Forward-Looking Statements

This presentation contains or may be deemed to contain forward-looking statements (as defined in the U.S. Private Securities Litigation Reform Act of 1995 and the Israeli Securities Law, 1968). In some cases, you can identify these statements by forward-looking words such as “may,” “might,” “will,” “should,” “expect,” “plan,” “anticipate,” “believe,” “estimate,” “predict,” “potential” or “continue,” the negative of these terms and other comparable terminology. These forward-looking statements, which are subject to risks, uncertainties and assumptions about the Company, may include projections of the Company’s future financial results, its anticipated growth strategies and anticipated trends in its business as well as its intended dividend policy. These statements are only predictions based on the Company’s current expectations and projections about future events or results. There are important factors that could cause the Company’s actual results, level of activity, performance or achievements to differ materially from the results, level of activity, performance or achievements expressed or implied by the forward-looking statements. Factors that could cause such differences include, but are not limited to: market changes in freight, bunker, charter and other rates or prices, new legislation or regulation affecting the Company’s operations, new competition and changes in the competitive environment, the outcome of legal proceedings to which the Company is a party, and other risks and uncertainties detailed from time to time in the Company’s filings with the U.S. Securities and Exchange Commission, including under the caption “Risk Factors” in its 2021 Annual Report.

Although the Company believes that the expectations reflected in the forward-looking statements contained herein are reasonable, it cannot guarantee future results, level of activity, performance or achievements. Moreover, neither the Company nor any other person assumes responsibility for the accuracy and completeness of any of these forward-looking statements. The Company assumes no duty to update any of these forward-looking statements after the date hereof to conform its prior statements to actual results or revised expectations, except as otherwise required by law.

The Company prepares its financial statements in accordance with International Financial Reporting Standards (IFRS), as issued by the International Accounting Standards Board (IASB).

Use of non-IFRS financial measures

The Company presents non-IFRS measures as additional performance measures as the Company believes that it enables the comparison of operating performance between periods on a consistent basis. These measures should not be considered in isolation, or as a substitute for operating income, any other performance measures, or cash flow data, which were prepared in accordance with Generally Accepted Accounting Principles as measures of profitability or liquidity. Please note that Adjusted EBITDA does not take into account debt service requirements, or other commitments, including capital expenditures, and therefore, does not necessarily indicate the amounts that may be available for the Company’s use. In addition, Non-IFRS financial measures, as those presented by the Company, may not be comparable to similarly titled measures reported by other companies, due to differences in the way these measures are calculated.

Adjusted EBITDA: net income (loss) adjusted to exclude financial expenses (income), net, income taxes, depreciation and amortization in order to reach EBITDA, and further adjusted to exclude impairment of assets, non-cash charter hire expenses, capital gains (losses) beyond the ordinary course of business and expenses related to legal contingencies.

Adjusted EBIT: net income (loss) adjusted to exclude financial expenses (income), net and income taxes, in order to reach our results from operating activities, or EBIT, and further adjusted to exclude impairment of assets, non-cash charter hire expenses, capital gains (losses) beyond the ordinary course of business and expenses related to legal contingencies.

Free cash flow: net cash generated from operating activities minus capital expenditures, net.

Total cash position: includes cash and cash equivalents and investments in bank deposits and other investment instruments.

Net leverage ratio: net debt (defined above) divided byAdjusted EBITDA of the last twelve-month period.
Outperform the market and lead in EBIT margin

By delivering innovative shipping to loyal customers with outstanding digital service and a personal touch

Leverage Big Data & AI to Improve Profitability and Establish New Growth Engines

Front-end and back-end platforms and applications to propel profitability by supporting ease of doing business and optimizing cargo mix; leveraging technology to enable operational and commercial excellence

- **ZIM.com**
- **eZIM**
- **eZQuote**
- **ZIMApp**
- **myZIM**

**ZIMPulse**
Online KPI analytics tool

**Hive**
Yield management platform enabling instant cargo selection and booking acceptance

**ZIMPro**
Cloud based analytics tool to focus on more profitable customers in specific trades

**Lead-to-Agreement**
Manages commercial agreements and streamlines communications internally and with customers

**ZIMGuard™**
eB/L blockchain solution
AI system to detect possible misdeclarations of dangerous cargo

Digital initiatives and technological partnerships fueled by Israeli start-ups to promote disruptive innovation within the industry eco-system; leverage core assets to serve as growth engines

**SHIP4WD**
Digital freight forwarder

**Cyberstar**
Cyber security consulting company

**ZIMARK**
New generation scanning technology
Focus on ESG as a Core Value
LNG Fleet will Position ZIM Among the Lowest Carbon Intensity Operators

3 strategic long-term charter agreements

10 x 15,000 TEU vessels
  • Ideally designed to serve on the Asia to US East Coast trade
  • Delivery: Feb 2023 through Jan 2024

18 x 7,000 TEU vessels*
  • Versatile, serve various global & regional trades
  • Delivery: Q4 2023 through 2024

Investment in “green” LNG dual-fuel vessels

Cleanest technology available
Significant benefits compared to existing fossil fuels:

- Up to 25% less CO₂ emissions
- 99% less Sulphur emissions (SOX)
- 85% less Nitrogen oxides emissions (NOX)

Assist customers in reducing carbon footprint

In 2024 approx. 40% of operated fleet will be LNG-fueled creating a key commercial differentiation

*15 x 7,000 TEU vessels secured through a 12-year charter agreement with Seaspan and 3 x 7,000 TEU vessels secured through an 8-year charter agreement with a Kenon Holdings-related entity
2021: Exceptional Operational and Financial Results

- **Operated capacity**\(^{(1)}\): ~20% increase from January 2021 to March 2022.
- **Container fleet**\(^{(1)}\): ~35% increase in 2021 year-over-year.
- **Carried volume**\(^{(2)}\): ~23% increase.
- **Newbuild vessels**\(^{(3)}\): (318K TEUs) to be delivered in 2023 and 2024.

Achieved record financial results and industry leading margins.

Distributed $21.50/share in dividends since IPO.

---

\(^{(1)}\) Increase from January 2021 to March 2022; \(^{(2)}\) Increase in 2021 year-over-year; \(^{(3)}\) Newbuild vessels to be delivered in 2023 and 2024.
Consistent Earnings Growth and Continued Deleveraging

* LTM Adjusted EBITDA was adjusted to simulate IFRS 16 impact during periods prior to January 1, 2019, based on actual IFRS 16 impact in periods following its implementation.
Capital Allocation Priorities

**Secure core fleet**
Long-term charter agreements

**Investment in equipment**

**Targeted M&A**
Focus on growth markets in Southeast Asia and LATAM

**Return capital to shareholders**
Quarterly distributions of ~20% of quarterly net income (Q1-Q3) with cumulative annual dividend to total 30-50% of annual net income*

* Cumulative annual dividend of 30-50% of annual net income includes interim dividends paid during first three quarters of the year; all future dividend distributions are subject to Board approval and restrictions provided by Israeli law
2022 Full-Year Guidance (provided March 9, 2022)

Adjusted EBITDA
$7.1 – 7.5 Bn

Adjusted EBIT
$5.6 – 6.0 Bn

Average freight rates in 2022 higher than 2021; gradual decline of spot rates in 2H'22; contract rates – significantly higher than 2021

Volume growth inline with market growth

Average bunker rates in 2022 higher than 2021

Charter rates remain stable in 2022; limited exposure to fluctuations in charter rates in 2022
Major Milestones Since IPO (January 2021)

Jan-2021
Completed $225 million IPO on NYSE, first global container liner to list in the U.S.

Feb-2021
Concluded long-term charter agreement for 10x15,000 TEU newbuild LNG-fueled vessels

Mar-2021
Concluded additional round of investment in WAVE BL, a leading provider of electronic B/L blockchain solution

Apr-2021
Launched ZIMARK to provide next-generation scanning solutions for the logistics and supply chain sectors

Apr-2021
Announced full early redemption of $349 million of Series 1 and 2 notes

May-2021
Declared $2.0/share special dividend, first dividend as public company

June-2021
Completed secondary offering of ~8 million shares by certain shareholders of the company

July-2021
Concluded long-term charter agreement for 10x7,000 TEU newbuild LNG-fueled vessels (exercised option for 5 additional vessels in Sept-2021)

Sept & Oct-2021
Purchased 8 secondhand vessels

Oct-2021
Launched Ship4wd, a new digital freight forwarding company

Nov-2021
Announced transition to quarterly dividend policy & declared $2.5/share Q3.21 interim dividend

Jan-2022
Concluded long-term charter agreement for 3x7,000 TEU newbuild LNG-fueled vessels

Feb-2022
Concluded charter agreement for 8x5,300 TEU newbuild vessels

Feb-2022
Extended collaboration agreement with 2M on USEC and USGC
