2024 INVESTOR
PRESENTATION

Fourth Quarter 2024

NASDAQ: SKYT

SkyWater Technology Forward-Looking Statements

This presentation and the accompanying oral presentation, including answers to questions, contains “forward-looking” statements within the meaning of the Private Securities Litigation Reform Act of 1995, including statements that are based on the Company’s current expectations or forecasts of future events, rather than past, events and outcomes, and such statements are not guarantees of future performance. Forward-looking statements include all statements other than statements of historical fact contained in this presentation, including information or predictions concerning the Company’s future business, results of operations, financial performance, plans and objectives, competitive position, market trends, and potential growth and market opportunities. In some cases, you can identify forward-looking statements by words such as “intends,” “estimates,” “predicts,” “potential,” “continues,” “anticipates,” “plans,” “expects,” “believes,” “should,” “could,” “may,” “will,” “targets,” “projects,” “seeks” or the negative of these terms or other comparable terminology.

Forward-looking statements are subject to risks, uncertainties and assumptions, which may cause the Company’s actual results, performance or achievements to be materially different from those expressed or implied by such forward-looking statements. Key factors that could cause the Company’s actual results to be different than expected or anticipated include, but are not limited to: our goals and strategies; our future business development, financial condition and results of operations; our ability to continue operating our sole semiconductor foundry at full capacity; our ability to appropriately respond to changing technologies on a timely and cost-effective basis; our customer relationships and our ability to retain and expand our customer relationships; our ability to accurately predict our future revenues for the purpose of appropriately budgeting and adjusting our expenses; our expectations regarding dependence on our largest customers; our ability to diversify our customer base and develop relationships in new markets; the performance and reliability of our third-party suppliers and manufacturers; our ability to procure tools, materials, and chemicals amid industry-wide supply chain shortages; our ability to control costs, including our operating and capital expenses; the size and growth potential of the markets for our solutions, and our ability to serve and expand our presence in those markets; the level of demand in our customers’ end markets; our ability to attract, train and retain key qualified personnel in a competitive labor market; adverse litigation judgments, settlements or other litigation-related costs; changes in trade policies, including the imposition of tariffs; our ability to raise additional capital or financing; our ability to accurately forecast demand; changes in local, regional, national and international economic or political conditions, including those resulting from rising inflation and interest rates, a recession, or intensified international hostilities; the level and timing of U.S. government program funding; our ability to maintain compliance with certain U.S. government contracting requirements; regulatory developments in the United States and foreign countries; our ability to protect our intellectual property rights; our ability to meet our long-term growth targets; and other factors discussed in Item 1A. “Risk Factors” for our Annual Report on Form 10-K for the year ended December 31, 2023 filed with the SEC on March 15, 2024 and in other documents that the Company files with the SEC, which are available at <http://www.sec.gov>. The Company assumes no obligation to update any forward-looking statements, which speak only as of the date of this presentation.

SkyWater Minnesota

BLOOMINGTON, MN

FOCUS

- Advanced Technology Development
- Chip Fabrication

OPERATION

- Most advanced lithography for 200mm production
- 130nm and 90nm device nodes
- 91,000ft² Cleanroom (Class 10 + SMIF)

SkyWater Florida

KISSIMMEE, FL

FOCUS

- Advanced Packaging

OPERATION

- 200mm and 300mm equipment
- Three advanced packaging platforms
- 35,400ft² Cleanroom (Class 1,000 & Class 10,000)

skywater

\$35 million in new funding announced

\$16 million through the CHIPS
for America Program

\$19 million through the
Minnesota Forward Fund

Benefits

30% increase in capacity

70 new jobs

Facility modernization

Total outside CapEx co-Investment of \$350 million

skywater

We streamline the concept to production journey.

TECHNOLOGY AS A SERVICE (TaaS)

ADVANCED TECHNOLOGY SERVICES

Enable co-creation of differentiated solutions which are the unique expression of the combined customer/SkyWater multi-disciplinary technology teams.

WAFER SERVICES

Supply customers with ICs and microdevices for commercial or mission ready products.

A&D Growth Drivers

Thermal Imaging

CATEGORY DRIVERS

- Expanded use cases for infrared cameras
- Transition to higher resolution and dynamic range camera systems

TARGET APPLICATIONS:

Thermal Imaging for

- Guided weapons
- Night vision systems
- Remote sensing
- Early threat detection

High Reliability CMOS

CATEGORY DRIVERS

- Nuclear refresh
- Commercialization of space
- Hardened mission system across categories

TARGET APPLICATIONS:

- FPGAs for avionic systems
- ASICs for hardened embedded electronics

Trusted/Secure Technology

CATEGORY DRIVERS

- Assured domestic supply
- Technology innovation
- Security protocol to meet Trusted and Secure requirements

TARGET APPLICATIONS:

- Various mission systems

Targeting High-Potential Commercial Markets

NEXT-GENERATION MEDICAL

CATEGORY DRIVERS

- Increasing societal healthcare expenditure rates
- Rise of preventive/individualized medicine and early detection

TARGET APPLICATIONS: BioMEMS for

- Lab-on-Chip for Point of Care
- Genetic/Protein Sequencing
- Assay Development
- Drug Discovery

ADVANCED COMPUTE

CATEGORY DRIVERS

- Accelerating AI adoption
- Rise of chiplet technology
- Quantum computing architectures enabling new computing applications

TARGET APPLICATIONS:

- 2.5/3D assembly for AI cores
- Photonic quantum computing chips
- Superconducting Qubits

INDUSTRIAL

CATEGORY DRIVERS

- Sensorization of everything
- Edge computing

TARGET APPLICATIONS:

- Thermal imaging systems
- CMOS + X (smart sensors)

skywater

Meeting Demand for Innovation and Trusted Supply

CUSTOMIZING EXISTING TECHNOLOGY

END MARKET:
AI-enabled sensors

WHY SkyWater WINS:

- Advanced process development suite
- S90LN platform success
- Hybrid Technology Solutions

ENABLING DEVELOPMENT OF AN ENTIRELY CUSTOM TECHNOLOGY

END MARKET:
Quantum Computing

WHY SkyWater WINS:

- 200 mm photonics capabilities
- domestic fabs with proven manufacturing capability
- Flexibility and speed to new innovation

PROVIDING TRUSTED SUPPLY

END MARKET:
Secure A&D

WHY SkyWater WINS:

- US-based fab & technology facilities
- Quality focused production infrastructure
- DMEA Cat 1A Trusted

skywater

Production Ramp, Recent ATS → WS Programs

BioMEMS

END MARKET:
Proteomics

WHY SkyWater WINS:

- Ability to process high aspect ratio microstructures at production scale
- Quality focused production infrastructure
- Medical certification

CMOS + X (MEMS)

END MARKET:
3D sensing, solid-state LIDAR

WHY SkyWater WINS:

- Flexibility to combine CMOS with customer specific MEMS structures
- Cu processing
- Quality focused production infrastructure
- Automotive certification

BioMEMS/Photonics

END MARKET:
Proteomics

WHY SkyWater WINS:

- Custom optical waveguide processing
- Quality focused production infrastructure
- Medical certification

2024 INVESTOR
PRESENTATION

FINANCIALS

Revenue Trend

Q3 2024 Results Demonstrate Record Tools Revenue (Customer-Funded CapEx Investments)

in USD \$ millions

* Q4 2022 and Q2 2023 ATS development revenue excludes impact of modified customer contracts

† Q1 2022 wafer services revenue excludes impact of modified customer contracts

Adjusted EBITDA and Non-GAAP Net Income (Loss)

9th Straight Quarter of Record Revenue and Positive Adjusted EBITDA

Benefits of Customer-Funded CapEx Model

CO-INVESTMENT YIELDS MULTIPLE BENEFITS

- Creates high-value and unique capabilities
 - State-of-the-art 200mm lithography
 - 300mm Fan-Out Wafer Level Packaging
 - Atomic layer deposition (ALD)
 - Cu BEOL
- Enables facility improvements and capacity expansion with minimal company CapEx
- Fosters deep customer partnerships
- Strengthens flow-through and earnings leverage via reduced ongoing fixed costs

MULTI-YEAR PERIOD OF ELEVATED CO-INVESTMENT

Customer Funded Tooling

Tool funding incorporated in contract awards through 2023	\$	76
Tools revenue recognized 2020-2023		44
Tools revenue expectations 2024-2026		200
Expected total funding from 2020 to 2026 *	\$	320

* Incorporates portion of tools within recently-announced \$120 million award for Florida

We believe SkyWater is the beneficiary of a greater amount of outside co-investment relative to our size than any other participant in the domestic semiconductor ecosystem.

skywater

Business Outlook

Q4 expectations indicate continued strength in full year outlook

- Total revenue in the range of \$72 - \$76 million
 - ATS development revenue of \$58 - \$61 million
 - Wafer Services revenue of \$3 - \$4 million
 - Tools revenue of \$11 million
- Non-GAAP EPS of \$(0.10) to \$(0.04)

As we look ahead to 2025

- Expect another year of strong customer CapEx co-investment
- Expect continued YoY growth in ATS development revenues
- Expect quarterly Wafer Services revenue to improve from Q4 run rate
- Increasing revenue momentum expected to result in gross margin expansion and improved operating leverage

skywater

2024 INVESTOR
PRESENTATION

GAAP to Non-GAAP
Reconciliation

GAAP to Non-GAAP Reconciliation

We provide supplemental, non-GAAP financial information that our management regularly evaluates to provide additional insight to investors as supplemental information to our results reported using U.S. generally accepted accounting principles (GAAP). We provide non-GAAP cost of revenue, non-GAAP gross profit, non-GAAP gross margin, non-GAAP research and development expense, non-GAAP selling, general and administrative expense, non-GAAP net income (loss) to shareholders, non-GAAP net income (loss) to shareholders per basic share and non-GAAP net income (loss) per diluted share. Our management uses these non-GAAP financial measures to make informed operating decisions, complete strategic planning, prepare annual budgets, and evaluate Company and management performance. We believe these non-GAAP financial measures are useful performance measures to our investors because they provide a baseline for analyzing trends in our business and exclude certain items that may not be indicative of our core operating results. The non-GAAP financial measures disclosed in this earnings release should not be viewed as an alternative to, or more meaningful than, the reported results prepared in accordance with GAAP. In addition, because these non-GAAP financial measures are not determined in accordance with GAAP, other companies, including our peers, may calculate their non-GAAP financial measures differently than we do. As a result, the non-GAAP financial measures presented in this earnings release may not be directly comparable to similarly titled measures presented by other companies.

We also provide earnings before interest, income taxes, depreciation and amortization (EBITDA), adjusted EBITDA and adjusted EBITDA margin as supplemental non-GAAP measures. We define adjusted EBITDA as net income (loss) before interest expense, income tax (benefit) expense, depreciation and amortization, equity-based compensation and certain other items that we do not view as indicative of our ongoing performance, including net income attributable to noncontrolling interests; business transformation costs; management transition expense; the cost of severance, separation and other termination benefits; and the cost of CHIPS Act specialist fees. Our management uses EBITDA, adjusted EBITDA and adjusted EBITDA margin to make informed operating decisions, complete strategic planning, prepare annual budgets, and evaluate Company and management performance. We believe these non-GAAP financial measures are useful performance measures to our investors because they allow for an effective evaluation of our operating performance when compared to other companies, including our peers, without regard to financing methods or capital structures. We exclude the items listed above from net income (loss) in arriving at adjusted EBITDA and adjusted EBITDA margin because the amounts of these items can vary substantially within our industry depending on the accounting methods and policies used, book values of assets, capital structures, and the methods by which assets were acquired. These non-GAAP financial measures should not be considered as an alternative to, or more meaningful than, the reported results prepared in accordance with GAAP. Certain items excluded from these non-GAAP financial measures are significant components in understanding and assessing a company's financial performance, such as a company's cost of capital and tax structure, as well as the historic cost bases of depreciable assets, none of which are reflected in these non-GAAP financial measures. Our presentation of these non-GAAP financial measures should not be construed as an indication that our results will be unaffected by the items excluded from adjusted EBITDA and adjusted EBITDA margin. In future fiscal periods, we may exclude such items and may incur income and expenses similar to these excluded items. Accordingly, the exclusion of these items and other similar items in these non-GAAP financial measures should not be interpreted as implying that these items are non-recurring, infrequent or unusual, unless otherwise expressly indicated.

The following tables present a reconciliation of the most directly comparable financial measures, calculated and presented in accordance with GAAP, to our non-GAAP financial measures.

GAAP to Non-GAAP Reconciliation

	Q1	Q2	Q3	Q4	2022	Q1	Q2	Q3	Q4	2023	Q1	Q2	Q3
