ST. LOUIS--(BUSINESS WIRE)--Dr. Scholl's Shoes and Anthropologie, two brands known for their authentic and effortless take on design, have come together to offer a capsule collection this Spring. Four exclusive styles will be released in April, just in time for sandal season.

This carefully-curated collection offers just the right touches of modern and edgy prints combined with vintage-inspired silhouettes. Shoppers can find the limited-edition styles at select Anthropologie retail stores and online at both drschollssshoes.com and anthropologie.com.

The line includes the Enya wedge sandal, a nod to the iconic Dr. Scholl's Original Exercise Sandal with a contemporary twist. The Enya features a new take on the iconic wood bottom and an embroidered mesh or blue dye strap. The Wilde is a feminine city sandal with an artisan stripe and on-trend tassel. Lastly, the Scout slip-on is a fan-favorite modern, sporty silhouette in a chic grey suede and marble finish.

Dr. Scholl's and Anthropologie first partnered in 2015 and have continuously worked together since that time.

"It's been a successful partnership as we share core customers who love brands known for their casual elegant aesthetic with whimsical and inspired details. The styles we will offer this spring fit that bill and are the perfect natural next step together," said Katie Moore, senior designer, Dr. Scholl's Shoes.
