oklahoma
(Address of Principal Executive Offices)

87-0267438

(I.R.S. Employer Identification No.)

73104

(Zip Code)

Registrant's telephone number, including area code: (405) 415-8699

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common stock, par value \$0.001	REPX	NYSE American

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports); and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes ☒ No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer	☐	Accelerated filer	☒
Non-accelerated filer	☐	Smaller reporting company	☐
		Emerging growth company	☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). Yes ☐ No ☒

The total number of shares of common stock, par value \$0.001 per share, outstanding as of August 3, 2026, was 22,153,785.

DEFINITIONS

As used in this Quarterly Report on Form 10-Q (the "Quarterly Report"), unless otherwise noted or the context otherwise requires, we refer to Riley Exploration Permian, Inc., together with its consolidated subsidiaries, as "Riley Permian," "REPX," "the Company," "Registrant," "we," "our," or "us." In addition, this Quarterly Report includes certain terms commonly used in the oil and natural gas industry, and the following are abbreviations and definitions of certain terms used within this Quarterly Report:

Measurements.	
<i>Bbl</i>	One barrel or 42 U.S. gallons liquid volume of oil or other liquid hydrocarbons
<i>Boe</i>	One stock tank barrel equivalent of oil, calculated by converting gas volumes to equivalent oil barrels at a ratio of 6 thousand cubic feet of gas to 1 barrel of oil and by converting NGL volumes to equivalent oil barrels at a ratio of 1 barrel of NGL to 1 barrel of oil
<i>Boe/d</i>	Stock tank barrel equivalent of oil per day
<i>Btu</i>	British thermal unit. One British thermal unit is the amount of heat required to raise the temperature of one pound of water by one degree Fahrenheit
<i>MBbl</i>	One thousand barrels of oil or other liquid hydrocarbons
<i>MBoe</i>	One thousand Boe
<i>MBoe/d</i>	One thousand Boe per day
<i>Mcf</i>	One thousand cubic feet of gas
<i>MMBtu</i>	One million British thermal units
<i>MMcf</i>	One million cubic feet of gas
Abbreviations.	
<i>ARO</i>	Asset Retirement Obligation
<i>CODM</i>	Chief Operating Decision Maker as defined by the FASB under the Accounting Standards Codification 280. Together, the Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, and Chief Accounting Officer form a collaborative team that functions as the CODM.
<i>Credit Facility</i>	A credit agreement among Riley Exploration - Permian, LLC, as borrower, and Riley Exploration Permian, Inc, as parent guarantor, with Truist Bank and certain lenders party thereto, as amended
<i>ERCOT</i>	Electric Reliability Council of Texas
<i>FASB</i>	Financial Accounting Standards Board
<i>GP&T costs</i>	Gathering, processing and transportation costs
<i>NGL</i>	Natural gas liquids
<i>NMOCD</i>	New Mexico Oil Conservation Division
<i>NYMEX</i>	New York Mercantile Exchange
<i>NYSE</i>	New York Stock Exchange
<i>Oil</i>	Crude oil and condensate
<i>OPEC+</i>	Organization of the Petroleum Exporting Countries ("OPEC") members and non-OPEC allies
<i>RRC</i>	Railroad Commission of Texas
<i>SEC</i>	Securities and Exchange Commission
<i>Senior Notes</i>	The Company's unsecured 10.5% senior notes due April 2028
<i>U.S. GAAP</i>	Accounting principles generally accepted in the United States of America
<i>WTI</i>	West Texas Intermediate

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements, other than statements of historical fact, contained in this Quarterly Report that include information concerning our possible or assumed future results of operations, business strategies, need for financing, competitive position and potential growth opportunities represent management's beliefs and assumptions based on currently available information and they do not consider the effects of future legislation or regulations. Forward-looking statements include all statements that are not historical facts and can be identified by the use of forward-looking terminology such as the words "believes," "intends," "may," "should," "anticipates," "expects," "could," "plans," "estimates," "projects," "targets" or comparable terminology or by discussions of strategy or trends. Such statements by their nature involve risks and uncertainties that could significantly affect expected results, and actual future results could differ materially from those described in such forward-looking statements.

Among the factors that could cause actual future results to differ materially are the risks and uncertainties discussed under "Part I, Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Part II, Item 1A. Risk Factors" in this Quarterly Report and "Part I, Item 1A. Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2025 (the "2025 Annual Report"). We continue to face many risks and uncertainties including, but not limited to:

- the volatility of oil, natural gas and NGL prices, including basis differentials between published indices and the prices we actually receive for our production;
- regional supply and demand factors, any delays, curtailment delays or interruptions of production, and any governmental order, rule or regulation that may impose production limits;
- cost and availability of gathering, pipeline, refining, transportation, power and other midstream and downstream activities, which could result in a prolonged shut-in of our wells that may adversely affect our reserves, financial condition and results of operations;
- severe weather and other risks that lead to a lack of any available markets;
- our ability to successfully complete mergers, acquisitions or divestitures;
- the inability or failure of the Company to successfully integrate the acquired assets into our operations and development activities;
- the potential delays in the development, construction or start-up of planned projects;
- failure to realize any of the anticipated benefits of our joint ventures or other equity investments;
- risks relating to our operations, including development drilling and testing results and performance of acquired properties and newly drilled wells;
- inability to prove up undeveloped acreage and maintain production on leases;
- any reduction in our borrowing base on our Credit Facility from time to time and our ability to repay any excess borrowings as a result of such reduction;
- the impact of our derivative strategy and the results of future settlement;
- our ability to comply with the financial covenants contained in our Credit Facility and in our Senior Notes;
- changes in general economic, business or industry conditions, including changes in inflation rates, interest rates and foreign currency exchange rates;
- conditions in the capital, financial and credit markets and our ability to obtain capital needed to fund our exploration and development on favorable terms or at all;
- the loss of certain tax deductions;
- risks associated with executing our business strategy, including any changes in our strategy;
- risks associated with concentration of operations in one major geographic area;
- legislative or regulatory changes, including initiatives related to hydraulic fracturing, regulation of greenhouse gases, water conservation, seismic activity, weatherization, or protection of certain species of wildlife, or of sensitive environmental areas;
- the ability to receive drilling and other permits or approvals and rights-of-way in a timely manner (or at all), which may be restricted by governmental regulation and legislation;
- restrictions on the use of water, including limits on the use of produced water and any potential moratorium on new produced water well permits imposed by the RRC or NMOCD in an effort to control induced seismicity in the Permian Basin;

- changes in government environmental policies and other environmental risks;
- the availability of drilling equipment and the timing of production;
- tax consequences of business transactions;
- public health crises, such as pandemics and epidemics, and any related government policies and actions and the effects of such public health crises on the oil and natural gas industry, pricing and demand for oil and natural gas and supply chain logistics;
- general domestic and international economic, market and political conditions, including military conflicts, global economic growth, unpredictability of new tariffs, actions of OPEC+ countries and changes to the current political environment under the current administration;
- risks related to litigation; and
- cybersecurity threats, technology system failures and data security issues.

In light of such risks and uncertainties, we caution you not to place undue reliance on these forward-looking statements. These forward-looking statements speak only as of the date of this Quarterly Report, or if earlier, as of the date they were made. We do not intend to, and disclaim any obligation to, update or revise any forward-looking statements unless required by securities law.

RILEY EXPLORATION PERMIAN, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

(1) Nature of Business

Riley Permian is a growth-oriented, independent oil and natural gas company focused on horizontal drilling of conventional oil-saturated and liquids-rich formations in the Permian Basin that produce long-term cash flows. The majority of our acreage is located in Yoakum County, Texas, which represents our Champions field and Eddy County, New Mexico, which represents our Red Lake field.

(2) Basis of Presentation

These unaudited condensed consolidated financial statements as of June 30, 2026, and for the three and six months ended June 30, 2026, and 2025, include the accounts of Riley Permian and our consolidated subsidiaries and have been prepared in accordance with U.S. GAAP. All intercompany balances and transactions have been eliminated upon consolidation.

Certain information and footnote disclosures normally included in annual financial statements prepared in accordance with U.S. GAAP have been condensed or omitted pursuant to the rules and regulations of the SEC. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements included in the Company's 2025 Annual Report.

These condensed consolidated financial statements have not been audited by an independent registered public accounting firm. In the opinion of the Company's management, the accompanying unaudited condensed consolidated financial statements contain all adjustments necessary for fair presentation of the results of operations for the periods presented, which adjustments were of a normal recurring nature, except as disclosed herein. The results of operations for the three and six months ended June 30, 2026, are not necessarily indicative of the results to be expected for the full-year ending December 31, 2026, for various reasons, including fluctuations in prices received for oil and natural gas, natural production declines, the uncertainty of exploration and development drilling results, fluctuations in the fair value of derivative instruments, unpredictability of new tariffs, the current and future impacts of military conflicts, changes to the political environment under the current administration and other factors.

(3) Summary of Significant Accounting Policies

Significant Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in our condensed consolidated financial statements and accompanying notes. These estimates and assumptions may also affect disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period.

The Company evaluates these estimates on an ongoing basis, using historical experience, consultation with experts and other methods the Company considers reasonable in the particular circumstances. Actual results may differ significantly from the Company's estimates. Any effects on the Company's business, financial position or results of operations resulting from revisions to these estimates are recorded in the period in which the facts that give rise to the revision become known. Significant items subject to such estimates and assumptions include, but are not limited to, estimates of proved oil and natural gas reserves and related present value estimates of future net cash flows therefrom, the carrying value of oil and natural gas properties, accounts receivable, accrued capital expenditures and operating expenses, ARO, the fair value determination of acquired assets and assumed liabilities, certain tax accruals and the fair value of derivatives.

RILEY EXPLORATION PERMIAN, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Accounts Receivable, net

Accounts receivable, net is summarized below:

	June 30, 2026	December 31, 2025
	(In thousands)	
Oil, natural gas and NGL sales	\$ 58,580	\$ 31,037
Joint interest accounts receivable	11,323	6,291
Allowance for credit losses	(739)	(601)
Other accounts receivable	5	4,318
Total accounts receivable, net	<u>\$ 69,169</u>	<u>\$ 41,045</u>

As of December 31, 2024, the Company had accounts receivables, net from oil, natural gas and NGL sales of \$33.6 million.

The Company estimates uncollectible amounts based on the length of time that the accounts receivable has been outstanding, historical collection experience and current and future economic and market conditions. Allowances for credit losses are recorded as reductions to the carrying values of the accounts receivable included in the Company's condensed consolidated balance sheets and are recorded in administrative costs in our condensed consolidated statements of operations if failure to collect an estimable portion is determined to be probable.

Other Property and Equipment, net

Total oil and natural gas sales, net ⁽¹⁾	\$ 165,850	\$ 85,394	\$ 279,731	\$ 187,851

(1) The Company's oil, natural gas and NGL sales are presented net of GP&T costs. These costs, related to natural gas and NGLs, at times exceeded the price received and resulted in negative average realized prices.

Recent Accounting Pronouncements

In November 2024, the FASB issued ASU 2024-03, Income Statement (Subtopic 220-40) Reporting Comprehensive Income-Expense Disaggregation Disclosures, which broadens the disclosures required for certain costs and expenses in the Company's annual and interim consolidated financial statements. This ASU is effective prospectively for fiscal years beginning after December 15, 2026, and interim reporting periods within fiscal years beginning after December 15, 2027. The Company is currently evaluating the impact to disclosures related to our annual report for fiscal year 2027.

(4) Acquisitions and Divestitures

Silverback Acquisition

On July 1, 2025, the Company completed the acquisition of 100% of the ownership interests of Silverback Exploration II, LLC and its subsidiaries ("Silverback") which owns oil and natural gas assets and operations located primarily in the Yeso trend of the Permian Basin in Eddy County, New Mexico for approximately \$123 million, which included approximately \$120 million paid in cash and approximately \$3 million of estimated fair value related to potential earnout payments ("Silverback Acquisition"). The purchase price is subject to change pending final purchase price adjustments including the release of \$1.2 million remaining in escrow, until one year from the closing date.

The Silverback Acquisition qualified as a business combination using the acquisition method of accounting. The assets acquired and liabilities assumed were recognized at fair value as of the acquisition date. The preliminary purchase price allocation is subject to change for up to one year subsequent to the closing date of the acquisition due to final customary purchase price adjustments. The assets acquired and liabilities assumed were recognized on the consolidated balance sheet at fair value as of the acquisition date. The fair value measurements of the oil and natural gas properties acquired and ARO assumed were derived utilizing an income approach and based, in part, on significant inputs not observable in the market. These inputs represent Level 3 measurements in the fair value hierarchy and include, but are not limited to, estimates of reserves, future development, future operating costs, future cash flows and the use of weighted average cost of capital. These inputs required the use of significant judgments and estimates at the date of valuation, and use of different estimates and judgments could yield different results.

RILEY EXPLORATION PERMIAN, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

The following presents the allocation of the total purchase price of the Silverback Acquisition to the identified assets acquired and liabilities assumed based on estimated fair value as of the closing date of the acquisition:

Preliminary purchase price allocation as of June 30, 2026 (in thousands):

Consideration:	
Cash consideration paid to sellers upon closing	\$ 119,559
Preliminary estimated fair value of earnout payments	3,100
Total consideration transferred	\$ 122,659
Fair value of assets acquired:	
Cash	\$ 1,857
Accounts receivable	7,889
Prepaid expenses	313
Inventory	5,371
Current derivative assets	1,029
Oil and gas properties	140,047
Other property and equipment	602
Other non-current assets	1,421
Amount attributable to assets acquired	\$ 158,529
Fair value of liabilities assumed:	
Accounts payable	\$ 364
Accrued liabilities	1,851
Revenue payable	14,371
Asset retirement obligations	19,284
Amount attributable to liabilities assumed	\$ 35,870
Net assets acquired	\$ 122,659

Cash consideration included deposits into escrow of \$14.2 million at signing and \$6.9 million at closing for title defects. As of June 30, 2026, \$4.6 million of the closing escrow was returned to the Company, \$1.1 million was paid to the sellers and \$1.2 million remains in escrow and is reflected as funds held in escrow in our condensed consolidated balance sheets.

The Company funded the acquisition with cash on hand and borrowings under our Credit Facility.

The Company may potentially pay the sellers quarterly earnout payments of up to \$1.9 million per fiscal quarter during calendar years 2026 and 2027 if the NYMEX WTI quarterly average exceeds certain stated amounts set forth in the Purchase Agreement, ranging from \$70 to \$75 per barrel or higher. For the three months ended June 30, 2026, the average WTI was \$92.70. The Company remeasured the fair value of its earnout payment liability at June 30, 2026, for the remaining 6 quarters and, as a result of the decrease in the WTI forward strip pricing, a \$0.6 million remeasurement gain was reflected in gain (loss) on acquisitions and divestitures, net in our condensed consolidated statements of operations, inclusive of the payout of \$1.9 million, which was realized in the second quarter and subsequently paid in July 2026. For the six months ended June 30, 2026, the Company has made \$0.9 million in earnout payments and recognized a remeasurement loss of \$3.5 million. See additional information on the fair value measurement of the earnout payments in Note 7 - Fair Value Measurements.

(1) Represents sale of interest in non-operated wells.

Post-Acquisition Operating Results

The results of operations attributable to the Silverback Acquisition since the closing date of the acquisition have been included in the condensed consolidated statements of operations and include \$12.9 million and \$27.0 million of total revenues and \$5.2 million and \$13.6 million of earnings, which represents total revenues less production taxes and lease operating expenses ("LOE"), for the three and six months ended June 30, 2026, respectively.

Pro Forma Operating Results (Unaudited)

The results of operations of the Silverback Acquisition have been included in the Company's condensed consolidated financial statements since the closing date of the acquisition. The following supplemental, unaudited pro forma combined financial information for the three and six months ended June 30, 2025, reflect the consolidated results of operations of the Company as if the Silverback Acquisition had occurred on January 1, 2024. The information below reflects pro forma adjustments based on available information and certain assumptions that the Company believes are factual and supportable. The unaudited pro forma information includes adjustments for (i) transaction costs being reclassified to the first quarter of 2024 instead of being recorded in the year ended December 31, 2025, (ii) depletion, depreciation and amortization expense and (iii) interest expense related to the financing for the Silverback Acquisition. In addition, the pro forma information has been effected for income taxes with a blended statutory rate of 25.7% for the three and six months ended June 30, 2025.

	Three Months Ended June 30, 2025	Six Months Ended June 30, 2025
	(In thousands, except per share amounts)	
Total revenues	\$ 101,474	\$ 224,445
Net income	\$ 33,609	\$ 65,240
Basic net income per common share	\$ 1.59	\$ 3.09
Diluted net income per common share	\$ 1.59	\$ 3.09

The unaudited pro forma combined financial information is for informational purposes only and is not intended to represent or to be indicative of the combined results of operations that the Company would have reported had the Silverback Acquisition been completed as of January 1, 2024, and should not be taken as indicative of the Company's future combined results of operations. The actual results may differ significantly from that reflected in the unaudited pro forma combined financial information for a number of reasons, including, but not limited to, differences in assumptions used to prepare the unaudited pro forma combined financial information and actual results.

(5) Oil and Natural Gas Properties

Oil and natural gas properties, net are summarized below:

	June 30, 2026	December 31, 2025
	(In thousands)	
Proved	\$ 1,253,406	\$ 1,153,126
Unproved	148,507	155,979
Work-in-progress	67,857	25,668
Oil and natural gas properties	\$ 1,469,770	\$ 1,334,773
Accumulated depletion, amortization and impairment	(386,961)	(339,234)
Total oil and natural gas properties, net	\$ 1,082,809	\$ 995,539

Depletion expense for proved oil and natural gas properties was \$23.3 million and \$17.8 million, respectively, for the three months ended June 30, 2026, and 2025 and \$48.1 million and \$35.3 million, respectively, for the six months ended June 30, 2026, and 2025.

Exploration costs were \$1.4 million and \$0.1 million for the six months ended June 30, 2026, and 2025, respectively, and were primarily attributable to the expiration of oil and natural gas leases.

(6) Derivative Instruments

Oil and Natural Gas Contracts

The Company uses commodity based derivative contracts to reduce exposure to fluctuations in oil and natural gas prices. While the use of these contracts partially limits the downside risk for adverse price changes, their use also partially limits future revenues from favorable price changes. We have not designated our derivative contracts as hedges for accounting purposes, and therefore changes in the fair value of derivatives are included and recognized in other income (expense) in our accompanying condensed consolidated statements of operations.

RILEY EXPLORATION PERMIAN, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

As of June 30, 2026, the Company's oil and natural gas derivative contracts consisted of fixed price swaps, costless collars and basis swaps. The following table summarizes the open financial derivative positions as of June 30, 2026, related to our future oil and natural gas production:

	2026		2027				2028

Interest Rate Contracts

The Company entered into floating-to-fixed interest rate swaps, in which it will receive a floating market rate equal to one-month Chicago Mercantile Exchange Term Secured Overnight Financing Rate ("SOFR") Rate and will pay a fixed interest rate to manage future interest rate exposure related to the Company's Credit Facility.

The following table summarizes the open interest rate derivative positions as of June 30, 2026:

Open Coverage Period	Position	Notional Amount (In thousands)	Fixed Rate
July 2026 - April 2027	Long	\$ 45,000	3.90 %

Balance Sheet Presentation of Derivatives

Gain (loss) on derivatives, net	\$ 33,235	\$ 18,720	\$ (93,735)	\$ 12,870

(7) Fair Value Measurements

The FASB has established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels. Level 1 inputs are the highest priority and consist of unadjusted quoted prices in active markets for identical assets and liabilities. Level 2 are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. Level 3 are unobservable inputs for an asset or liability.

RILEY EXPLORATION PERMIAN, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

The carrying values of financial instruments comprising cash, payables, receivables and advances from joint interest owners approximate fair values due to the short-term maturities of these instruments and are classified as Level 1 in the fair value hierarchy. The carrying value reported for the Credit Facility approximates fair value because the underlying instruments are at interest rates which approximate current market rates. The fair value of the Senior Notes is based on estimates of current rates available for similar issuances with similar maturities and is classified as Level 2 in the fair value hierarchy. The oil and natural gas properties acquired and ARO assumed in the Silverback Acquisition in addition to the fair value of assets and liabilities when considered for impairment are considered Level 3 measurements.

Assets and Liabilities Measured on a Recurring Basis

The fair values of commodity derivatives and interest rate swaps are estimated using discounted cash flow calculations based on forward curves and are classified as Level 2 within the fair value hierarchy. The following table summarizes the Company's financial assets and liabilities that were accounted for at fair value on a recurring basis by level within the fair value hierarchy:

		June 30, 2026			
	Level 1	Level 2	Level 3	Total	
(In thousands)					
Financial assets:					
Commodity derivative assets	\$ —	\$ 21,650	\$ —	\$ 21,650

		December 31, 2025			
	Level 1	Level 2	Level 3	Total	
(In thousands)					
Financial assets:					
Commodity derivative assets	\$ —	\$ 31,437	\$ —	\$ 31,437	
Financial liabilities:					
Commodity derivative liabilities	\$ —	\$ (7,179)	\$ —	\$ (7,179)	
Interest rate liabilities	\$ —	\$ (149)	\$ —	\$ (149)	
Silverback earnout payment liabilities	\$ —	\$ —	\$ (3,100)	\$ (3,100)	

Silverback Earnout Payments

The earnout payments in connection with the Silverback Acquisition were valued using a Monte Carlo simulation model that incorporated forward strip pricing as of June 30, 2026. The valuation process involved modeling the potential earnout payments over numerous scenarios based on WTI futures prices. The average expected value from the simulations was then discounted using the Company's weighted average cost of debt.

During the three months ended June 30, 2026, the Company paid \$0.9 million based on the average WTI price during the first quarter. Based on the forward strip pricing as of June 30, 2026, the earnout payment liability decreased from \$7.2 million at March 31, 2026 to \$5.6 million at June 30, 2026, which includes \$1.9 million realized in the second quarter and subsequently paid in July 2026, and \$3.7 million unrealized. The fair value of the unrealized earnout payments is considered a Level 3 measurement due to the unobservable inputs including volatility and the discount rate, as well as the detailed modeling required to estimate fair value. See Note 4 - Acquisitions and Divestitures for additional information on the earnout payments. The following table summarizes the changes in the fair value of our Silverback earnout payments, in addition to the range and arithmetic average of the significant unobservable inputs used in the Level 3 fair value measurement:

RILEY EXPLORATION PERMIAN, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

	Fair Value (In thousands)	Valuation Technique	Unobservable Inputs
			WTI Futures (Arithmetic Average)
December 31, 2025	\$ (3,100)	Monte Carlo	\$56.91 - \$57.96 (\$57.23)
Loss on earnout liabilities	(4,120)		
March 31, 2026	\$ (7,220)	Monte Carlo	\$68.09 - \$98.64 (\$74.07)
Settled earnout payments	938		
Gain on earnout liabilities	635		
June 30, 2026	\$ (5,647)	Monte Carlo	\$65.63 - \$69.50 (\$67.25)

As of June 30, 2026, \$3.9 million, which includes the realized earnout liability of \$1.9 million for the second quarter of 2026, is accrued in other current liabilities and \$1.8 million is accrued in other non-current liabilities in our accompanying condensed consolidated balance sheets.

Liabilities Not Measured on a Recurring Basis

The following table summarizes the fair value and carrying amount of the Company's financial instruments:

	June 30, 2026		December 31, 2025	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
	(In thousands)			
Credit Facility (Level 2)	\$ 138,000	\$ 138,000	\$ 110,000	\$ 110,000
Senior Notes (Level 2) ⁽¹⁾	\$ 129,495	\$ 138,289	\$ 137,855	\$ 149,312

(1) The carrying value for the Senior Notes is shown net of unamortized discount and unamortized deferred financing costs.

The carrying value reported for the Credit Facility approximates fair value because the underlying instruments are at interest rates which approximate current market rates. The fair value of the Senior Notes was determined utilizing a discounted cash flow approach.

(8) Equity Method Investment

RPC Power

RPC Power LLC ("RPC Power") is our power-focused joint venture with Conduit Power LLC, in which we have 50% ownership. The Company is currently involved in two projects with RPC Power.

The first project provides a portion of our electric power needs for our field operations in our Champions field. This project consists of two sites located within the Company's operating area. The power generated and delivered by RPC Power is consumed by operating activities and not sold to the electric grid.

The second project is intended to provide power for the sale into ERCOT, the primary electric grid of Texas, with none of the generation consumed by Riley Permian ("Merchant Deal"). This project consists of four sites located outside of the Company's operating area, but in the west Texas region.

As the Company has significant influence due to our ownership percentage, but lacks control, RPC Power is accounted for as an equity method investment. In November 2024, the Company signed the Second Amendment to the A&R LLC Agreement, which increased the capital commitment for each owner from \$42.5 million to \$51.5 million. As of June 30, 2026, the Company had invested \$46.0 million in the joint venture, comprised of \$43.7 million in cash and \$2.3 million of contributed assets, which was reduced by distributions and the Company's share of losses and increased by our share of income in the joint venture.

During the six months ended June 30, 2026, the Company contributed an additional \$6.5 million to RPC Power. The Company has a remaining commitment to invest up to an additional \$5.5 million, if required, to fund our portion of the future capital budget for the RPC Power joint venture. On December 31, 2025, RPC Power declared a \$3 million dividend, of which \$1.5 million was the Company's portion. The dividend was paid in January 2026.

RILEY EXPLORATION PERMIAN, INC.

(9) Transactions with Related Parties

RPC Power

The Company is party to a 10-year agreement with RPC Toll LLC, a wholly owned subsidiary of RPC Power ("RPC Toll"), which provides for the conversion of specified quantities of natural gas to electricity to power a portion of our oilfield operations in our Champions field ("Second A&R Tolling Agreement") in exchange for fixed and variable payments to RPC Toll for the electricity provided. The Second A&R Tolling Agreement commenced in June 2024 and expires in September 2034 unless extended by the parties. The Company also entered into two ancillary agreements that run concurrently with the Second A&R Tolling Agreement. The Company pays a fixed monthly fee for RPC Power's operational expertise and a designated return for RPC Power's capital invested in electrical connections.

The Company is party to a 10-year natural gas supply agreement ("A&R Supply Agreement") with RPC Merchant LLC, a wholly owned subsidiary of RPC Power ("RPC Merchant"), to supply natural gas to fuel the natural gas generators under the Merchant Deal. The Company's commitment under the A&R Supply Agreement is contingent upon project start-up with the first of sites placed in service in May 2026. The price the Company receives for the gas volumes sold is variable which may result in negative sales prices and revenues. The remaining three sites are expected to be placed in service during the second half of 2026.

The Company incurred LOE from RPC Power of approximately \$2.1 million for the three months ended June 30, 2026, and 2025 and approximately \$4.1 million and \$3.7 million for the six months ended June 30, 2026, and 2025, respectively. As of June 30, 2026, and December 31, 2025, the Company had approximately \$0.7 million accrued for RPC Power, which was included in accrued liabilities in our accompanying condensed consolidated balance sheets. The Company incurred net payments under the A&R Supply Agreement of less than \$0.1 million for the three and six months ended June 30, 2026.

See additional information related to RPC Power in Note 8 - Equity Method Investment and Note 15 - Commitments and Contingencies for additional information on future commitments.

Consulting and Legal Fees

The Company has an engagement agreement with di Santo Law PLLC ("di Santo Law"), a law firm owned by Beth di Santo, a member of our Board of Directors, pursuant to which di Santo Law's attorneys provide legal services to the Company.

The Company incurred legal fees from di Santo Law of approximately \$0.3 million for the three months ended June 30, 2026, and 2025 and approximately \$0.6 million and \$0.7 million for the six months ended June 30, 2026, and 2025, respectively. As of June 30, 2026, and December 31, 2025, the Company had approximately \$0.1 million and \$1.7 million, respectively, in amounts accrued for di Santo Law, which was included in other current liabilities in our accompanying condensed consolidated balance sheets.

(10) Long-Term Debt

The following table summarizes the Company's outstanding debt:

	June 30, 2026	December 31, 2025
	(In thousands)	
Credit Facility	\$ 138,000	\$ 110,000
Senior Notes		
Principal	\$ 135,000	\$ 145,000
Less: Unamortized discount ⁽¹⁾	3,918	5,095
Less: Unamortized deferred financing costs ⁽¹⁾	1,587	2,050
Total Senior Notes	\$ 129,495	\$ 137,855
Total debt	\$ 267,495	\$ 247,855
Less: Current portion of long-term debt ⁽²⁾	20,000	20,000
Total long-term debt	\$ 247,495	\$ 227,855

(1) Unamortized discount and unamortized deferred financing costs are attributable to and amortized over the term of the Senior Notes.

(2) As of June 30, 2026, and December 31, 2025, the current portion of long-term debt reflects \$20 million due on the Senior Notes over the next twelve months.

Credit Facility

As of June 30, 2026, Riley Exploration - Permian, LLC, as borrower, and the Company, as parent guarantor, are parties to a credit agreement with Truist Bank and certain lenders party thereto, as amended, which provides for a Credit Facility with a borrowing base of \$425 million. On April 30, 2026, the Company entered into the eighteenth amendment to the Credit Facility, which increased the Company's borrowing base from \$400 million to \$425 million and documented the Company's election to maintain commitments thereunder at \$400 million. In addition, the eighteenth amendment shortens the springing maturity of the Credit Facility in advance of the Senior Notes from 181 days to 91 days, effectively extending the maturity date for the Credit Facility to January 2028, given the April 2028 stated maturity of the Senior Notes. Substantially all of the Company's assets are pledged to secure the Credit Facility.

The Credit Facility contains certain covenants, which, among other things, require the maintenance of (i) a total leverage ratio of not greater than 3.00 to 1.00 and (ii) a minimum current ratio of not less than 1.0 to 1.0 as of the last day of any quarter. The Credit Facility also contains a total leverage ratio for the regulation of Restricted Payments, as defined in the credit agreement after giving pro forma effect to such Restricted Payments, which includes payments to any holder of the Company's shares, would not exceed 2.50 to 1.00. If the Company's leverage ratio, after giving pro forma effect to such Restricted Payments (as defined in the Credit Agreement), is above 2.0 to 1.0, then an additional test of free cash flow is applied, and the Company will only be permitted to make such Restricted Payments if such payment does not exceed the Company's free cash flow. In addition to and after giving effect to such Restricted Payments, the availability of funds under the Company's Credit Facility must be greater than or equal to 20% of the elected commitments. The Company must maintain a minimum hedging requirement for oil based on our proved developed producing projected volumes on a rolling 24-month basis.

The following table summarizes the Credit Facility balances:

	June 30, 2026	December 31, 2025
	(In thousands)	
Outstanding borrowings	\$ 138,000	\$ 110,000
Available borrowing capacity	\$ 262,000	\$ 290,000

Senior Notes

On April 3, 2023, the Company (as issuer) completed our issuance of \$200 million aggregate principal amount of 10.50% senior unsecured notes with final maturity in April 2028 pursuant to a note purchase agreement (the "Note Purchase Agreement"), with the Senior Notes issued at a 6% discount.

RILEY EXPLORATION PERMIAN, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Interest is due and payable at the end of each quarter. In addition to interest, the Company will repay 2.50% of the original principal amount each quarter resulting in \$5 million quarterly principal payments until the maturity of the Senior Notes. As of June 30, 2026, the Company had \$20 million in current liabilities in our accompanying condensed consolidated balance sheets related to the quarterly principal payments due within the next 12 months.

After April 3, 2026, but on or prior to October 3, 2026, the Company may, at our option, redeem, at any time and from time to time some or all of the Senior Notes at 100% of the principal amount thereof plus a premium of 5.25% as set forth in the Note Purchase Agreement plus accrued and unpaid interest, if any. After October 3, 2026, the Company may redeem some or all of the Senior Notes at 100% of the principal amount thereof plus accrued and unpaid interest, if any. The principal remaining outstanding at the time of maturity is required to be paid in full by the Company. Certain note features, including those discussed above, were evaluated and deemed to be remote. Due to the remote nature, the fair value of these features was estimated to be approximately zero.

The Senior Notes contain certain covenants, which, among other things, require the maintenance of (i) a total leverage ratio of not greater than 3.00 to 1.00 and (ii) an asset coverage ratio greater than 1.50 to 1.00. The Senior Notes also contain a total leverage ratio and an asset coverage ratio for Restricted Payments, as defined in the Note Purchase Agreement. The leverage ratio, after giving pro forma effect to such Restricted Payments, cannot exceed 2.00 to 1.00, and the asset coverage ratio, after giving effect to such Restricted Payments, must be greater than or equal to 1.50 to 1.00. In addition to and after giving effect to such Restricted Payments, the availability of funds under the Company's Credit Facility must be greater than or equal to 15% of the Aggregate Elected Commitment Amount, as defined in the Note Purchase Agreement. Upon issuance of the Senior Notes, the Company must maintain a minimum hedging requirement included within the Senior Notes for oil and natural gas based on our proved developed producing projected volumes for oil and natural gas on a rolling 18-month basis.

The Senior Notes are general unsecured obligations ranking equally in right of payment with all other senior unsecured indebtedness of the Company and are senior in right of payment to all existing and future subordinated indebtedness of the Company. The Note Purchase Agreement contains customary terms and covenants, including limitations on the Company's ability to incur additional secured and unsecured indebtedness.

The following table summarizes the Company's interest expense:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2026	2025	2026	2025
	(In thousands)			
Interest expense	\$ 6,089	\$ 6,228	\$ 11,451	\$ 12,253
Interest income	(251)	(149)	(426)	(279)
Capitalized interest	(497)	(364)	(788)	(1,055)
Amortization of deferred financing costs	598	576	1,191	1,144
Amortization of discount on Senior Notes	587	615	1,176	1,229
Unused commitment fees on Credit Facility	244	265	523	540
Total interest expense, net	\$ 6,770	\$ 7,171	\$ 13,127	\$ 13,832

During the six months ended June 30, 2026, and 2025, the weighted average interest rate on the Credit Facility was 6.60% and 7.28%, respectively.

As of June 30, 2026, the Senior Notes had \$3.9 million of unamortized discount and \$1.6 million of unamortized deferred financing costs, resulting in an effective interest rate of 13.4% during the six months ended June 30, 2026. As of December 31, 2025, the Senior Notes had \$5.1 million of unamortized discount and \$2.1 million of unamortized deferred financing costs, resulting in an effective interest rate of 13.4% during the year ended December 31, 2025.

As of June 30, 2026, the Company was in compliance with all covenants contained in the Credit Agreement and Note Purchase Agreement.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

(11) Shareholders' Equity

Dividends

For the three months ended June 30, 2026, and 2025, the Company declared quarterly dividends on our common stock totaling approximately \$8.7 million and \$8.4 million, respectively. For the six months ended June 30, 2026, and 2025, the Company declared quarterly dividends on its common stock totaling approximately \$17.3 million and \$16.5 million, respectively.

Stock-Based Compensation

In May 2026, at the Company's annual meeting of stockholders, the Company's stockholders approved the Second Amended and Restated 2021 Long Term Incentive Plan (the "A&R LTIP") which increased the total number of authorized shares available for issuance by 2,800,000. As of June 30, 2026, the A&R LTIP had 2,463,326 shares remaining that are available for future awards.

In March 2025, the Company introduced performance-based restricted stock awards to further align the compensation of the Company's executive officers with the long-term growth of the Company and the interests of its shareholders. Performance stock awards may be earned based on the Company's achievement of total shareholder return ("TSR") relative to its peer group during the applicable three-year calendar year performance period. Performance stock awards granted in 2026 also included a modifier based on the Company's absolute TSR. Payouts for the executive officers can range from 0% to 200% of the target and have cliff-vesting after three years, with dividends paid on the number of shares that vest. As a result, the Company has reduced the remaining shares available to be granted as awards under the A&R LTIP by 168,406 shares for the 2025 awards and 245,642 shares for the 2026 awards (the full 200%), which assumes the highest percentage payout for the performance stock awards. The number of unvested shares of performance restricted stock used to calculate our fully diluted shares based on the Company's relative TSR ranking and absolute TSR as of June 30, 2026, and relative TSR ranking as of December 31, 2025, was 406,470 and 149,039, respectively.

The following table presents the assumptions related to performance shares granted:

	Performance Awards	
	2026	2025
Grant-date fair value	\$ 55.23	\$ 45.07
Risk-free interest rate	4.12%	4.02%
Volatility factor	48.67%	55.88%

2021 Long-Term Incentive Plan

The following table presents the Company's restricted stock activity during the six months ended June 30, 2026, under the A&R LTIP:

	Restricted Stock Awards	
	Shares	Weighted Average Grant Date Fair Value
Unvested at December 31, 2025	569,150	\$ 29.67
Granted	440,461	\$ 35.53
Vested	(186,947)	\$ 28.88
Forfeited	(2,784)	\$ 32.56
Unvested at June 30, 2026	819,880	\$ 32.99

For the three months ended June 30, 2026, and 2025, stock-based compensation expense was \$3.9 million and \$2.7 million, respectively. For the six months ended June 30, 2026, and 2025, stock-based compensation expense was \$6.2 million and \$4.1 million, respectively. Stock-based compensation expense is included in general and administrative costs in the Company's accompanying condensed consolidated statements of operations for the restricted stock awards granted under the A&R LTIP.

RILEY EXPLORATION PERMIAN, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

The following table presents unrecognized stock-based compensation expense expected to be recognized and the related weighted average recognition period associated with unvested shares as of June 30, 2026:

	Restricted Stock Awards	Performance Stock Awards
Unrecognized compensation expense (in millions)	\$ 22.2	\$ 8.6
Weighted average period for recognition (months)	26	30

Share Repurchases

In December 2025, our Board of Directors approved a stock repurchase program (the “Repurchase Program”) authorizing the repurchase of up to \$100 million of our common stock from time to time over a period of 24 months, including through open market purchases, through block trades, in privately negotiated transactions, or by other means, including through the use of trading plans, each in accordance with applicable securities laws and other restrictions. The Repurchase Program does not obligate us to purchase any common stock and may be suspended from time to time, modified, extended or discontinued by the Board at any time. Under the Repurchase Program, 25,000 and 177,408 shares were purchased and subsequently retired during the three and six months ended June 30, 2026, respectively. The remaining repurchase authority under the Repurchase Program at June 30, 2026, was \$95 million.

(12) Income Taxes

The components of the Company's consolidated provision for income taxes from operations are as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2026	2025	2026	2025
	(In thousands)			
Current income tax (benefit) expense:				
Federal	\$ (770)	\$ 4,345	\$ —	\$ 13,469
State	(130)	493	120	1,434
Total current income tax (benefit) expense	\$ (900)	\$ 4,838	\$ 120	\$ 14,903
Deferred income tax expense:				
Federal	\$ 26,842	\$ 4,466	\$ 4,468	\$ 2,666
State	1,391	400	457	374
Total deferred income tax expense	\$ 28,233	\$ 4,866	\$ 4,925	\$ 3,040
Total income tax expense	\$ 27,333	\$ 9,704	\$ 5,045	\$ 17,943

Beginning in the first quarter of 2026, the Company elected to change its interim income tax reporting methodology from the income statement method to the balance sheet method and will apply this method consistently for the remainder of the fiscal year. The change was made because of significant unrealized losses on derivative instruments recognized during the three months ended March 31, 2026, which are expected to reverse in future periods, and use of the income statement method would have caused a disproportionate amount of the related tax benefit to be recognized in the first quarter. Under the balance sheet method, interim income tax expense is based on changes in deferred tax assets and liabilities during the period, which the Company believes more appropriately reflects the allocation of the annual effective tax rate between current and deferred income tax expense. This change affects only the allocation of the interim income tax expense between current and deferred income tax expense and does not affect the Company's full-year effective tax rate or total quarterly income tax expense.

RILEY EXPLORATION PERMIAN, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

A reconciliation of the statutory federal income tax rate to the Company's effective income tax rate is as follows:

	Three Months Ended June 30,			
	2026		2025	
	Amount	Percent	Amount	Percent
	(In thousands)			
U.S federal statutory tax rate	\$ 24,088	21.0 %	\$ 8,932	21.0 %
State income taxes, net of federal income tax effect ⁽¹⁾	2,722	2.4 %	705	1.7 %
Nondeductible items:				
Nondeductible compensation	701	0.6 %	166	0.4 %
Stock-based compensation	(227)	(0.2)%	(101)	(0.3)%
Other	49	— %	2	— %
Effective income tax rate	\$ 27,333	23.8 %	\$ 9,704	22.8 %

	Six Months Ended June 30,			
	2026		2025	
	Amount	Percent	Amount	Percent
	(In thousands)			
U.S federal statutory tax rate	\$ 4,616	21.0 %	\$ 16,180	21.0 %
State income taxes, net of federal income tax effect ⁽¹⁾	513	2.3 %	1,428	1.9 %
Nondeductible items:				
Nondeductible compensation	142	0.6 %	435	0.6 %
Stock-based compensation	(240)	(1.1)%	(106)	(0.2)%
Other	14	0.1 %	6	— %
Effective income tax rate	\$ 5,045	22.9 %	\$ 17,943	23.3 %

(1) State taxes in New Mexico and Texas make up the tax effect in this category.

Cash paid for income taxes was as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2026	2025	2026	2025
	(In thousands)			
Total federal	\$ 11,720	\$ 2,900	\$ 21,720	\$ 11,900
State and local:				
New Mexico	\$ 1,892	\$ 2,020	\$ 1,892	\$ 2,020
Texas	591	864	591	864
Total state and local	\$ 2,483	\$ 2,884	\$ 2,483	\$ 2,884
Total income taxes paid	\$ 14,203	\$ 5,784	\$ 24,203	\$ 14,784

The Company's federal income tax returns for the years subsequent to December 31, 2021, remain subject to examination. The Company's income tax returns in major state income tax jurisdictions remain subject to examination for various periods subsequent to December 31, 2020. The Company currently believes that all other significant filing positions are highly certain and that all of our other significant income tax positions and deductions would be sustained under audit or the final resolution would not have a material effect on our consolidated financial statements. Therefore, the Company has not established any reserves for uncertain tax positions.

RILEY EXPLORATION PERMIAN, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

(13) Net Income Per Share

The Company calculated net income per share using the treasury stock method. The table below sets forth the computation of basic and diluted net income per share:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2026	2025	2026	2025
	(In thousands, except per share amounts)			
Net income	\$ 87,370	\$ 30,470	\$ 16,936	\$ 59,103
Basic weighted average common shares outstanding	20,937	21,141	20,903	21,126
Restricted shares	318	17	235	9
Diluted weighted average common shares outstanding	21,255	21,158	21,138	21,135
Basic net income per share	\$ 4.17	\$ 1.44	\$ 0.81	\$ 2.80
Diluted net income per share	\$ 4.11	\$ 1.44	\$ 0.80	\$ 2.80

The following shares were excluded from the calculation of diluted net income per share due to their anti-dilutive effect:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2026	2025	2026	2025
	(In thousands)			
Restricted shares	683	780	766	788

(14) Segments

The Company's oil and gas exploration and production activities are solely focused in the U.S. For financial reporting purposes, the Company aggregates our operating segments into one reporting segment due to the similar nature of these operations.

RILEY EXPLORATION PERMIAN, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Equity method investment	\$ 42,365	\$ 28,813	\$ 42,365	\$ 28,813

(1) Interest expense is shown gross of, or prior to the effect of interest income.

(2) There are no reconciling items between net income presented in our accompanying condensed consolidated statements of operations and segment net income.

(3) Capital expenditures are accrual (activity-based) before acquisitions.

(15) Commitments and Contingencies

Legal Matters

Due to the nature of the Company's business, the Company may at times be subject to claims and legal actions. The Company accrues liabilities when it is probable that future costs will be incurred, and such costs can be reasonably estimated. Such accruals are based on developments to date and the Company's estimates of the outcomes of these matters.

During the three months ended June 30, 2026, the Company received a claim from a purported working interest owner asserting rights with regard to four wells drilled on properties acquired as part of the Silverback Acquisition prior to the date of the Silverback Acquisition. The Company is in the process of investigating the claim and has asserted a claim for indemnification from the sellers in the Silverback Acquisition pending final resolution of the claim.

The Company did not recognize any material liability for legal matters as of June 30, 2026, or December 31, 2025. Management believes it is remote that the impact of such matters will have a materially adverse effect on the Company's financial position, results of operations, or cash flows.

RILEY EXPLORATION PERMIAN, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Environmental Matters

The Company is subject to various federal, state and local laws and regulations relating to the protection of the environment. These laws, which are often changing, regulate the discharge of materials into the environment and may require the Company to remove or mitigate the environmental effects of the disposal or release of petroleum or chemical substances at various sites. The Company had no material environmental liabilities as of June 30, 2026, or December 31, 2025.

Contractual Commitments

The Company is a party to a gas gathering, treating and processing agreement with Targa Northern Delaware LLC ("Targa") in Texas. Under the terms of the agreement, the Company agreed to deliver an annual minimum volume that expires the earlier of achieving a specified quantity of cumulative volumes delivered or by the contract expiration date in 2031.

The Company is party to several contracts with RPC Power, our power-focused joint venture. See Note 8 - Equity Method Investment and Note 9 - Transactions with Related Parties for additional information related to RPC Power.

The Company is party to a long-term gas purchase agreement for the Company's New Mexico field with Targa, which was amended and restated (the "A&R Gas Purchase Agreement") in connection with the Company's sale to Targa of Dovetail Midstream, LLC, a wholly owned subsidiary of the Company that held certain midstream infrastructure projects in Eddy County, New Mexico. The agreement has a quarterly minimum volume commitment for the first 5 years of the 15-year term from the in-service date, which is expected to commence in the fourth quarter of 2026.

The Company is a party to a 15-year water management services agreement ("Waterbridge Agreement") with Waterbridge Stateline LLC ("Waterbridge") to deliver a portion of its New Mexico produced water for disposal purposes within a specified dedicated area. During the first 7 years of the agreement, the Company has both annual and cumulative volume commitments to deliver minimum quantities of produced water. The in-service date is expected to be in the fourth quarter of 2026.

(16) Subsequent Events

Dividend Declaration

On July 15, 2026, the Board of Directors of the Company declared a cash dividend of \$0.40 per share of common stock payable on August 12, 2026 to our shareholders of record at the close of business on July 29, 2026.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of the Company's financial condition and results of operations should be read in conjunction with the Company's condensed consolidated financial statements and related notes thereto presented in this report as well as the Company's audited consolidated financial statements and related notes included in the Company's Annual Report for the fiscal year ended December 31, 2025. The following discussion contains "forward-looking statements" that reflect the Company's future plans, estimates, beliefs and expected performance. The Company's actual results could differ materially from those discussed in these forward-looking statements. See "Cautionary Statement Regarding Forward-Looking Statements" and "Part II, Item 1A. Risk Factors" below and the information set forth in the Risk Factors under Part I, Item 1A of the Company's Annual Report for the fiscal year ended December 31, 2025.

Overview

Riley Permian is a growth-oriented, independent oil and natural gas company focused on horizontal drilling of conventional oil-saturated and liquids-rich formations in the Permian Basin that produce long-term cash flows. The majority of our acreage is located in Yoakum County, Texas and Eddy County, New Mexico.

Our strategic business objectives include enhancing the rate of return on our invested capital, generating sustainable free cash flow, maintaining a strong and flexible balance sheet and maximizing returns to shareholders. We implement this strategy primarily through identification and capture of attractive development opportunities, optimization of our assets and pursuing complementary growth opportunities that increase our scale and meet our strategic and financial objectives.

Recent Developments

Geopolitical and Economic Conditions

Commodity prices remain volatile. General domestic and international economic, market and political conditions, including military conflicts, global economic growth, unpredictability of new tariffs, actions of OPEC+ countries and changes to the current political environment could prolong market volatility and continue to cause a decline in commodity prices.

We monitor the risk of cost pressures in specific areas of our operating expenses and capital expenditures. Our margins may be compressed if costs increase more than commodity prices and our revenues, net of derivatives. Additionally, the current interest rate environment remains sensitive to shifts in macroeconomic factors and central bank policies. Increased interest rates could have the effects of raising our cost of capital and the potential for depressing economic growth, either of which (or the combination thereof) could hurt the financial and operating results of our business.

The Company cannot estimate the length or gravity of the future impact these events will have on the Company's results of operations, financial position, liquidity and the value of oil and natural gas reserves.

Midstream Disruption

During the second quarter of 2026, certain portions of our New Mexico operations continued to experience production interruptions and curtailments resulting from third-party midstream and gas processing constraints. Following the unplanned outage at a third-party gas processing facility that began in late March 2026, we continued to experience periodic processing limitations, maintenance-related curtailments, and reduced gas takeaway capacity affecting a portion of our New Mexico production during the quarter. These events resulted in the temporary shut-in of certain wells and reduced production from impacted areas. The temporary shut-in was substantially resolved by the end of May with production resuming to normal levels for June.

The effects of these disruptions were partially mitigated by the limited geographic scope of the affected production, our ability to restore certain wells to production as processing capacity became available, and strong operating performance from our Texas assets. As a result, while the curtailments negatively impacted certain production volumes during the quarter, they did not materially affect our overall financial condition or liquidity.

We continue to monitor the reliability and capacity of third-party midstream infrastructure serving our New Mexico acreage. To mitigate the risk of future processing and takeaway constraints of the nature experienced during the period, Targa is constructing new gathering and high-pressure trunkline infrastructure in Eddy County, New Mexico pursuant to the A&R Gas Purchase Agreement. Upon completion, this infrastructure is expected to provide increased gathering, processing, and takeaway capacity that reduces our reliance on the affected third-party processing facilities. The in-service date of the new Targa pipeline

system is currently expected to occur in the fourth quarter of 2026. See Note 15 – Commitments and Contingencies for additional information.

Results of Operations

Comparison for the three and six months ended June 30, 2026, and 2025:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2026	2025	2026	2025
Revenues (in thousands):⁽¹⁾				
Oil sales, net	\$ 182,249	\$ 85,921	\$ 307,217	\$ 184,513

Daily oil production (Bbls/d)	21,242	15,187	20,702	15,403
Average Realized Prices:⁽¹⁾				
Oil (\$ per Bbl)	\$ 94.28	\$ 62.17	\$ 81.99	\$ 66.18
Natural gas (\$ per Mcf)	\$ (4.12)	\$ (0.39)	\$ (2.81)	\$ 0.16
NGLs (\$ per Bbl)	\$ (4.71)	\$ 0.75	\$ (5.53)	\$ 2.96
Average Realized Prices, including the effects of derivative settlements:⁽¹⁾⁽²⁾				
Oil (\$ per Bbl)	\$ 74.25	\$ 66.10	\$ 68.51	\$ 68.55
Natural gas (\$ per Mcf)	\$ (3.33)	\$ (0.52)	\$ (2.44)	\$ 0.08
NGLs (\$ per Bbl) ⁽³⁾	\$ (4.71)	\$ 0.75	\$ (5.53)	\$ 2.96

(1) The Company's oil, natural gas and NGL sales are presented net of GP&T costs. These costs, related to natural gas and NGLs, at times exceeded the price received and resulted in negative average realized prices.

(2) The Company's calculation of the effects of derivative settlements includes gains (losses) on the settlement of our commodity derivative contracts. These gains (losses), along with unrealized gains (losses) from changes in the fair value of derivatives, are included under other income (expense) on the Company's condensed consolidated statements of operations.

(3) During the periods presented, the Company did not have any NGL derivative contracts in place.

Oil and Natural Gas Revenues

Our revenues are derived from the sale of our oil and natural gas production, including the sale of NGLs that are extracted from our natural gas during processing. Realized prices and revenues from product sales are a function of the volumes produced, product quality, market prices, gas Btu content, as well as GP&T costs. GP&T costs are allocated across natural gas and NGLs based on revenue, which leads to heightened fluctuations in such cost allocations across periods. Our revenues from oil, natural gas and NGL sales do not include the effects of derivatives. Our revenues may vary significantly from period to period as a result of changes in the volume of production sold or changes in commodity prices. The following table presents the Company's oil and natural gas sales prior to and net of GP&T costs:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2026	2025	2026	2025
Revenues:	(In thousands)			
Oil sales, net	\$ 182,249	\$ 85,921	\$ 307,217	\$ 184,513
Natural gas sales	\$ (12,470)	\$ 2,102	\$ (15,902)	\$ 6,582
Less: GP&T costs	(889)	(2,976)	(3,816)	(5,872)

Less: GP&T costs	(18,096)	(11,457)	(38,612)	(22,298)
Oil and natural gas sales, net	<u>\$ 165,850</u>	<u>\$ 85,394</u>	<u>\$ 279,731</u>	<u>\$ 187,851</u>

Three months ended June 30, 2026, compared to three months ended June 30, 2025

The Company's total oil and natural gas sales, net increased by \$80.5 million or 94%. The following tables summarize the effects of price, volume and GP&T costs changes on our revenues from oil, natural gas and NGLs:

Oil revenues

Oil revenues increased by \$96.3 million. Our realized oil prices increased by \$32.11 per Bbl, which was the result of a \$31.08 increase in the average WTI price. Average daily oil volumes increased by 40%, primarily due to new wells turned to sales and the contribution of the Silverback Acquisition.

	(In thousands)
Oil sales, net for the three months ended June 30, 2025	\$ 85,921
Price	62,072
Volume	<u>34,256</u>
Oil sales, net for the three months ended June 30, 2026	\$ 182,249

Natural gas revenues

Natural gas revenues decreased by \$12.5 million driven by negative realized natural gas prices that more than offset an increase in production volumes. Our realized natural gas prices before GP&T costs decreased by \$4.80 per Mcf, which was the result of an increase in negative Permian basis differentials due to regional pipeline constraints in addition to a \$0.24 decrease in the average Henry Hub price.

	(In thousands)
Natural gas sales, net for the three months ended June 30, 2025	\$ (874)
Price	(15,548)
Volume	976
GP&T costs	2,087
Natural gas sales, net for the three months ended June 30, 2026	\$ (13,359)

NGL revenues

NGL revenues decreased by \$3.4 million. Our realized NGL prices before GP&T costs increased by \$2.98 per Bbl which was the result of an increase in the average Mont Belvieu prices realized. Our realized NGL prices net of GP&T costs decreased by \$5.46 primarily due to higher allocated GP&T costs when realized natural gas prices are negative.

	(In thousands)
NGL sales, net for the three months ended June 30, 2025	\$ 347
Price	1,922
Volume	3,417
GP&T costs	(8,726)
NGL sales, net for the three months ended June 30, 2026	\$ (3,040)

Six months ended June 30, 2026, compared to six months ended June 30, 2025

The Company's total oil and natural gas sales, net increased by \$91.9 million or 49%. The following tables summarize the effects of price, volume and GP&T costs changes on our revenues from oil, natural gas and NGLs:

Oil revenues

Oil revenues increased by \$122.7 million. Our realized oil prices increased by \$15.81 per Bbl, which was the result of a \$16.17 increase in the average WTI price. Daily oil volumes increased by 34%, primarily due to new wells turned to sales and the Silverback Acquisition.

	(In thousands)
Oil sales, net for the six months ended June 30, 2025	\$ 184,513
Price	59,236
Volume	63,468
Oil sales, net for the six months ended June 30, 2026	\$ 307,217

Natural gas revenues

Natural gas revenues decreased by \$20.4 million driven by negative realized natural gas prices that more than offset an increase in production volumes. Our realized natural gas prices before GP&T costs decreased \$3.75 per Mcf, which was the result of an increase in negative Permian basis differentials due to regional pipeline constraints, partially offset by a \$0.15 increase in the average Henry Hub price.

	(In thousands)
Natural gas sales, net for the six months ended June 30, 2025	\$ 710
Price	(26,309)
Volume	3,825
GP&T costs	2,056
Natural gas sales, net for the six months ended June 30, 2026	\$ (19,718)

NGL revenues

NGL revenues decreased by \$10.4 million. Our realized NGL prices before GP&T costs decreased by \$2.24, per Bbl which was the result of a decrease in the average Mont Belvieu prices realized. Our realized NGL prices net of GP&T costs decreased by \$8.49 primarily due to higher allocated GP&T costs when realized natural gas prices are negative.

	(In thousands)
NGL sales, net for the six months ended June 30, 2025	\$ 2,628
Price	(3,153)
Volume	11,127
GP&T costs	(18,370)
NGL sales, net for the six months ended June 30, 2026	\$ (7,768)

Costs and Expenses

The following table presents the Company's operating costs and expenses and other (income) expenses:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2026	2025	2026	2025
Costs and Expenses:	(In thousands)			
Lease operating expenses	\$ 29,433	\$ 18,880	\$ 53,504	\$ 37,211
Production and ad valorem taxes	\$ 11,430	\$ 6,126	\$ 20,462	\$ 12,796
Exploration costs	\$ 466	\$ 47	\$ 1,433	\$ 56
Depletion, depreciation, amortization and accretion	\$ 24,651	\$ 19,563	\$ 50,371	\$ 38,701

Income tax expense	\$ 27,333	\$ 9,704	\$ 5,045	\$ 17,943

Lease Operating Expenses ("LOE")

LOE are the costs incurred in the operation and maintenance of producing properties. Expenses for electricity, compression, direct labor, saltwater disposal and materials and supplies comprise the most significant portion of our lease operating expenses. Certain operating cost components, such as direct labor and materials and supplies, generally remain relatively fixed across broad production volume ranges, but can fluctuate depending on activities performed during a specific period. For instance, repairs to our pumping equipment or surface facilities or subsurface maintenance result in increased production expenses in periods during which they are performed. Certain operating cost components, such as saltwater disposal

associated with produced water, are variable and increase or decrease as hydrocarbon production levels and the volume of water disposal increases or decreases.

The Company's LOE increased by \$10.6 million for the three months ended June 30, 2026, compared to the three months ended June 30, 2025, primarily due to a \$6.4 million increase related to the Silverback Acquisition, a \$3.0 million increase in workover expenses to return wells to production and a \$1.2 million increase in Champions' third-party water disposal costs to align with our increased drilling pace.

The Company's LOE increased by \$16.3 million for the six months ended June 30, 2026, compared to the six months ended June 30, 2025, primarily due to a \$10.8 million increase related to the Silverback Acquisition, a \$3.1 million increase in workover expenses to return wells to production and a \$1.1 million increase in Champions' third-party water disposal costs to align with our increased drilling pace.

Production and Ad Valorem Tax Expense

Production taxes are paid on produced oil, natural gas and NGLs based on a percentage of revenues at fixed rates established by federal, state or local taxing authorities. In general, the production taxes we pay correlate to changes in our oil, natural gas and NGL revenues. We are also subject to ad valorem taxes in the counties where our production is located. Ad valorem taxes are generally based on the valuation of our oil and natural gas properties, which also trend with oil and natural gas prices and vary across the different counties in which we operate.

Production and ad valorem taxes increased by \$5.3 million for the three months ended June 30, 2026, compared to the three months ended June 30, 2025, primarily due to higher revenues from increased production volumes, including an increase in volumes from the Silverback Acquisition and higher oil prices.

Production and ad valorem taxes increased by \$7.7 million for the six months ended June 30, 2026, compared to the six months ended June 30, 2025, primarily due to higher revenues from increased production volumes, including an increase in volumes from the Silverback Acquisition and higher oil prices, partially offset by the reversal of \$0.8 million for a previously accrued liability related to the Environmental Protection Agency's waste emission charge that was nullified in the first quarter of 2025.

Depletion, Depreciation, Amortization and Accretion ("DD&A") Expense

DD&A expense is the systematic expensing of the capitalized costs incurred to acquire, explore and develop oil, natural gas and NGLs. All costs incurred in the acquisition, exploration and development of properties (excluding costs of surrendered and abandoned leaseholds, delay lease rentals, dry holes and overhead related to exploration activities) are capitalized. Capitalized costs are depleted using the units of production method.

Accretion expense relates to ARO. We record the fair value of the liability for ARO in the period in which the liability is incurred (at the time the wells are drilled or acquired) with the offset to property cost. The liability accretes each period until it is settled or the well is sold, at which time the liability is removed.

The following table presents the components of the Company's DD&A expense:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2026	2025	2026	2025
	(In thousands)			
Depletion	\$ 23,279	\$ 17,758	\$ 48,063	\$ 35,315
Accretion	1,165	1,300	1,931	2,674
Depreciation and amortization	207	505	377	712
Total DD&A expense	<u>\$ 24,651</u>	<u>\$ 19,563</u>	<u>\$ 50,371</u>	<u>\$ 38,701</u>

DD&A expense increased by \$5.1 million and \$11.7 million, respectively, for the three and six months ended June 30, 2026, compared to the three and six months ended June 30, 2025, primarily due to higher production volumes, including an increase in volumes from the Silverback Acquisition which increased depletion expense by approximately \$2.4 million and \$6.8 million, respectively.

Impairments of Oil and Natural Gas Properties

There was no impairment loss during the three and six months ended June 30, 2026. There was a non-cash impairment loss on proved properties of \$1.2 million during the three and six months ended June 30, 2025, which related to a decrease in fair value of certain properties in New Mexico outside of the Company's core acreage in the Red Lake field.

General and Administrative ("G&A") Expense

G&A expenses consist of administrative costs and stock-based compensation expense. Administrative costs include corporate overhead such as payroll and benefits for our staff, office costs, fees for professional services such as audit and legal services, technology costs, insurance and other. Stock-based compensation expense reflects costs associated with our stock granted to employees and members of our board of directors. G&A expenses are reported net of overhead recoveries.

Total G&A expense increased by \$3.8 million and \$5.4 million for the three and six months ended June 30, 2026, compared to the three and six months ended June 30, 2025, respectively, primarily due to increased headcount and higher incentive compensation.

Transaction Costs

Transaction costs represent costs incurred on successful or unsuccessful commercial transactions, business combinations or unsuccessful asset acquisitions. There were no transaction costs during the three and six months ended June 30, 2026. During the three and six months ended June 30, 2025, transaction costs of \$1.9 million primarily related to the Silverback Acquisition.

Interest Expense, net

Interest expense, net decreased by \$0.4 million and \$0.7 million, respectively, for the three and six months ended June 30, 2026, compared to the three and six months ended June 30, 2025, respectively, primarily due to lower interest rates on the Credit Facility and a lower principal balance on the Senior Notes.

Gain (Loss) on Derivatives, net

The Company recognizes settlements and changes in the fair value of our derivative contracts as a single component within other income (expense) in our condensed consolidated statements of operations. We have oil and natural gas derivative contracts, including fixed price swaps, basis swaps and collars, that settle against various indices. The following table presents the components of the Company's gain (loss) on derivatives, net:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2026	2025	2026	2025
	(In thousands)			
Settlements on derivative contracts	\$ (36,160)	\$ 5,151	\$ (47,885)	\$ 6,266
Non-cash gain (loss) on derivatives	69,395	13,569	(45,850)	6,604
Gain (loss) on derivatives, net	<u>\$ 33,235</u>	<u>\$ 18,720</u>	<u>\$ (93,735)</u>	<u>\$ 12,870</u>

Cash gains or losses on settled derivative contracts related to contracts that settle during the period and are a function of the difference in settled versus contractual prices and the associated hedged volumes for each underlying commodity. Non-cash gains or losses on derivatives relate to unsettled contracts and are a function of changes in derivative fair values associated with fluctuations in the forward price curves for the commodities relative to contractual pricing and the associated hedged volumes for each underlying commodity for our derivative contracts outstanding.

Income Tax (Benefit) Expense

Current income taxes represent the amount the Company expects to owe to federal and state tax authorities in the current period, based on our taxable income. Deferred income taxes are provided to reflect the future tax consequences or benefits of differences between the tax basis of assets and liabilities and their reported amounts in the financial statements using enacted

tax rates. See Note 12 - Income Taxes for further discussion of income taxes. Total income tax (benefit) expense is summarized below:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2026	2025	2026	2025
	(In thousands)			
Current income tax (benefit) expense	\$ (900)	\$ 4,838	\$ 120	\$ 14,903
Deferred income tax expense	28,233	4,866	4,925	3,040
Total income tax expense	<u>\$ 27,333</u>	<u>\$ 9,704</u>	<u>\$ 5,045</u>	<u>\$ 17,943</u>
Effective income tax rate	23.8%	22.8%	22.9%	23.3%

The increase in deferred income tax expense during the three months ended June 30, 2026, is primarily due to a higher non-cash benefit on derivatives. The decrease in current income tax expense was primarily attributable to higher capital spending during the six months ended June 30, 2026, compared to the six months ended June 30, 2025.

Liquidity and Capital Resources

The business of exploring for, developing and producing oil and natural gas is capital intensive. Because oil, natural gas and NGL reserves are a depleting resource, like all upstream operators, we must make capital investments to sustain and grow production. The Company's principal liquidity requirements are to finance our operations, fund capital expenditures, fund acquisitions and joint venture commitments, pay dividends and satisfy any indebtedness obligations. Cash flows are subject to a number of variables, including the level of oil and natural gas production and prices, and the significant capital expenditures required to more fully develop the Company's oil and natural gas properties. Historically, our primary sources of capital funding and liquidity have been our cash on hand, cash flow from operations, borrowings under our Credit Facility and the issuance of our Senior Notes. At times and as needed, we may also issue debt or equity securities, including through transactions under our shelf registration statement filed with the SEC. We estimate the combination of the sources of capital discussed above will continue to be adequate to meet our short and long-term liquidity needs.

Cash on hand and operating cash flow can be subject to fluctuations due to trends and uncertainties that are beyond our control. Likewise, our ability to issue equity, debt and obtain credit facilities on favorable terms may be impacted by a variety of market factors as well as fluctuations in our results of operations.

For further discussion of risks related to our liquidity and capital resources, see "Item 1A. Risk Factors."

Working Capital

Working capital represents the funds available to meet day-to-day operational needs and is the difference in our current assets and our current liabilities. Working capital is an indication of liquidity and potential need for short-term funding. The change in our working capital requirements is driven generally by changes in accounts receivable, accounts payable, commodity prices, credit extended to, and the timing of collections from customers, the level and timing of spending for expansion activity, and the timing of debt maturities. Our working capital fluctuates as our drilling and completion activity changes with periods of higher and lower activity. We utilize our Credit Facility and cash on hand to manage the timing of cash

flows and fund short-term working capital deficits. At June 30, 2026, we had \$262 million of undrawn capacity under our Credit Facility. The following table presents the components of working capital:

	June 30,	
	2026	2025
	(In thousands)	
Current Assets:		
Cash	\$ 20,686	\$ 14,026
Accounts receivable, net	69,169	35,295
Prepaid expenses	5,428	2,828
Inventory	9,029	3,685
Current derivative assets	10	11,160
Total Current Assets	\$ 104,322	\$ 66,994
Current Liabilities:		
Accounts payable	\$ 33,189	\$ 9,231
Accrued liabilities	54,531	31,198
Revenue payable	77,854	32,799
Current derivative liabilities	22,106	12
Current portion of long-term debt	20,000	20,000
Other current liabilities	24,299	11,535
Total Current Liabilities	\$ 231,979	\$ 104,775
Working Capital Deficit	\$ (127,657)	\$ (37,781)

Our working capital deficit increased by \$90 million primarily due to higher working capital required to fund our drilling program, revenue payable from higher oil prices and changes in our derivative assets and liabilities.

Cash Flows

The following table summarizes the Company's cash flows:

	Six Months Ended June 30,	
	2026	2025
	(In thousands)	
Net cash provided by operating activities	\$ 110,676	\$ 84,021
Net cash used in investing activities	\$ (101,650)	\$ (70,457)
Net cash used in financing activities	\$ (6,229)	\$ (12,662)

Operating Activities

Net cash provided by operating activities were \$110.7 million for the six months ended June 30, 2026, compared to \$84.0 million for the six months ended June 30, 2025, and primarily consisted of the following:

	Six Months Ended June 30,	
	2026	2025
	(In thousands)	
Total revenues, net	\$ 279,731	\$ 187,851
Operating expenses ⁽¹⁾	\$ (90,860)	\$ (65,616)
Advances from joint interest owners	\$ 10,233	\$ (8,813)
Settlements on derivative contracts	\$ (47,885)	\$ 6,266
Interest paid, net of capitalized interest	\$ (11,307)	\$ (11,187)
Income tax liabilities paid	\$ (24,203)	\$ (14,784)

(1) Operating expenses include LOE, production and ad valorem taxes, administrative costs, transaction costs and other miscellaneous operating expenses.

The increase in net cash provided by operating activities was primarily due to higher revenues from increased production and higher oil prices, along with an increase in advances from joint interest owners, partially offset by higher operating expenses associated with increased production and derivative settlement losses resulting from higher oil prices.

Investing Activities

Net cash flows used in investing activities were \$101.7 million for the six months ended June 30, 2026, compared to \$70.5 million for the six months ended June 30, 2025, and primarily consisted of the following:

	Six Months Ended June 30,	
	2026	2025
	(In thousands)	
Additions to oil and natural gas properties	\$ (96,864)	\$ (40,938)
Additions to midstream property and equipment ⁽¹⁾	\$ (1,410)	\$ (6,294)
Acquisitions of oil and natural gas properties	\$ (4,824)	\$ (2,138)
Proceeds from divestitures	\$ 8,206	\$ —
Contributions to equity method investment	\$ (6,500)	\$ (6,250)
Funds held in escrow	\$ —	\$ (14,201)

(1) These additions and corresponding assets were sold as part of the sale of our midstream assets to Targa in 2025.

Capital expenditures for oil and natural gas properties increased by \$55.9 million due to an increase in drilling and completion activity and an increase in infrastructure investments. Funds held in escrow relate to the Silverback Acquisition, which closed on July 1, 2025.

Financing Activities

Net cash flows used in financing activities were \$6.2 million for the six months ended June 30, 2026, compared to \$12.7 million for the six months ended June 30, 2025, and primarily consisted of the following:

	Six Months Ended June 30,	
	2026	2025
	(In thousands)	
Proceeds from Credit Facility, net	\$ 28,000	\$ 14,000
Repayments of Senior Notes	\$ (10,000)	\$ (10,000)
Payment of cash dividends	\$ (17,038)	\$ (16,121)
Repurchase of common shares	\$ (4,902)	\$ —
Repurchase of common shares for tax withholding and other	\$ (1,871)	\$ (377)

Net borrowings increased by \$14 million, partially offset by the repurchase of common shares of \$5 million and an increase in repurchases of common shares for tax withholding of 1.5 million.

Credit Facility and Senior Notes

On April 30, 2026, the Company entered into the eighteenth amendment to the Credit Facility, which increased the Company's borrowing base from \$400 million to \$425 million and documented the Company's election to maintain commitments thereunder at \$400 million. In addition, the eighteenth amendment shortens the springing maturity of the Credit Facility in advance of the Senior Notes from 181 days to 91 days, effectively extending the maturity date for the Credit Facility to January 2028, given the April 2028 stated maturity of the Senior Notes.

The Credit Facility and Senior Notes had a principal balance of \$138 million and \$135 million, respectively, as of June 30, 2026.

See further discussion in Note 10 - Long-Term Debt for additional information.

Dividends

For the six months ended June 30, 2026, the Company recognized quarterly dividends totaling approximately \$17.3 million, with \$17.0 million paid in cash and \$0.3 million accrued for the holders of unvested restricted stock awards.

Contractual Obligations

As of June 30, 2026, the Company had a remaining volume commitment that expires the earlier of achieving a specified quantity of cumulative volumes delivered or by the contract expiration date in 2031 with Targa, formerly Stakeholder Midstream, LLC, in Texas. The Company also had natural gas delivery commitments under the A&R Tolling Agreement and a remaining equity commitment under the Second Amendment to the A&R LLC Agreement to fund our portion of the capital budget for the RPC Power joint venture. The Company also entered into the A&R Gas Purchase Agreement that required an acreage dedication and a minimum volume commitment to Targa for a significant portion of our natural gas production in New Mexico. This agreement is expected to commence in the fourth quarter of 2026. In addition, the Company entered into the Waterbridge Agreement, which includes minimum produced water volume commitments for a portion of our New Mexico operations and is expected to be in service in the fourth quarter of 2026. See Note 15 - Commitments and Contingencies for additional information.

Critical Accounting Estimates

The Company's critical accounting estimates are described in "Critical Accounting Estimates" within "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations" and Note 1 of the Notes to the Consolidated Financial Statements in the 2025 Annual Report. The accounting estimates used in preparing our interim condensed consolidated financial statements for the six months ended June 30, 2026, are the same as those described in the 2025 Annual Report.

See Note 3 - Summary of Significant Accounting Policies in the Company's consolidated financial statements in "Item 15. Exhibits and Financial Statement Schedules" in the 2025 Annual Report for a full discussion of our significant accounting policies.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

The primary objective of the following information is to provide both quantitative and qualitative insights into our exposure to market risk. Market risk refers to the potential for financial loss arising from adverse changes in commodity prices and interest rates. These disclosures are not intended to serve as precise forecasts of future losses, but rather to offer a framework for understanding reasonably possible risks. The forward-looking information presented reflects our approach to managing and mitigating market risk exposure within the context of our ongoing operational and financial strategy. All of our market risk sensitive instruments were entered into for purposes other than speculative trading.

Commodity Price Risk

Our results of operations and cash flows are highly sensitive to fluctuations in the prices of crude oil, natural gas and NGLs. The volatility in these prices is influenced by various factors, including market conditions, geopolitical events, supply-demand imbalances, regulatory changes and other external factors outside of the Company's control. To partially reduce the impact of price volatility on our revenues and cash flows, we utilize commodity-based derivative contracts.

See Note 6 - Derivative Instruments and Note 7 - Fair Value Measurements for a full discussion of our commodity-based derivative contracts and the fair value measurements associated with our derivatives, respectively.

For the six months ended June 30, 2026, oil and natural gas sales, net was \$279.7 million, excluding any effect of our derivative contracts. Oil and natural gas sales, net would have increased or decreased by approximately \$37.0 million if there was a 10% change in index pricing. As of June 30, 2026, the fair value of our oil and natural gas derivative contracts was a net liability of \$22 million. A 10% change in the forward curves associated with our oil and natural gas derivative contracts would have changed our net position by approximately \$43 million.

Interest Rate Risk

Our business is subject to the effects of market interest rates. These interest rates are influenced by macroeconomic factors such as inflation, consumer spending and federal reserve monetary policy. Interest rate risk could increase our cost of capital and potentially slow economic growth, either of which (or the combination thereof) could hurt the financial and operating results of our business. We are also exposed to market risk related to changes in interest rates on our indebtedness under our Credit Facility. To mitigate this risk, the Company utilizes interest rate derivative contracts to partially reduce exposure to interest rate fluctuations.

See Note 10 - Long-Term Debt and Note 6 - Derivative Instruments for a full discussion of our long-term debt and interest rate derivative contracts, respectively.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

Our management establishes and maintains disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) that are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms. Such information is accumulated and communicated to our management, including our Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), as appropriate, to allow timely decisions regarding required disclosure. We evaluated the effectiveness of our disclosure controls and procedures as of June 30, 2026, with the participation of our CEO and CFO, as well as other key members of our management. Based on this evaluation, our CEO and CFO concluded that our disclosure controls and procedures were effective as of June 30, 2026.

Changes in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting during the three months ended June 30, 2026, that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

From time to time, we may be involved in various legal proceedings and claims in the ordinary course of business. The ultimate outcome of any such proceedings or claims, and any resulting impact on us, cannot be predicted with certainty. The Company believes that the amount of the liability, if any, ultimately incurred with respect to any such proceedings or claims will not have a material adverse effect on our financial condition, liquidity, capital resources, results of operations or cash flows.

Refer to "Part I, Item 3 - Legal Proceedings" of the 2025 Annual Report, and "Part I, Item 1. Note 15 - Commitments and Contingencies" in the notes to the unaudited condensed consolidated financial statements set forth in this Quarterly Report (which is incorporated by reference herein) for additional information.

Item 1A. Risk Factors

In addition to the information set forth in this Quarterly Report, the risks that are discussed in the Company's Annual Report on Form 10-K for the year ended December 31, 2025, under the headings "Part I, Item 1 and 2. Business and Properties," "Part II, Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Part I, Item 1A. Risk Factors" and in "Part II, Item 1A. Risk Factors" of our subsequently filed Quarterly Report should be carefully considered, as such risks could materially affect the Company's business, financial condition or future results. There have been no material changes in the Company's risk factors from those that were described in the Company's 2025 Annual Report and subsequently filed Quarterly Report.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Issuer Repurchases of Equity Securities

In December 2025, our Board of Directors approved the Repurchase Program authorizing the repurchase of up to \$100 million of our common stock from time to time over a period of 24 months, including through open market purchases, through block trades, in privately negotiated transactions, or by other means, including through the use of trading plans, each in accordance with applicable securities laws and other restrictions. The Repurchase Program does not obligate us to purchase any common stock and may be suspended, modified, extended or discontinued by the Board at any time. During the three and six months ended June 30, 2026, 25,000 and 177,408 shares were purchased, for \$0.9 million and \$4.9 million, respectively, at a weighted average price of \$34.13 and \$27.61 per share under the Repurchase Program. The remaining repurchase authority under the Repurchase Program at June 30, 2026, was \$95 million.

We also receive shares from employees for the payment of personal income tax withholding upon vesting of stock-based compensation transactions. The acquisition of the surrendered shares is not part of our Repurchase Program to repurchase shares of our common stock. Any shares repurchased by the Company for personal tax withholdings are immediately retired upon repurchase.

Our common stock repurchase activity during the second quarter of 2026 was as follows:

Month Ended	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plan or Programs	Maximum Number (or Approximate Dollar Value) of Shares that May Yet Be Purchased Under the Plan or Programs
April 30	50,964	\$ 35.65	—	\$ 95,954,918
May 31	15,000	\$ 34.47	15,000	\$ 95,437,903
June 30	10,000	\$ 33.62	10,000	\$ 95,101,692

Item 5. Other Information

During the quarter ended June 30, 2026, none of our directors or officers (as defined in Rule 16a-1(f) of the Exchange Act) adopted or terminated a "Rule 10b5-1 trading arrangement" or "non-Rule 10b5-1 trading arrangement," as each term is defined in Item 408 of Regulation S-K.

Item 6. Exhibits

Exhibit Number	Description
2.1	Securities Purchase Agreement dated May 3, 2025, by and between Silverback Legacy, LLC and Silverback Blocker, LLC, as Seller, and Riley Exploration - Permian, LLC, as Purchaser (incorporated by reference to Exhibit 2.1 of the Registrant's Current Report on Form 8-K filed with the Securities and Exchange Commission on May 7, 2025).
2.2	Purchase and Sale Agreement dated December 3, 2025, by and between Riley Exploration - Permian, LLC and Targa Northern Delaware LLC (incorporated by reference from Exhibit 2.1 to the Registrant's Current Report on Form 8-K, as filed with the Securities and Exchange Commission on December 4, 2025).
3.1	First Amended and Restated Certificate of Incorporation of Riley Exploration Permian, Inc. (incorporated by reference to Exhibit 4.1 to the Registrant's Registration Statement on Form S-8 filed with the Securities and Exchange Commission on March 1, 2021, Registration No. 333-253750).
3.2	Third Amended and Restated Bylaws of Riley Exploration Permian, Inc. (incorporated by reference to Exhibit 3.1 to the Registrant's Current Report on Form 8-K filed with the Securities and Exchange Commission on September 23, 2022).
4.1	Description of Registrant's Securities (incorporated by reference to Exhibit 4.1 to the Registrant's Annual Report on Form 10-K, as filed with the Securities and Exchange Commission on March 6, 2024).

CERTIFICATION

I, Bobby Riley, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Riley Exploration Permian, Inc. for the quarter ended June 30, 2026.
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
