1. Business and Organization

RE/MAX Holdings, Inc. (“Holdings”) and its consolidated subsidiaries, including RMCO, LLC (“RMCO”), are referred to hereinafter as the “Company.”

The Company is a franchisor in the real estate industry, franchising real estate brokerages globally under the RE/MAX brand (“RE/MAX”) and mortgage brokerages within the United States (“U.S.”) under the Motto Mortgage brand (“Motto”). RE/MAX, founded in 1973, has nearly 140,000 agents operating in over 8,000 offices and a presence in more than 110 countries and territories. Motto, founded in 2016, is the first nationally franchised mortgage brokerage in the U.S. RE/MAX and Motto are 100% franchised—the Company does not own any of the brokerages that operate under these brands.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying Condensed Consolidated Balance Sheet at December 31, 2020, which was derived from the audited consolidated financial statements at that date, and the unaudited interim condensed consolidated financial statements and notes thereto have been prepared in conformity with U.S. generally accepted accounting principles (“U.S. GAAP”). Certain information and footnote disclosures normally included in annual consolidated financial statements prepared in accordance with U.S. GAAP have been condensed or omitted. The accompanying condensed consolidated financial statements are presented on a consolidated basis and include the accounts of Holdings and its consolidated subsidiaries. All significant intercompany accounts and transactions have been eliminated. In the opinion of management, the accompanying condensed consolidated financial statements reflect all normal and recurring adjustments necessary to present fairly the Company’s financial position as of June 30, 2021 and the results of its operations and comprehensive income, cash flows and changes in its stockholders’ equity for the three and six months ended June 30, 2021 and 2020. Interim results may not be indicative of full-year performance.

These condensed consolidated financial statements should be read in conjunction with the Company’s audited consolidated financial statements within the Company’s Annual Report on Form 10-K for the year ended December 31, 2020 (“2020 Annual Report on Form 10-K”). Please refer to that document for a fuller discussion of all significant accounting policies.

Use of Estimates

The preparation of the accompanying condensed consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Segment Reporting

The Company operates under the following four operating segments: Real Estate, Mortgage, Marketing Funds and booj. Due to quantitative insignificance, the booj operating segment does not meet the criteria of a reportable segment and is included in “Other”.

Revenue Recognition

The Company generates most of its revenue from contracts with customers. The Company’s major streams of revenue are:

- Continuing franchise fees, which are fixed contractual fees paid monthly by franchisees or Independent Region sub-franchisors based on the number of RE/MAX agents or Motto franchisees based on the number of offices.
- Annual dues, which are fees charged directly to RE/MAX agents.
- Broker fees, which are fees on real estate commissions when a RE/MAX agent assists a consumer to buy or sell a home.

- Marketing Funds fees, which are fixed contractual fees paid monthly by franchisees based on the number of RE/MAX agents or Motto franchisees based on the number of offices.
- Franchise sales and other revenue, which consist of fees from initial sales of RE/MAX and Motto franchises, renewals of RE/MAX franchises and master franchise fees, as well as technology and data services subscription revenue, loan processing revenue, preferred marketing arrangements, approved supplier programs and event-based revenue from training and other programs.

Services Provided to the Marketing Funds by Real Estate

Real Estate charges the Marketing Funds for various services it performs. These services primarily comprise (a) building and maintaining agent marketing technology, including customer relationship management tools, the www.remax.com website, agent, office and team websites, and mobile apps, (b) dedicated employees focused on marketing campaigns, and (c) various administrative services including customer support of technology, accounting and legal. Because these costs are ultimately paid by the Marketing Funds, they do not impact the net income of Holdings as the Marketing Funds have no reported net income.

Costs charged from Real Estate to the Marketing Funds are as follows (in thousands):

Leases

The Company leases corporate offices, a distribution center, billboards and certain equipment. As all franchisees are independently owned and operated, there are no leases recognized for any offices used by the Company's franchisees. All the Company's material leases are classified as operating leases.

The Company acts as the lessor for sublease agreements on its corporate headquarters, consisting solely of operating leases.

The Company has made an accounting policy election not to recognize right-of-use assets and lease liabilities that arise from any of its short-term leases. All leases with a term of 12 months or less at commencement, for which the Company is not reasonably certain to exercise available renewal options that would extend the lease term past 12 months, are recognized on a straight-line basis over the lease term.

Recently Adopted Accounting Pronouncements

None.

New Accounting Pronouncements Not Yet Adopted

In March 2020, the FASB issued ASU 2020-04, *Reference Rate Reform (Topic 848)*, which contains temporary optional expedients and exceptions to the guidance in U.S. GAAP on contract modifications and hedge accounting to ease the financial reporting burdens related to the expected market transition from the London Interbank Offered Rate ("LIBOR") to alternative reference rates, such as the Secured Overnight Financing Rate ("SOFR"). The new guidance is effective upon issuance and may be adopted on any date on or after March 12, 2020. The relief is temporary and only available until December 31, 2022, when the reference rate replacement activity is expected to have completed. The Company believes the amendments of ASU 2020-04 will not have a significant impact on the Company's consolidated financial statements and related disclosures as the Company does not currently engage in interest rate hedging of its LIBOR based debt, nor

does it believe it has any material contracts tied to LIBOR other than its Senior Secured Credit Facility, as discussed in Note 8, *Debt*. In addition, see Note 14, *Subsequent Event*, for information related to the amended and restated Senior Secured Credit Facility which has provisions for transition to an alternative rate. The Company does not expect any material adverse consequences from this transition.

3. Non-controlling Interest

Holdings is the sole managing member of RMCO and operates and controls all the business affairs of RMCO. The ownership of the common units in RMCO is summarized as follows:

	June 30, 2021		December 31, 2020	
	Shares	Ownership %	Shares	Ownership %
Non-controlling interest ownership of common units in RMCO	12,559,600	40.2 %	12,559,600	40.6 %
Holdings outstanding Class A common stock (equal to Holdings common units in RMCO)	18,719,665	59.8 %	18,390,691	59.4 %
Total common units in RMCO	31,279,265	100.0 %	30,950,291	100.0 %

The weighted average ownership percentages for the applicable reporting periods are used to calculate the “Net income attributable to RE/MAX Holdings, Inc.” A reconciliation of “Income before provision for income taxes” to “Net income attributable to RE/MAX Holdings, Inc.” and “Net Income attributable to non-controlling interest” in the accompanying Condensed Consolidated Statements of Income for the periods indicated is detailed as follows (in thousands, except percentages):

	Three Months Ended June 30,

Net income	\$ 6,293	\$ 5,593	\$ 11,886	\$ 6,120	\$ 5,094	\$ 11,214

- The weighted average ownership percentage of RMCO differs from the allocation of income before provision for income taxes between RE/MAX Holdings and the non-controlling interest due to certain relatively insignificant items recorded at RE/MAX Holdings.
- The provision for income taxes attributable to Holdings is primarily comprised of U.S. federal and state income taxes on its proportionate share of the flow-through income from RMCO. It also includes Holdings' share of taxes directly incurred by RMCO and its subsidiaries, related primarily to tax liabilities in certain foreign jurisdictions.
- The provision for income taxes attributable to the non-controlling interest represents its share of taxes related primarily to tax liabilities in certain foreign jurisdictions directly incurred by RMCO and its subsidiaries. Otherwise, because RMCO is a flow-through entity, there is no U.S. federal and state income tax provision recorded on the non-controlling interest. Amounts shown for the three and six months ended June 30, 2021 include a reversal of an uncertain tax position, the majority of which was allocated to the non-controlling interest (see Note 10 for additional information).

Distributions and Other Payments to Non-controlling Unitholders

Under the terms of RMCO's limited liability company operating agreement, RMCO makes cash distributions to non-controlling unitholders on a pro-rata basis. The distributions paid or payable to non-controlling unitholders are summarized as follows (in thousands):

	Six Months Ended June 30,	
	2021	2020

On August 3, 2021, the Company's Board of Directors declared a quarterly dividend of \$0.23 per share on all outstanding shares of Class A common stock, which is payable on August 31, 2021 to stockholders of record at the close of business on August 17, 2021.

5. Acquisitions

Gadberry & wemlo

On September 10, 2020, the Company acquired The Gadberry Group, LLC (“Gadberry”) for \$4.6 million in cash, net of cash acquired, and \$5.5 million in Class A common stock, plus approximately \$9.9 million of equity-based compensation, which is accounted for as compensation expense over the service period of two to three years (see Note 11, *Equity-Based Compensation* for additional information). In addition, the Company recorded a contingent consideration liability in connection with the purchase of Gadberry, which had an acquisition date fair value of \$0.9 million, measured at the present value of the probability weighted consideration expected to be transferred. Gadberry is a location intelligence data company whose products have been instrumental in the success of the Company’s consumer website, www.remax.com. Founded in 2000, Gadberry specializes in building products that help clients solve geospatial challenges through location data. Gadberry plans to expand its non-RE/MAX clients while maintaining and enhancing its contributions to the RE/MAX technology offering.

On August 25, 2020, the Company acquired Wemlo, Inc. (“wemlo”) for \$6.1 million in cash, net of cash acquired, and \$3.3 million in Class A common stock, plus approximately \$6.7 million of equity-based compensation, the vast majority of which was expensed in the first quarter of 2021 related to two employees who departed (see Note 11, *Equity-Based Compensation* for additional information). Wemlo is a fintech company that has developed its cloud service for mortgage brokers, combining third-party loan processing services with an all-in-one digital platform.

The total purchase price for both aforementioned acquisitions was allocated to the assets and liabilities acquired based on their preliminary estimated fair values. The Company recorded \$14.4 million in goodwill, virtually all of which is deductible for tax purposes, and \$6.3 million in other intangibles as a result of these acquisitions.

6. Intangible Assets and Goodwill

The following table provides the components of the Company’s intangible assets (in thousands, except weighted average amortization period in years):

(a) As of June 30, 2021 and December 31, 2020, capitalized software development costs of \$2.2 million and \$1.4 million, respectively, were related to technology projects not yet complete and ready for their intended use and thus were not subject to amortization.

Amortization expense was \$6.5 million and \$6.0 million for the three months ended June 30, 2021 and 2020, respectively. Amortization expense was \$12.9 million and \$11.8 million for the six months ended June 30, 2021 and 2020, respectively.

As of June 30, 2021, the Senior Secured Credit Facility consisted of a \$235.0 million term loan facility and a \$10.0 million revolving loan facility. As of June 30, 2021, the Company had no revolving loans outstanding under its Senior Secured Credit Facility and the interest rate on the term loan facility was 3.5%. See Note 14, *Subsequent Event*, for information related to the amended and restated Senior Secured Credit Facility.

9. Fair Value Measurements

Fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering assumptions, the Company follows a three-tier fair value hierarchy, which is described in detail in the 2020 Annual Report on Form 10-K.

A summary of the Company's liabilities measured at fair value on a recurring basis is as follows (in thousands):

	Fair Value	As of June 30, 2021			Fair Value	As of December 31, 2020		
		Level 1	Level 2	Level 3		Level 1	Level 2	Level 3
Liabilities

Contingent consideration (a)	<u>\$ 6,350</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 6,350</u>	<u>\$ 6,340</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 6,340</u>

(a) Recorded as a component of "Accrued liabilities" and "Other liabilities, net of current portion" in the accompanying Condensed Consolidated Balance Sheets.

The Company is required to pay additional purchase consideration totaling 8% of gross receipts collected by Motto each year (the "Revenue Share Year") through September 30, 2026, with no limitation as to the maximum payout. The annual payment is required to be made within 120 days of the end of each Revenue Share Year. The fair value of the contingent purchase consideration represents the forecasted discounted cash payments that the Company expects to pay. Increases or decreases in the fair value of the contingent purchase consideration can result from changes in discount rates as well as the timing and amount of forecasted revenues. The forecasted revenue growth assumption that is most sensitive is the assumed franchise sales count for which the forecast assumes between 70 and 80 franchises sold annually. This assumption is based on historical sales and an assumption of growth over time. A 10% reduction in the number of franchise sales would decrease the liability by \$0.2 million. A 1% change to the discount rate applied to the forecast changes the liability by approximately \$0.1 million. As of June 30, 2021, contingent consideration also includes an amount recognized in connection with the acquisition of Gadberry (see Note 6, Acquisitions, for more information on this acquisition). The Company measures these liabilities each reporting period and recognizes changes in fair value, if any, in "Selling, operating and administrative expenses" in the accompanying Condensed Consolidated Statements of Income.

The table below presents a reconciliation of the contingent consideration (in thousands):

	Total
Balance at January 1, 2021	\$ 6,340
Fair value adjustments	10
Balance at June 30, 2021	<u>\$ 6,350</u>

The following table summarizes the carrying value and estimated fair value of the Senior Secured Credit Facility (in thousands):

Senior Secured Credit Facility	<u>\$ 222,567</u>	<u>\$ 223,278</u>	<u>\$ 223,487</u>	<u>\$ 223,887</u>

10. Income Taxes

The “Provision for income taxes” in the accompanying Condensed Consolidated Statements of Income is based on an estimate of the Company’s annualized effective income tax rate.

Uncertain Tax Positions

The company has recognized uncertain tax position liabilities and related tax expense for certain foreign tax matters, along with a receivable for amounts of such foreign taxes expected to be creditable in the U.S. While the Company believes the liabilities recognized for uncertain tax positions are adequate to cover reasonable expected tax risks, there can be no assurance that an issue raised by a tax authority will be resolved at a cost that does not exceed the liability recognized. Interest and penalties are accrued on the uncertain tax positions and included in the “Provision for income taxes” in the accompanying Consolidated Statements of Income.

Uncertain tax position liabilities represent the aggregate tax effect of differences between the tax return positions and the amounts otherwise recognized in the consolidated financial statements and are recognized in “Income taxes payable” in the Condensed Consolidated Balance Sheets.

During the quarter ending June 30, 2021, an uncertain position was settled with a taxing authority for foreign tax matters described above.

Based upon the above settlement of this uncertain tax position, the Company adjusted its liability to reflect the amounts ultimately paid during the three months ended June 30, 2021. This resulted in a reduction to income tax expense of \$1.4 million (including interest and penalties) in the Condensed Consolidated Statements of Income for the three months ended June 30, 2021.

A reconciliation of the beginning and ending amount, excluding interest and penalties is as follows:

	As of June 30,	
	2021	2020
Balance, January 1	\$ 5,300	\$ 4,810
Increases related to prior period tax positions	96	230

Settlements	(3,776)	—
Foreign currency transaction gains/losses	380	—
Balance, June 30	<u>\$ 1,185</u>	<u>\$ 5,040</u>

The Company’s remaining uncertain tax positions have a reasonable possibility of being settled within the next 12 months.

11. Equity-Based Compensation

Employee equity-based compensation expense under the RE/MAX Holdings, Inc. 2013 Omnibus Incentive Plan (the “Incentive Plan”), net of the amount capitalized in internally developed software, is as follows (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2021	2020	2021	2020
Expense from time-based awards ^{(a)(b)}	\$ 3,744	\$ 2,358	\$ 13,565	\$ 4,495

Equity-based compensation expense	<u>\$ 6,253</u>	<u>\$ 2,747</u>	<u>\$ 18,307</u>	<u>\$ 4,933</u>

(a) Includes awards granted to booj, First Leads, Inc. (“First”), wemlo and Gadberry employees and former owners at the time of acquisition.

- (b) During the six months ended June 30, 2021, the Company recognized \$5.5 million of expense as a result of the acceleration of significant grants that were issued to two employees of an acquired company who departed during the first quarter of 2021.
- (c) Expense recognized for performance-based awards is re-assessed each quarter based on expectations of achievement against the performance conditions.
- (d) A portion of the annual corporate bonus earned is to be settled in shares. These amounts are recognized as "Accrued liabilities" in the accompanying Condensed Consolidated Balance Sheets and are not included in "Additional paid-in capital" until the shares are issued.

Time-based Restricted Stock

The following table summarizes equity-based compensation activity related to time-based restricted stock units and restricted stock awards:

	Shares	Weighted average grant date fair value per share
Balance, January 1, 2021	1,018,008	\$ 36.74
Granted	243,879	\$ 41.62
Shares vested (including tax withholding) ^(a)	(410,418)	\$ 38.42
Forfeited	(14,457)	\$ 38.06
Balance, June 30, 2021	<u>837,012</u>	<u>\$ 37.32</u>

- (a) Pursuant to the terms of the Incentive Plan, shares withheld by the Company for the payment of the employee's tax withholding related to shares vesting are added back to the pool of shares available for future awards.

As of June 30, 2021, there was \$21.2 million of total unrecognized expense. This compensation expense is expected to be recognized over the weighted-average remaining vesting period of 1.7 years.

Performance-based Restricted Stock

As discussed in more detail in the Company's Annual Report on Form 10-K, the Company has historically issued performance-based restricted stock awards (PSUs) that contained revenue performance targets and relative total shareholder return (rTSR) targets, both measured over a 3-year performance period. In 2021, the Company changed the structure of its PSUs by issuing awards with only a revenue target and eliminated the rTSR component. Additionally, the revenue target is being measured over three distinct 1-year performance periods, with the target determined near the beginning of each performance period. As a result, the target for 2021 has been determined but will be determined subsequently for 2022 and 2023. These awards cliff-vest at the end of a 3-year period, although the amount of shares that may be earned is fixed after each 1-year performance period ends and performance against target for that period is measured. As with prior revenue performance awards, the Company's expense will be adjusted based on the estimated achievement of revenue versus each target. Because the performance targets for the 1-year periods in 2022 and 2023 have not yet been determined, they do not yet have a grant date under GAAP and are therefore excluded from the table below.

The following table summarizes equity-based compensation activity related to performance-based restricted stock units:

	Shares	Weighted average grant date fair value per share
Balance, January 1, 2021	281,735	\$ 32.34
Granted ^(a)	55,323	\$ 41.71
Forfeited	(2,573)	\$ 28.29
Balance, June 30, 2021	<u>334,485</u>	<u>\$ 33.92</u>

- (a) Represents the total participant target award.

As of June 30, 2021, there was \$5.2 million of total unrecognized expense. This compensation expense is expected to be recognized over the weighted-average remaining vesting period of 1.8 years.

12. Commitments and Contingencies

A number of putative class action complaints are pending against the National Association of Realtors (“NAR”), Realogy Holdings Corp., HomeServices of America, Inc., RE/MAX, LLC and Keller Williams Realty, Inc. The first was filed on March 6, 2019, by plaintiff Christopher Moehrl in the United States District Court for the Northern District of Illinois. The second was filed in the same court on April 15, 2019, by plaintiff Sawbill Strategic, Inc. These two actions have now been consolidated (the “Moehrl Action”). Similar actions have been filed in federal courts: a) by Joshua Sitzler and other plaintiffs in the Western District of Missouri (the “Sitzler Action”); b) by Mark Rubenstein and Jeffery Nolan in the District of Connecticut (the “Rubenstein Action”); c) by plaintiffs Gary Bauman, Mary Jane Bauman, and Jennifer Nosalek in the District of Massachusetts (the “Bauman Action”); and d) by plaintiff Judah Leeder in the Northern District of Illinois (the “Leeder Action”). The complaints make substantially similar allegations and seek substantially similar relief. For convenience, all of these lawsuits are collectively referred to as the “Moehrl-related suits.” In the Moehrl Action, the plaintiffs allege that a NAR rule requires brokers to make a blanket, non-negotiable offer of buyer broker compensation when listing a property, resulting in inflated costs to sellers in violation of federal antitrust law. They further allege that certain defendants use their agreements with franchisees to require adherence to the NAR rule in violation of federal antitrust law. Amended complaints added allegations regarding buyer steering and non-disclosure of buyer-broker compensation to the buyer. While similar to the Moehrl Action, various other lawsuits: allege violations of the Missouri Merchandising Practices Act (the Sitzler Action); include a multiple listing service (MLS) defendant (the Bauman Action); allege state antitrust violations (the Sitzler Action and Bauman Action); allege harm to home buyers rather than sellers (the Rubenstein Action and Leeder Action); allege unjust enrichment (the Leeder Action); and/or allege violations of the Racketeer Influenced and Corrupt Organizations Act (RICO) rather than antitrust law (the Rubenstein Action). Among other requested relief, plaintiffs seek damages against the defendants and injunctive relief. In July 2021, the court granted RE/MAX, LLC’s motion to dismiss the Rubenstein Action and ordered the case dismissed with prejudice. The Company intends to vigorously defend against all remaining claims. The Company may become involved in additional litigation or other legal proceedings concerning the same or similar claims. We are unable to predict whether resolution of these matters would have a material effect on our financial position or results of operations.

On April 9, 2021, a putative class action claim was filed in the Federal Court of Canada against the Toronto Regional Real Estate Board (“TRREB”), The Canadian Real Estate Association (“CREA”), RE/MAX Ontario-Atlantic Canada Inc. (“RE/MAX OA”), which was acquired by the Company in July 2021 (see Note 14, *Subsequent Event*, for information), Century 21 Canada Limited Partnership, Brookfield Asset Management Inc., Royal LePage Real Estate Services Ltd., Homelife Realty Services Inc., Right At Home Realty Inc., Forest Hill Real Estate Inc., Harvey Kalles Real Estate Ltd., Sotheby’s International Realty Canada, Chestnut Park Real Estate Limited, Sutton Group Realty Services Ltd. and IPRO Realty Ltd. by the putative representative plaintiff, Mark Sunderland (the “Plaintiff”). The Plaintiff alleges that the Defendants and their co-conspirators conspired, agreed or arranged with each other to fix, maintain, increase, control, raise, or stabilize the rate of real estate buyers’ brokerages’ and salespersons’ commissions in respect of the purchase and sale of properties listed on TRREB’s multiple listing service system (the “Toronto MLS”); that the Defendants and their co-conspirators acted in furtherance of their conspiracy, agreement or arrangement to fix, maintain, increase, control, raise, or stabilize the rate of real estate buyers’ brokerages’ and salespersons’ commissions in respect of the purchase and sale of properties listed on the Toronto MLS; and violation of Part VI of the Competition Act, R.S.C. 1985, c. C-34 (“Competition Act”). Among other requested relief, Plaintiff seeks damages against the defendants and injunctive relief. RE/MAX OA denies the allegations in the claim and intends to vigorously defend the action.

13. Segment Information

The Company operates under the following four operating segments: Real Estate, Mortgage, Marketing Funds and booj. Due to quantitative insignificance, the booj operating segment does not meet the criteria of a reportable segment and is included in “Other”. Mortgage does not meet the quantitative significance test; however, management has chosen to report results for the segment as it believes it will be a key driver of future success for Holdings. Management evaluates the operating results of its segments based upon revenue and adjusted earnings before interest, the provision for income taxes, depreciation and amortization and other non-cash and non-recurring cash charges or other items (“Adjusted EBITDA”). The Company’s presentation of Adjusted EBITDA may not be comparable to similar measures used by other companies. Except for the adjustments identified below in arriving at Adjusted EBITDA, the accounting policies of the reportable segments are the same as those described in the Company’s 2020 Annual Report on Form 10-K.

The following table presents revenue from external customers by segment (in thousands):

14. Subsequent Event

RE/MAX INTEGRA North America Region Acquisition

On July 21, 2021, the Company acquired the operating companies of the North America regions of RE/MAX INTEGRA ("INTEGRA NA"), whose territories cover five Canadian provinces (New Brunswick, Newfoundland and Labrador, Nova Scotia, Ontario, and Prince Edward Island) and nine U.S. states (Connecticut, Indiana, Maine, Massachusetts, Minnesota, New Hampshire, Rhode Island, Vermont and Wisconsin) for cash consideration of approximately \$235 million. The Company acquired these companies in order to convert these formerly Independent Regions into Company-Owned Regions, advance its ability to scale, deliver value to its affiliates and recapture the value differential of nearly 19,000 agents (approximately 12,000 in Canada and 7,000 in the U.S.).

The initial accounting for the business combination is incomplete at the time of this filing. As a result, the Company is unable to provide the amounts recognized for the major classes of assets acquired and the pro forma revenues for the

combined entity. This information will be included in the Company's Quarterly Report on Form 10-Q for the quarter ended September 30, 2021.

Senior Secured Credit Facility Refinancing

On July 21, 2021, RE/MAX, LLC amended and restated its Senior Secured Credit Facility to fund the acquisition of INTEGRA NA and refinance its existing facility. The revised facility provides for a seven-year, \$460 million term loan facility and a five-year \$50 million revolving loan facility. No amounts were drawn on the revolving loan facility as of the date of this report. The term loan bears interest at LIBOR (subject to a floor of 0.50%) plus 2.50%, but also contains transition provisions to move to an alternative reference rate when LIBOR is eliminated in June 2023.

Business Overview

We are one of the world's leading franchisors in the real estate industry. We franchise real estate brokerages globally under the RE/MAX brand ("RE/MAX") and mortgage brokerages in the U.S. under the Motto Mortgage brand ("Motto"). We also sell ancillary products and services, primarily technology, to our franchise networks and, in certain instances, we sell those offerings outside our franchise networks. We organize our business based on the services we provide in Real Estate, Mortgage and our collective franchise marketing operations, known as the Marketing Funds. RE/MAX and Motto are 100% franchised—we do not own any of the brokerages that operate under these brands. We focus on enabling our networks' success by providing powerful technology, quality education and training, and valuable marketing to build the strength of the RE/MAX and Motto brands. We support our franchisees in growing their brokerages, although, they fund the cost of developing their brokerages. As a result, we maintain a low fixed-cost structure which, combined with our recurring fee-based models, enables us to capitalize on the economic benefits of the franchising model, yielding high margins and significant cash flow.

On July 21, 2021, we acquired the operating companies of the North America regions of RE/MAX INTEGRA ("INTEGRA NA"), whose territories cover five Canadian provinces (New Brunswick, Newfoundland and Labrador, Nova Scotia, Ontario, and Prince Edward Island) and nine U.S. states (Connecticut, Indiana, Maine, Massachusetts, Minnesota, New Hampshire, Rhode Island, Vermont and Wisconsin) for cash consideration of approximately \$235 million. We acquired these companies in order to convert these formerly Independent Regions into Company-Owned Regions, advance our ability to scale, deliver value to our affiliates and recapture the value differential of nearly 19,000 agents (approximately 12,000 in Canada and 7,000 in the U.S.).

For a detailed discussion of the impacts of COVID-19 on our results in 2020, please see our Quarterly Report on Form 10-Q for the three and six months ended June 30, 2020.

Financial and Operational Highlights – Three Months Ended June 30, 2021

(Compared to the three months ended June 30, 2020, unless otherwise noted)

- Total agent count grew by 6.3% to 140,201 agents.
- U.S. and Canada combined agent count increased 3.0% to 85,494 agents.
- Total open Motto Mortgage offices increased 29.1% to 164 offices.
- Revenue of \$77.2 million, an increase of 48.0% from the prior year.
- Net income attributable to RE/MAX Holdings, Inc. increased 49.1% to \$5.2 million.
- Adjusted EBITDA grew 61.3% to \$30.5 million compared to \$18.9 million in the prior year.
- Adjusted EBITDA margin grew to 39.5% from 36.2% in the prior year.
- Cash flow from operations of \$30.3 million in the six months ended, an increase of 85.9% compared to the prior year.

Strong financial results in the second quarter, including all-time high quarterly revenue and Adjusted EBITDA, were driven by a historically strong housing market and improved performance from our core operations. The Company added more than 8,000 net new agents compared to the second quarter of 2020, including agent growth in the U.S. and significant growth in Canada alongside strong growth globally. Open Motto offices increased nearly 30% year-over-year, and we continued to sell Motto franchises at a similar pace to 2020.

Second quarter revenue growth included contributions from many facets of our business, including: higher broker fees stemming from increases in total transactions per agent and rising home prices, acquisitions, fewer agent recruiting incentives, agent count growth, increased pricing and Motto expansion, among other factors.

Year-over-year comparisons were impacted by actions taken by us in the second quarter of 2020 because of the global pandemic. For example, revenue in the second quarter of 2020 was reduced by temporary COVID-19 financial support initiatives that we extended to our networks. Similarly, selling, operating and administrative expenses in the second quarter of 2020 were reduced by temporary COVID-19 costs savings measures we employed.

Results of Operations

Comparison of the Three Months Ended June 30, 2021 and 2020

Revenue

A summary of the components of our revenue is as follows (in thousands except percentages):

	Three Months Ended June 30,		Change Favorable/(Unfavorable)	
	2021	2020	\$	%
Revenue:				
Continuing franchise fees	\$ 26,955	\$ 16,738	\$ 10,217	61.0 %
Annual dues	8,869	8,745	124	1.4 %
Broker fees	17,453	10,426	7,027	67.4 %
Marketing Funds fees	18,042	11,765	6,277	53.4 %

Total revenue	\$ 77,246	\$ 52,207	\$ 25,039	48.0 %

Consolidated revenue increased primarily due to temporary COVID-19 financial support initiatives introduced in the prior year and an increase in Broker fees; also contributing were fewer agent recruiting initiatives in the current year as compared to the prior year, incremental revenue from acquisitions, and growth of Motto, partially offset by continued attrition of booj's legacy customer base.

Continuing Franchise Fees

Revenue from Continuing franchise fees increased primarily due to temporary COVID-19 financial support initiatives introduced in the prior year, which included a waiver or discount of Continuing franchise fees; fewer agent recruiting initiatives in the current year as compared to prior year; RE/MAX monthly fee increases and Motto expansion. Beginning April 1, 2021, there was an average price increase of 3.8% in RE/MAX continuing franchise fees in the majority of our U.S. Company-Owned regions.

Broker Fees

Revenue from Broker fees increased primarily due to higher total transactions per agent and rising home prices as compared to the prior year, which was impacted by the economic slowdown in the second quarter of 2020 caused by COVID-19.

Marketing Funds fees

Revenue from the Marketing Funds fees increased primarily due to temporary COVID-19 financial support initiatives introduced in the prior year, which included a waiver or discount of Marketing Funds fees and fewer agent recruiting initiatives in the current year as compared to the prior year.

Franchise Sales and Other Revenue

Franchise sales and other revenue increased primarily due to incremental revenue from our 2020 acquisitions, partially offset by the attrition of the booj legacy customer base which negatively impacted the three months ended June 30, 2021 by \$0.5 million and is expected to negatively impact the full year 2021 by approximately \$2.0 million to \$2.5 million, as compared to the prior year.

Operating Expenses

A summary of the components of our operating expenses is as follows (in thousands, except percentages):

	Three Months Ended June 30,		Change Favorable/(Unfavorable)	
	2021	2020	\$	%
Operating expenses:				
Selling, operating and administrative expenses	\$ 38,816	\$ 25,348	\$ (13,468)	(53.1)%
Marketing Funds expenses	18,042	11,765	(6,277)	(53.4)%
Depreciation and amortization	6,978	6,412	(566)	(8.8)%

Percent of revenue	<u>82.6 %</u>	<u>83.4 %</u>		

Selling, operating and administrative expenses consists of personnel costs, professional fee expenses, lease costs and other expenses. Other expenses within Selling, operating and administrative expenses include certain marketing and production costs that are not paid by the Marketing Funds, including travel and entertainment costs, and costs associated with our annual conventions in the U.S. and other events and technology services.

	Three Months Ended June 30,		Change Favorable/(Unfavorable)	
	2021	2020	\$	%
Selling, operating and administrative expenses:				
Personnel	\$ 22,683	\$ 14,546	\$ (8,137)	(55.9)%
Professional fees	6,617	2,712	(3,905)	(144.0)%
Lease costs	2,038	2,365	327	13.8 %
Other	7,478	5,725	(1,753)	(30.6)%
Total selling, operating and administrative expenses	<u>\$ 38,816</u>	<u>\$ 25,348</u>	<u>\$ (13,468)</u>	<u>(53.1)%</u>
Percent of revenue	<u>50.2 %</u>	<u>48.6 %</u>		

Total Selling, operating and administrative expenses increased as follows:

- Personnel costs increased primarily due to higher equity-based compensation expense, including from recent acquisitions (see Note 11, *Equity-Based Compensation*) and increased headcount largely from acquisitions. Personnel costs were also higher due to the elimination of the corporate bonus and the suspension of the 401(k) match in the prior year, which also contributed to the increase.
- Professional fees increased primarily due to an increase in acquisition related expenses and due to an increase in Legal fees (See section titled "Legal Proceedings," set forth in Part II, Item 1 of this Quarterly Report on Form 10-Q). We expect to incur an additional \$1.7 million to \$2.2 million in legal expenses related to the Moehrl-related suits during the remainder of this year because of this ongoing litigation.
- Other selling, operating and administrative expenses increased primarily due to increased investments in technology and higher travel and events expenses compared to the prior year, partially offset by lower bad debt expense driven by improved collections.

Marketing Funds Expenses

We recognize an equal and offsetting amount of expenses to revenue such that there is no impact to our overall profitability.

Depreciation and Amortization

Depreciation and amortization expense increased primarily due to new amortization related to our acquisitions and placing internally developed software into service.

Other Expenses, Net

A summary of the components of our Other expenses, net is as follows (in thousands, except percentages):

	Three Months Ended June 30,		Change Favorable/(Unfavorable)	
	2021	2020	\$	%
Other expenses, net:

Total other expenses, net	\$ (2,468)	\$ (2,052)	\$ (416)	20.3 %
Percent of revenue	<u>3.2 %</u>	<u>3.9 %</u>		

Provision for Income Taxes

Our effective income tax rate decreased to 6.4% from 10.6% for the three months ended June 30, 2021 and 2020, respectively, primarily driven by nonrecurring taxes arising from decreases in 2021 related to the settlement of uncertain tax positions (see Note 10, *Income Taxes* for additional information). Our effective income tax rate depends on many factors, including a rate benefit attributable to the fact that the portion of RMCO's earnings attributable to the non-controlling interests are not subject to corporate-level taxes because RMCO is classified as a partnership for U.S. federal income tax purposes and therefore is treated as a "flow-through entity," as well as annual changes in state and foreign income tax rates. See Note 3, *Non-controlling Interest* to the accompanying unaudited condensed consolidated financial statements for further details on the allocation of income taxes between Holdings and the non-controlling interest and see Note 10, *Income Taxes* for additional information.

Adjusted EBITDA

See "—Non-GAAP Financial Measures" for our definition of Adjusted EBITDA and for further discussion of our presentation of Adjusted EBITDA as well as a reconciliation of Adjusted EBITDA to net income, which is the most comparable GAAP measure for operating performance.

Adjusted EBITDA was \$30.5 million for the three months ended June 30, 2021, an increase of \$11.6 million from the comparable prior year period. Adjusted EBITDA increased primarily due to temporary COVID-19 financial support initiatives introduced in the prior year and higher Broker fees revenue partially offset by higher personnel costs due to the elimination of the corporate bonus and the suspension of the 401(k) match in the prior year and headcount increases largely from acquisitions.

Comparison of the Six Months Ended June 30, 2021 and 2020

Revenue

Total revenue	<u>\$ 149,541</u>	<u>\$ 122,479</u>	<u>\$ 27,062</u>	22.1 %

Consolidated revenue increased primarily due to temporary COVID-19 financial support initiatives introduced in the prior year and an increase in Broker fees, also contributing were incremental revenue from acquisitions, fewer agent recruiting initiatives in the current year as compared to the prior year and growth of Motto, partially offset by lower event-based revenue and continued attrition of booj's legacy customer base.

Continuing Franchise Fees

Revenue from Continuing franchise fees increased primarily due to temporary COVID-19 financial support initiatives introduced in the prior year, which included a waiver or discount of Continuing franchise fees, fewer agent recruiting initiatives in the current year as compared to prior year, RE/MAX monthly fee increases and Motto expansion. Beginning April 1, 2021, there was an average price increase of 3.8% in RE/MAX continuing franchise fees in most of our U.S. Company-Owned regions.

Broker Fees

Revenue from Broker fees increased primarily due to higher total transactions per agent and rising home prices as compared to the prior year, which was impacted by the economic slowdown in the second quarter of 2020 caused by COVID-19.

Marketing Funds fees

Revenue from the Marketing Funds fees increased primarily due to temporary COVID-19 financial support initiatives introduced in the prior year, which included a waiver or discount of Marketing Funds fees and fewer agent recruiting initiatives in the current year as compared to the prior year.

Franchise Sales and Other Revenue

Franchise sales and other revenue decreased primarily due to lower event-based revenue due to our annual agent conference having limited in-person attendance due to COVID-19 restrictions and continued attrition of booj's legacy customer base, partially offset by incremental revenue from our 2020 acquisitions. The attrition of the booj legacy customer base negatively impacted the six months ended June 30, 2021 by \$1.2 million.

Selling, operating and administrative expenses:				
Personnel	\$ 51,016	\$ 30,806	\$ (20,210)	(65.6)%
Professional fees	10,871	5,840	(5,031)	(86.1)%
Lease costs	4,121	4,603	482	10.5 %
Other	16,484	18,776	2,292	12.2 %
Total selling, operating and administrative expenses	<u>\$ 82,492</u>	<u>\$ 60,025</u>	<u>\$ (22,467)</u>	<u>(37.4)%</u>
Percent of revenue	<u>55.2 %</u>	<u>49.0 %</u>		

Total Selling, operating and administrative expenses increased as follows:

- Personnel costs increased primarily due to higher equity-based compensation expense, largely from recent acquisitions and including \$5.5 million driven by the acceleration of certain awards (see Note 11, *Equity-Based Compensation*). In addition, increased headcount largely from acquisitions, and higher personnel costs due to the elimination of the corporate bonus in the prior year, also contributed to the increase.
- Professional fees increased primarily due to an increase in acquisition related expenses. Legal fees also increased including fees related to the Moehrl-related suits (See section titled “Legal Proceedings,” set forth in Part II, Item 1 of this Quarterly Report on Form 10-Q).
- Other selling, operating and administrative expenses decreased primarily due to lower travel and events expenses, including lower expenses for our annual agent conference and lower bad debt expense driven by improved collections, partially offset by increased investments in technology.

Marketing Funds Expenses

We recognize an equal and offsetting amount of expenses to revenue such that there is no impact to our overall profitability.

Depreciation and Amortization

Depreciation and amortization expense increased primarily due to new amortization related to our acquisitions and placing internally developed software into service.

Other Expenses, Net

A summary of the components of our Other expenses, net is as follows (in thousands, except percentages):

	Six Months Ended June 30,		Change Favorable/(Unfavorable)	
	2021	2020	\$	%
Other expenses, net:				
Interest expense	\$ (4,222)	\$ (4,869)	\$ 647	13.3 %
Interest income	182	303	(121)	(39.9)%
Foreign currency transaction gains (losses)	(383)	(169)	(214)	126.6 %
Total other expenses, net	<u>\$ (4,423)</u>	<u>\$ (4,735)</u>	<u>\$ 312</u>	6.6 %
Percent of revenue	<u>3.0 %</u>	<u>3.9 %</u>		

Other expenses, net decreased primarily due to a decrease in interest expense as a result of decreasing interest rates on our Senior Secured Credit Facility (as defined in Note 8, *Debt*), partially offset by lower interest earnings on our cash balances from lower interest rates.

Provision for Income Taxes

Our effective income tax rate decreased to 5.1% from 28.6% for the six months ended June 30, 2021 and 2020, respectively, primarily driven by nonrecurring taxes arising from (a) the conversion of First from a C Corporation to a flow-through entity in 2020 and (b) decreases in 2021 related to the settlement of uncertain tax positions (see Note 10, *Income Taxes* for additional information). Our effective income tax rate depends on many factors, including a rate benefit attributable to the fact that the portion of RMCO's earnings attributable to the non-controlling interests are not subject to corporate-level taxes because RMCO is classified as a partnership for U.S. federal income tax purposes and therefore is treated as a "flow-through entity," as well as annual changes in state and foreign income tax rates. See Note 3, *Non-controlling Interest* to the accompanying unaudited condensed consolidated financial statements for further details on the allocation of income taxes between Holdings and the non-controlling interest and see Note 10, *Income Taxes* for additional information.

Adjusted EBITDA

See "—Non-GAAP Financial Measures" for our definition of Adjusted EBITDA and for further discussion of our presentation of Adjusted EBITDA as well as a reconciliation of Adjusted EBITDA to net income, which is the most comparable GAAP measure for operating performance.

Adjusted EBITDA was \$53.7 million for the six months ended June 30, 2021, an increase of \$15.2 million from the comparable prior year period. Adjusted EBITDA increased primarily due to temporary COVID-19 financial support initiatives introduced in the prior year, higher Broker fees revenue and lower bad debt expense from improved collections, partially offset by higher personnel costs due to the elimination of the corporate bonus in the prior year and headcount increases largely from acquisitions.

Non-GAAP Financial Measures

The Securities and Exchange Commission ("SEC") has adopted rules to regulate the use in filings with the SEC and in public disclosures of financial measures that are not in accordance with U.S. GAAP, such as Adjusted EBITDA and the ratios related thereto. These measures are derived on the basis of methodologies other than in accordance with U.S. GAAP.

We define Adjusted EBITDA as EBITDA (consolidated net income before depreciation and amortization, interest expense, interest income and the provision for income taxes, each of which is presented in our unaudited condensed consolidated financial statements included elsewhere in this Quarterly Report on Form 10-Q), adjusted for the impact of the following items that are either non-cash or that we do not consider representative of our ongoing operating performance: gain or loss on sale or disposition of assets, impairment charges, equity-based compensation expense, acquisition-related expense, gain or losses from changes in the tax receivable agreement liability, expense or income related to changes in the estimated fair value measurement of contingent consideration and other non-recurring items.

As Adjusted EBITDA omits certain non-cash items and other non-recurring cash charges or other items, we believe that it is less susceptible to variances that affect our operating performance resulting from depreciation, amortization and other

non-cash and non-recurring cash charges or other items. We present Adjusted EBITDA, and the related Adjusted EBITDA margin, because we believe they are useful as supplemental measures in evaluating the performance of our operating businesses and provides greater transparency into our results of operations. Our management uses Adjusted EBITDA and Adjusted EBITDA margin as factors in evaluating the performance of our business.

Adjusted EBITDA and Adjusted EBITDA margin have limitations as analytical tools, and you should not consider these measures either in isolation or as a substitute for analyzing our results as reported under U.S. GAAP. Some of these limitations are:

- these measures do not reflect changes in, or cash requirements for, our working capital needs;
- these measures do not reflect our interest expense, or the cash requirements necessary to service interest or principal payments on our debt;
- these measures do not reflect our income tax expense or the cash requirements to pay our taxes;
- these measures do not reflect the cash requirements to pay dividends to stockholders of our Class A common stock and tax and other cash distributions to our non-controlling unitholders;
- these measures do not reflect the cash requirements pursuant to the Tax Receivable Agreements (“TRAs”);
- although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often require replacement in the future, and these measures do not reflect any cash requirements for such replacements;
- although equity-based compensation is a non-cash charge, the issuance of equity-based awards may have a dilutive impact on earnings per share; and
- other companies may calculate these measures differently, so similarly named measures may not be comparable.

A reconciliation of Adjusted EBITDA to net income is set forth in the following table (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2021	2020	2021	2020

Adjusted EBITDA	<u>\$ 30,497</u>	<u>\$ 18,909</u>	<u>\$ 53,657</u>	<u>\$ 38,448</u>

(1) Acquisition-related expense includes personnel, legal, accounting, advisory and consulting fees incurred in connection with acquisition activities and integration of acquired companies.

(2) Fair value adjustments to contingent consideration include amounts recognized for changes in the estimated fair value of the contingent consideration liabilities. See Note 9, *Fair Value Measurements* to the accompanying unaudited condensed consolidated financial statements for additional information.

Liquidity and Capital Resources

Overview of Factors Affecting Our Liquidity

Our liquidity position is affected by the growth of our agent base and conditions in the real estate market. In this regard, our short-term liquidity position from time to time has been, and will continue to be, affected by several factors including agents in the RE/MAX network, particularly in Company-Owned Regions. Our cash flows are primarily related to the timing of:

- (i) cash receipt of revenues;
- (ii) payment of selling, operating and administrative expenses;
- (iii) investments in technology and Motto;
- (iv) cash consideration for acquisitions and acquisition-related expenses;
- (v) principal payments and related interest payments on our Senior Secured Credit Facility;
- (vi) dividend payments to stockholders of our Class A common stock;
- (vii) distributions and other payments to non-controlling unitholders pursuant to the terms of RMCO's limited liability company operating agreement ("the RMCO, LLC Agreement");
- (viii) corporate tax payments paid by the Company; and
- (ix) payments to the TRA parties pursuant to the TRAs.

We have satisfied these needs primarily through our existing cash balances, cash generated by our operations and funds available under our Senior Secured Credit Facility. We may also utilize our Senior Secured Credit Facility, and we may pursue other sources of capital that may include other forms of external financing, such as additional financing in the public capital markets, in order to increase our cash position and preserve financial flexibility as needs arise.

Financing Resources

RMCO and RE/MAX, LLC, a wholly owned subsidiary of RMCO, have a credit agreement with JPMorgan Chase Bank, N.A., as administrative agent, and various lenders party thereto (the "Senior Secured Credit Facility"). As of June 30, 2021, the Senior Secured Credit Facility provided to RE/MAX, LLC consisted of \$235.0 million in term loans and a \$10.0 million revolving facility. Borrowings under the term loans and revolving loans accrue interest, at London Interbank Offered Rate ("LIBOR"), provided LIBOR shall be no less than 0.75% plus an applicable margin of 2.75%. LIBOR was originally set to cease being provided as a reference rate at the end of 2021, with alternate rates in the U.S. being developed such as the Secured Overnight Financing Rate ("SOFR"). The Company recently incorporated transition provisions in its new credit facility (see below). In late 2020, the timeline for the cessation of term-based LIBOR (upon which our outstanding borrowings are based) was extended until June 2023.

As of June 30, 2021, we had \$222.6 million of term loans outstanding, net of an unamortized discount and issuance costs, and no revolving loans outstanding under our Senior Secured Credit Facility. As of June 30, 2021, the interest rate on the term loan facility was 3.5%. See our 2020 Annual Report on Form 10-K for more information.

On July 21, 2021, we amended and restated our Senior Secured Credit Facility to fund the acquisition of INTEGRA NA and refinance our existing facility. The revised facility provides for a seven-year \$460 million term loan facility and a five-year \$50 million revolving loan facility. The term loan bears interest at LIBOR (subject to a floor of 0.50%) plus 2.50%, but also contains transition provisions to move to an alternative reference rate when LIBOR is eliminated in June 2023. No amounts were drawn on the revolving loan facility as of the date of this report.

Sources and Uses of Cash

As of June 30, 2021 and December 31, 2020, we had \$107.3 million and \$101.4 million, respectively, of cash and cash equivalents, of which approximately \$2.4 million and \$4.2 million, respectively, were denominated in foreign currencies.

The following table summarizes our cash flows from operating, investing, and financing activities (in thousands):

	Six Months Ended June 30,	
	2021	2020
Cash provided by (used in):		
Operating activities	\$ 30,339	\$ 16,323
Investing activities	(7,551)	(3,102)
Financing activities	(22,693)	(17,418)
Effect of exchange rate changes on cash	355	(107)
Net change in cash, cash equivalents and restricted cash	<u>\$ 450</u>	<u>\$ (4,304)</u>

Operating Activities

Cash provided by operating activities increased primarily as a result of:

- an increase in Adjusted EBITDA of \$15.2 million;
- an increase in expenses within Adjusted EBITDA of \$4.2 million related to the corporate bonus and 401(k) match that have not yet been paid; and
- timing differences on various operating assets and liabilities; partially offset by
- an increase in tax payments of \$8.1 million, primarily related to settlement of uncertain tax positions; and
- an increase in acquisition related costs.

Investing Activities

During the six months ended June 30, 2021 the change in cash (used in) provided by investing activities was primarily the result of work completed on our corporate headquarters refresh and higher capitalizable investments in technology as compared to the prior year.

Financing Activities

During the six months ended June 30, 2021 cash used in financing activities increased primarily due to an increase in payments related to tax withholding for vested share-based compensation, and an increase in dividends per Class A share and non-controlling unit to \$0.23 per share/unit during the first two quarters of 2021 as compared to \$0.22 per share/unit for the first two quarters of 2020.

Capital Allocation Priorities

Liquidity

Our objective is to maintain a strong liquidity position. We have existing cash balances, cash flows from operating activities, access to our revolving facility and incremental facilities under our Senior Secured Credit Facility available to support the needs of our business. Should additional liquidity needs arise, our filed shelf registration would permit access to public capital markets if such financing would be available.

Acquisitions

As part of our growth strategy, we may pursue acquisitions of Independent Regions in the U.S. and Canada as well as additional acquisitions or investments in complementary businesses, services and technologies that would provide access to new markets, revenue streams, or otherwise complement our existing operations. We may fund any such growth with various sources of capital including existing cash balances and cash flow from operations, as well as proceeds from debt financings including under existing credit facilities or new arrangements raised in the public capital markets.

Capital Expenditures

The total aggregate amount for purchases of property and equipment and capitalization of developed software was \$7.6 million and \$3.1 million during the six months ended June 30, 2021 and 2020, respectively. These amounts primarily relate to spend on our corporate headquarters refresh and investments in technology. In order to expand our technology, we plan to continue to re-invest in our business in order to improve operational efficiencies and enhance the tools and services provided to the affiliates in our networks. Total capital expenditures for 2021 are expected to be between \$13

million and \$16 million as we continue with the corporate headquarters refresh and higher capitalizable investments. See Financial and Operational Highlights above for additional information.

Dividends

Our Board of Directors declared and we paid quarterly cash dividends of \$0.23 per share on all outstanding shares of Class A common stock during the first two quarters of 2021. On August 3, 2021, our Board of Directors declared a quarterly cash dividend of \$0.23 per share on all outstanding shares of Class A common stock, which is payable on August 31, 2021 to stockholders of record at the close of business on August 17, 2021. The declaration of additional future dividends, and, if declared, the amount of any such future dividend, will be subject to our actual future earnings and capital requirements and will be at the discretion of our Board of Directors.

Distributions and Other Payments to Non-controlling Unitholders by RMCO

Distributions and other payments pursuant to the RMCO, LLC Agreement and TRAs were comprised of the following (in thousands):

	Six Months Ended June 30,	
	2021	2020
Distributions and other payments pursuant to the RMCO, LLC Agreement:		
Pro rata distributions to RIHI as a result of distributions to RE/MAX Holdings in order to satisfy its estimated tax liabilities	\$ 1,221	\$ 40
Dividend distributions	5,778	5,526
Total distributions to RIHI	6,999	5,566
Payments pursuant to the TRAs	—	—
Total distributions to RIHI and TRA payments	\$ 6,999	\$ 5,566

Commitments and Contingencies

See Note 12, *Commitments and Contingencies* to the accompanying unaudited condensed consolidated financial statements for additional information.

Off Balance Sheet Arrangements

We have no material off balance sheet arrangements as of June 30, 2021.

Critical Accounting Judgments and Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts and disclosures in the financial statements and accompanying notes. Actual results could differ from those estimates. Our Critical Accounting Judgments and Estimates disclosed in "Management's Discussion and Analysis of Financial Condition and Results of Operations - Critical Accounting Judgments and Estimates" in our 2020 Annual Report on Form 10-K for which there were no material changes, included:

- Motto and First Goodwill
- Purchase Accounting for Acquisitions
- Deferred Tax Assets and TRA Liability
- General Litigation Matters

New Accounting Pronouncements

There have been no new accounting pronouncements not yet effective that we believe have a significant impact, or potential significant impact, to our consolidated financial statements. See Note 2, *Summary of Significant Accounting Policies* to the accompanying unaudited condensed consolidated financial statements for additional information.

Item 3. Quantitative and Qualitative Disclosures About Market Risks

We have operations both within the U.S. and globally and we are exposed to market risks in the ordinary course of our business. These risks primarily include interest rate, foreign exchange and credit risks, as well as risks relating to changes

in the general economic conditions in the countries where we conduct business. We do not currently use derivative instruments to mitigate the impact of our market risk exposures nor do we use derivatives for trading or speculative purposes.

Credit Risk

We are exposed to credit risk related to receivables from franchisees. We perform quarterly reviews of credit exposure above an established threshold for each franchisee and are in regular communication with those franchisees about their balance. For significant delinquencies, we will terminate the franchise. Bad debt expense is less than 1% of revenue for the six months ended June 30, 2021

Interest Rate Risk

We are subject to interest rate risk in connection with borrowings under our Senior Secured Credit Facility which bear interest at variable rates. At June 30, 2021, \$223.8 million in term loans were outstanding under our Senior Secured Credit Facility. We currently do not engage in any interest rate hedging activity, but given our variable rate borrowings, we monitor interest rates and if appropriate, may engage in hedging activity prospectively. The interest rate on our Senior Secured Credit Facility is currently based on LIBOR, subject to a floor of 0.75%, plus an applicable margin of 2.75%. As of June 30, 2021, the interest rate was 3.5%. If LIBOR rises such that our rate is above the floor, then each hypothetical 0.25% increase would result in additional annual interest expense of \$0.6 million. To mitigate a portion of this risk, we invest our cash balances in short-term investments that earn interest at variable rates.

Currency Risk

We have a network of global franchisees in over 110 countries and territories. Fluctuations in exchange rates of the U.S. dollar against foreign currencies can result, and have resulted, in fluctuations in (a) revenue and operating income due to a portion of our revenue being denominated in foreign currencies and (b) foreign exchange transaction gains and losses due primarily to cash and accounts receivable balances denominated in foreign currencies, with the Canadian dollar representing the most significant exposure. We currently do not engage in any foreign exchange hedging activity of our revenues but may do so in the future; however, we actively convert cash balances into U.S. dollars to mitigate currency risk on cash positions. During the three and six months ended June 30, 2021, a hypothetical 5% strengthening/weakening in the value of the U.S. dollar compared to the Canadian dollar would have resulted in a decrease/increase to operating income of approximately \$0.3 million and \$0.6 million, respectively.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, that are designed to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed is accumulated and communicated to our management, including our Principal Executive Officer and Principal Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

Our management, under the supervision and with the participation of our Principal Executive Officer and Principal Financial Officer, evaluated the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) as of the end of the period covered by this Quarterly Report on Form 10-Q. Based on that evaluation, our Principal Executive Officer and Principal Financial Officer have concluded that as of June 30, 2021 our disclosure controls and procedures were effective.

Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting identified in connection with the evaluation required by Rules 13a-15(d) and 15d-15(d) of the Exchange Act that occurred during the quarter ended June 30, 2021 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. – OTHER INFORMATION

Item 1. Legal Proceedings

From time to time we are involved in litigation, claims and other proceedings relating to the conduct of our business, and the disclosures set forth in Note 12, *Commitments and Contingencies* relating to certain legal matters is incorporated herein by reference. Such litigation and other proceedings may include, but are not limited to, actions relating to intellectual property, commercial arrangements, franchising arrangements, brokerage disputes, vicarious liability based upon conduct of individuals or entities outside of our control including franchisees and independent agents, and employment law claims. Litigation and other disputes are inherently unpredictable and subject to substantial uncertainties and unfavorable resolutions could occur. Often these cases raise complex factual and legal issues, which are subject to risks and uncertainties and which could require significant time and resources from management. Although we do not believe any currently pending litigation will have a material adverse effect on our business, financial condition or operations, there are inherent uncertainties in litigation and other claims and regulatory proceedings and such pending matters could result in unexpected expenses and liabilities and might materially adversely affect our business, financial condition or operations, including our reputation.

Item 1A. Risk Factors

The Company is supplementing the risk factors previously disclosed in Part I, Item 1A, “Risk Factors” of its Annual Report on Form 10-K for the fiscal year ended December 31, 2020 (the “[2020 Annual Report on Form 10-K](#)”), filed with the Securities and Exchange Commission on February 25, 2021, to update the following risk factor under the heading “Risks Related to Our Industry”.

The real estate market may be negatively impacted by industry changes as the result of certain class action lawsuits.

As disclosed in Note 12, Commitments and Contingencies, we are a defendant in class action complaints referred to as the “Moehrl-related suits” which allege violations of federal antitrust law. The Moehrl-related suits seek changes in real estate industry practices and have prompted discussion of regulatory changes to rules established by local or state real estate boards or multiple listing services. In addition, the Department of Justice (“DOJ”) has withdrawn from a previously announced settlement of a lawsuit against the National Association of Realtors (“NAR”) in which NAR had agreed to adopt certain rule changes. The DOJ said it withdrew from the settlement “to permit a broader investigation of NAR’s rules and conduct to proceed.” The continuation of the DOJ investigation and enforcement actions and the Moehrl-related litigation (including the terms and conditions of any ultimate settlement or outcome of such matters) and/or other regulatory changes may lead to changes to our or our brokers’ business models, which may affect agent and broker compensation. These or other related adverse developments could reduce the fees we receive from our franchisees, which, in turn, could adversely affect our financial condition and results of operations.

For a discussion of our potential risks and uncertainties, please see “Risk Factors” in our 2020 Annual Report on Form 10-K. Other than the risk factor amended above, there have been no material changes to the risk factors as disclosed in our 2020 Annual Report.
