SiriusPoint Ltd.
Notes to the Consolidated Financial Statements (UNAUDITED)
(Expressed in U.S. Dollars)

1. Organization

SiriusPoint Ltd. (together with its consolidated subsidiaries, “SiriusPoint” or the “Company”) was incorporated under the laws of Bermuda on October 6, 2011. Through its subsidiaries, the Company is a provider of global multi-line reinsurance and insurance products and services.

These unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”) for interim financial information and with the instructions to Form 10-Q and Article 10 in Regulation S-X. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete annual financial statements. In addition, the year-end consolidated balance sheet was derived from audited financial statements. It does not include all disclosures required by U.S. GAAP. This Quarterly Report on Form 10-Q (“Form 10-Q”) should be read in conjunction with the audited financial statements included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2023 (the “2023 Form 10-K”) filed with the U.S. Securities and Exchange Commission on February 29, 2024.

In the opinion of management, these unaudited consolidated financial statements reflect all adjustments (consisting of normal recurring accruals) considered necessary for a fair statement of the Company’s financial position and results of operations as at the end of and for the periods presented. All significant intercompany accounts and transactions have been eliminated.

The results for the six months ended June 30, 2024 are not necessarily indicative of the results expected for the full calendar year.

Tabular amounts are in U.S. Dollars in millions, except share amounts, unless otherwise noted.

2. Significant accounting policies

There have been no material changes to the Company’s significant accounting policies as described in its 2023 Form 10-K.

Recently issued accounting standards

Issued and effective as of June 30, 2024

In June 2022, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update 2022-03, Fair Value Measurement (Topic 820): Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions (“ASU 2022-03”). The amendment clarifies the guidance in Topic 820 on the fair value measurement of an equity security that is subject to a contractual sale restriction and requires specific disclosures related to such an equity security. ASU 2022-03 is effective for public business entities for fiscal years beginning after December 15, 2023 and interim periods within those fiscal years. This pronouncement did not have a material impact on the Company’s consolidated financial statements.

Issued but not yet effective as of June 30, 2024

Accounting pronouncements issued during the three and six months ended June 30, 2024 were either not relevant to the Company or did not impact the Company’s consolidated financial statements.

Reclassifications

Certain comparative figures have been reclassified to conform to the current year presentation.

3. Significant transactions

Workers' Compensation Loss Portfolio Transfer

On April 30, 2024, SiriusPoint America Insurance Company ("SiriusPoint America"), a subsidiary of SiriusPoint Ltd., entered into a Master Agreement (the "Master Agreement"), dated as of April 30, 2024, made by and between SiriusPoint America and Clarendon National Insurance Company ("Clarendon National"), an insurer domiciled in Texas and an affiliate of Enstar Group Limited, a Bermuda exempted company ("Enstar").

Pursuant to the Master Agreement, at the closing of the transactions contemplated therein, among other documents, (a) SiriusPoint America and Clarendon National will enter into a Loss Portfolio Transfer Reinsurance Agreement (the "LPT Agreement"), pursuant to which SiriusPoint America will cede and Clarendon National will assume 100% of the net liability with respect to certain workers' compensation insurance exposures of SiriusPoint America (the "Subject Business") on a funds withheld basis, subject to the terms and conditions of the LPT Agreement including an aggregate limit; (b) SiriusPoint America and an affiliate of Clarendon National (the "Administrator") will enter into an Administrative Services Agreement concerning the Administrator's authority and responsibility for certain administrative services related to the Subject Business, including claims handling; and (c) Enstar shall issue a Parental Guarantee in favor of SiriusPoint America guaranteeing Clarendon National's obligations under the LPT Agreement. In certain circumstances and in lieu of the guarantee obligations provided thereunder, Clarendon National may post letters of credit as collateral securing Clarendon National's reinsurance obligations with respect to the Subject Business. Immediately prior to the effective date of the LPT Agreement, SiriusPoint will be commuting certain ceded workers' compensation reinsurance contracts, and the liabilities related to those commuted contracts will be included in the Subject Business.

This transaction covers approximately \$400 million of SiriusPoint reserves, including liabilities to be commuted, valued as of December 31, 2023, and the reinsurance premium. The aggregate limit under the LPT Agreements is 150% of the premium paid less certain adjustments for paid losses in the interim period prior to the effective date of the contract. Upon closing and the effective date of the contract, the Company expects to recognize a loss of \$20 million to \$30 million.

The Master Agreement and the LPT Agreements include customary representations and warranties, indemnification obligations, covenants and termination rights of the parties. The transaction is anticipated to close during the third quarter of 2024, subject to regulatory approvals and other customary closing conditions.

SiriusPoint International Loss Portfolio Transfer

On March 2, 2023, the Company agreed, subject to applicable regulatory approvals and other closing conditions, to enter into a loss portfolio transfer transaction ("2023 LPT"), on a funds withheld basis, with Pallas Reinsurance Company Ltd., a subsidiary of the Compre Group, an insurance and reinsurance legacy specialist. The transaction covered loss reserves ceded initially estimated at \$1.3 billion as of the valuation date of September 30, 2022, which were reduced to \$905.6 million as of June 30, 2023 at closing, as a result of paid losses and favorable prior accident year reserve development recognized during the interim period, and included in Loss and loss adjustment expenses recoverable in the Company's consolidated balance sheets. As of June 30, 2024, the Company recorded funds held payable of \$639.2 million in Reinsurance balances payable and reinsurance recoverable of \$662.0 million, and the Company's estimate of deferred gain is \$23.0 million. The 2023 LPT comprises several classes of business from 2021 and prior underwriting years. The aggregate limit under the 2023 LPT is 130% of roll forward reserves at the inception of the contract.

4. Segment reporting

The determination of the Company's business segments is based on the manner in which management monitors the performance of its operations. The Company reports two operating segments: Reinsurance and Insurance & Services. The Company's segments each have managers who are responsible for the overall profitability of their segments and who are directly accountable to the Company's chief operating decision maker, the Chief Executive Officer ("CEO"). The CEO assesses segment operating performance, allocates capital, and makes resource allocation decisions based on Segment income (loss). The Company does not manage its assets by segment; accordingly, total assets are not allocated to the segments.

Reinsurance

In the Reinsurance segment, the Company provides reinsurance products to insurance and reinsurance companies, government entities, and other risk bearing vehicles on a treaty or facultative basis. For reinsurance assumed, the Company participates in the reinsurance market with a global focus through the broker market distribution channel. The Company primarily writes treaty reinsurance, on both a proportional and excess of loss basis, and provides facultative reinsurance in

some of its business lines. In the United States and Bermuda, the Company's core focus is on distribution, risk and clients located in North America, while our international operation is focused primarily on distribution, risks and clients located in Europe.

The Reinsurance segment predominantly underwrites Casualty, Property and Specialty lines of business on a worldwide basis.

Casualty – the Company provides reinsurance to casualty insurers who underwrite a diverse range of casualty classes. The Company works with clients all over the world, including multi-national, nationwide and regional carriers, as well as risk retention groups and captives. The Company also partners with managing general agents (“MGAs”) and sponsor cover holders. The Company's underwriting focus is on proportional transactions covering all major commercial casualty lines, as well professional liability with an emphasis on specialty niche classes of business, including personal lines.

Property – the Company works with leading global brokers as well as large national writers and regional companies. Underwriting is focused on providing critical catastrophe protection and worldwide coverage for natural perils, underwriting residential, commercial, and industrial risks in the United States, Europe and Asia. The Company's property reinsurance offering includes: property catastrophe protection, risk excess of loss, cannabis - pro rata, building risk and structured property specifically in the United States. In 2023, as part of its international reorganization, the Company significantly reduced its international property catastrophe premiums written, with reinsurance protection purchased at similar costs but with lower attachment points to further protect the balance sheet.

Specialty - the Company's business encompasses a broad range of worldwide reinsurance coverages, including proportional and excess of loss, treaty and facultative. Specialty business lines in the Reinsurance segment include Aviation & Space, Marine & Energy and Credit.

Insurance & Services

Through the Insurance & Services segment, the Company underwrites primary insurance in a number of sectors. The Insurance & Services segment includes Accident & Health, Casualty, and Specialty.

Accident and Health (“A&H”) – the Company provides flexible insurance products to meet the risk management needs of diverse populations in select markets. This includes employer groups, associations, affinity groups, higher education and other niche markets. The Company also owns 100% of IMG and Armada, who receive fees for services provided within Insurance & Services and to third parties. IMG offers a full line of international medical insurance products, trip cancellation programs, medical management services and 24/7 emergency medical and travel assistance. Armada operates as a supplemental medical insurance MGA.

Property & Casualty - the Company is a leading carrier for program administrators and MGAs. The majority of its insurance business is written through partners in the property and casualty space, covering professional liability, workers' compensation, and commercial auto lines in Bermuda, London, Europe, North America and round the world.

Specialty - the Company's business encompasses a broad range of worldwide insurance coverages. Specialty business lines in the Insurance & Services segment include Aviation & Space, Marine & Energy, Credit and Mortgage.

Management uses segment income (loss) as the primary basis for assessing segment performance. Segment income (loss) is comprised of two components, underwriting income (loss) and net services income (loss). The Company calculates underwriting income (loss) by subtracting loss and loss adjustment expenses incurred, net, acquisition costs, net, and other underwriting expenses from net premiums earned. Net services income (loss) consists of services revenues (fee for service revenue), services expenses, and services non-controlling (income) loss. This definition of segment income (loss) aligns with how business performance is managed and monitored. We continue to evaluate our segments as our business evolves and may further refine our segments and segment income (loss) measures. Certain items are presented in a different manner for segment reporting purposes than in the consolidated statements of income. These items are reconciled to the consolidated presentation in the segment measure reclass column below. Included in Insurance & Services segment income (loss) are services noncontrolling loss (income) attributable to minority shareholders on non-wholly-owned subsidiaries. In addition, services revenues and services expenses are reconciled to other revenues and net corporate and other expenses, respectively.

Segment results are shown prior to corporate eliminations. Corporate eliminations are included in the elimination column below as necessary to reconcile to underwriting income (loss), net services income (loss), and segment income (loss) to the consolidated statements of income.

Corporate includes the results of all runoff business, which represents certain classes of business that we no longer actively underwrite, including the effect of the restructuring of the underwriting platform announced in 2022 and certain reinsurance contracts that have interest crediting features. Corporate results also include asbestos and environmental and other latent liability exposures on a gross basis, which have mostly been ceded, as well as specific workers' compensation and cyber programs which the Company no longer writes. In addition, revenue and expenses managed at the corporate level, including realized gains (losses), other investment income, including gains (losses) from strategic investments, net realized and unrealized investment gains (losses) from related party investment funds, non services-related other revenues, non services-related net corporate and other expenses, intangible asset amortization, interest expense, foreign exchange (gains) losses and income tax (expense) benefit are reported within Corporate. The CEO does not manage segment results or allocate resources to segments when considering these items and they are therefore excluded from our definition of segment income (loss).

The following is a summary of the Company's operating segment results for the three and six months ended June 30, 2024 and 2023:

Three months ended June 30, 2024							
	Reinsurance	Insurance & Services	Core	Eliminations ⁽²⁾	Corporate	Segment Measure Reclass	Total
Gross premiums written	\$ 352.5	\$ 490.2	\$ 842.7	\$ —	\$ 21.8	\$ —	\$ 864.5
Net premiums written	308.8	341.1	649.9	—	(6.3)	—	643.6
Net premiums earned	256.2	297.2	553.4	—	37.1	—	590.5
Loss and loss adjustment expenses incurred, net	143.8	192.2	336.0	(1.3)	29.7	—	364.4
Acquisition costs, net	67.2	75.8	143.0	(36.5)	13.4	—	119.9
Other underwriting expenses	20.2	17.3	37.5	—	3.6	—	41.1
Underwriting income (loss)	25.0	11.9	36.9	37.8	(9.6)	—	65.1
Services revenues	—	57.4	57.4	(34.4)	—	(23.0)	—
Services expenses	—	47.7	47.7	—	—	(47.7)	—
Net services fee income	—	9.7	9.7	(34.4)	—	24.7	—
Services noncontrolling income	—	(0.6)	(0.6)	—	—	0.6	—
Net services income	—	9.1	9.1	(34.4)	—	25.3	—
Segment income (loss)	25.0	21.0	46.0	3.4	(9.6)	25.3	65.1
Net investment income					78.2	—	78.2
Net realized and unrealized investment losses					(55.9)	—	(55.9)
Net realized and unrealized investment gains from related party investment funds					1.0	—	1.0
Other revenues					106.5	23.0	129.5
Net corporate and other expenses					(18.9)	(47.7)	(66.6)
Intangible asset amortization					(3.0)	—	(3.0)
Interest expense					(15.7)	—	(15.7)
Foreign exchange losses					(3.6)	—	(3.6)
Income before income tax expense	\$ 25.0	\$ 21.0	46.0	3.4	79.0	0.6	129.0
Income tax expense			—	—	(14.2)	—	(14.2)
Net income			46.0	3.4	64.8	0.6	114.8
Net income attributable to noncontrolling interests			—	—	(0.3)	(0.6)	(0.9)
Net income available to SiriusPoint			\$ 46.0	\$ 3.4	\$ 64.5	\$ —	\$ 113.9
Underwriting Ratios: ⁽¹⁾							
Loss ratio	56.1 %	64.7 %	60.7 %				61.7 %
Acquisition cost ratio	26.2 %	25.5 %	25.8 %				20.3 %
Other underwriting expenses ratio	7.9 %	5.8 %	6.8 %				7.0 %
Combined ratio	90.2 %	96.0 %	93.3 %				89.0 %

(1) Underwriting ratios are calculated by dividing the related expense by net premiums earned.

(2) Insurance & Services MGAs recognize fees for service using revenue from contracts with customers accounting standards, whereas insurance companies recognize acquisition expenses using insurance contract accounting standards. While ultimate revenues and expenses recognized will match, there will be recognition timing differences based on the different accounting standards.

5. Cash, cash equivalents, restricted cash and restricted investments

The following table provides a summary of cash and cash equivalents, restricted cash and restricted investments as of June 30, 2024 and December 31, 2023:

	June 30, 2024	December 31, 2023
Cash and cash equivalents	\$ 598.1	\$ 969.2
Restricted cash securing letter of credit facilities (1)	19.0	56.9
Restricted cash securing reinsurance contracts (2)	85.7	52.7
Restricted cash held by managing general underwriters	21.2	22.5
Total cash, cash equivalents and restricted cash (3)	724.0	1,101.3
Restricted investments securing reinsurance contracts and letter of credit facilities (1) (2) (4)	2,372.0	2,668.0
Total cash, cash equivalents, restricted cash and restricted investments	<u>\$ 3,096.0</u>	<u>\$ 3,769.3</u>

- (1) Restricted cash and restricted investments securing letter of credit facilities primarily pertains to letters of credit that have been issued to the Company's clients in support of its obligations under reinsurance contracts. The Company will not be released from the obligation to provide these letters of credit until the reserves underlying the reinsurance contracts have been settled. The time period for which the Company expects each letter of credit to be in place varies from contract to contract, but can last several years.
- (2) Restricted cash and restricted investments securing reinsurance contracts pertain to trust accounts securing the Company's contractual obligations under certain reinsurance contracts that the Company will not be released from until the underlying risks have expired or have been settled. Restricted investments include certain investments in debt securities, short-term investments and limited partnership interests in Third Point Enhanced LP. The time period for which the Company expects these trust accounts to be in place varies from contract to contract, but can last several years.
- (3) Cash, cash equivalents and restricted cash as reported in the Company's consolidated statements of cash flows.
- (4) Restricted investments include required deposits with certain insurance state regulatory agencies in order to maintain insurance licenses.

6. Fair value measurements

U.S. GAAP disclosure requirements establish a framework for measuring fair value, including a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability. The three-level hierarchy of inputs is summarized below:

- Level 1 – Quoted prices available in active markets/exchanges for identical investments as of the reporting date.
- Level 2 – Observable inputs to the valuation methodology other than unadjusted quoted market prices for identical assets or liabilities in active markets. Level 2 inputs include, but are not limited to, prices quoted for similar assets or liabilities in active markets/exchanges, prices quoted for identical or similar assets or liabilities in markets that are not active and fair values determined through the use of models or other valuation methodologies.
- Level 3 – Inputs are based all or in part on significant unobservable inputs for the investment, and include situations where there is little, if any, market activity for the investment. The inputs applied in the determination of fair value require significant management judgment and estimation.

Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. For example, the risk inherent in a particular valuation technique used to measure fair value including such a pricing model and/or the risk inherent in the inputs to the valuation technique. Inputs may be observable or unobservable.

Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources other than those of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement requires judgment, and considers factors specific to the investment.

The following tables present the Company's investments, categorized by the level of the fair value hierarchy as of June 30, 2024 and December 31, 2023:

	June 30, 2024			
	Quoted prices in active markets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total

During the six months ended June 30, 2024, the Company did not reclassify its assets or liabilities between Levels 2 and 3 (December 31, 2023 - no reclassifications).

Valuation techniques

The Company uses independent pricing services to assist in determining fair values for its investments. For investments in active markets, the Company uses the quoted market prices provided by independent pricing services to determine fair value. In circumstances where quoted market prices are unavailable or are not considered reasonable, the Company estimates the fair value using industry standard pricing models and observable inputs such as benchmark yields, reported trades, broker-dealer quotes, issuer spreads, benchmark securities, bids, offers, prepayment speeds, reference data including research publications, and other relevant inputs. Given that many debt securities do not trade on a daily basis, the independent pricing services evaluate a wide range of fixed maturity investments by regularly drawing parallels from recent trades and quotes of comparable securities with similar features. The characteristics used to identify comparable debt securities vary by asset type and take into account market convention.

The techniques and inputs specific to asset classes within the Company's debt securities and short-term investments for Level 2 securities that use observable inputs are as follows:

Asset-backed and mortgage-backed securities

The fair value of mortgage and asset-backed securities is primarily priced by independent pricing services using a pricing model that uses information from market sources and leveraging similar securities. Key inputs include benchmark yields, reported trades, underlying tranche cash flow data, collateral performance, plus new issue data, as well as broker-dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers and reference data including issuer, vintage, loan type, collateral attributes, prepayment speeds, default rates, recovery rates, cash flow stress testing, credit quality ratings and market research publications.

Corporate debt securities

Corporate debt securities consist primarily of investment-grade debt of a wide variety of U.S. and non-U.S. corporate issuers and industries. The corporate fixed maturity investments are primarily priced by independent pricing services. When evaluating these securities, the independent pricing services gather information from market sources regarding the issuer of the security and obtain credit data, as well as other observations, from markets and sector news. Evaluations are updated by obtaining broker dealer quotes and other market information including actual trade volumes, when available. The independent pricing services also consider the specific terms and conditions of the securities, including any specific features which may influence risk.

U.S. government and government agency

U.S. government and government agency securities consist primarily of debt securities issued by the U.S. Treasury and mortgage pass-through agencies such as the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation and the Government National Mortgage Association. Fixed maturity investments included in U.S. government and government agency securities are primarily priced by independent pricing services. When evaluating these securities, the independent pricing services gather information from market sources and integrate other observations from markets and sector news. Evaluations are updated by obtaining broker dealer quotes and other market information including actual trade volumes, when available. The fair value of each security is individually computed using analytical models which incorporate option adjusted spreads and other daily interest rate data.

Non-U.S. government and government agency

Non-U.S. government and government agency securities consist of debt securities issued by non-U.S. governments and their agencies along with supranational organizations (also known as sovereign debt securities). Securities held in these sectors are primarily priced by independent pricing services who employ proprietary discounted cash flow models to value the securities. Key quantitative inputs for these models are daily observed benchmark curves for treasury, swap and high issuance credits. The independent pricing services then apply a credit spread for each security which is developed by in-depth and real time market analysis. For securities in which trade volume is low, the independent pricing services utilize data from more frequently traded securities with similar attributes. These models may also be supplemented by daily market and credit research for international markets.

U.S. states, municipalities, and political subdivisions

The U.S. states, municipalities and political subdivisions portfolio contains debt securities issued by U.S. domiciled state and municipal entities. These securities are generally priced by independent pricing services using the techniques for U.S. government and government agency securities.

Preferred stocks

The fair value of preferred stocks is generally priced by independent pricing services using an evaluated pricing model that calculates the appropriate spread over a comparable security for each issue. Key inputs include exchange prices (underlying and common stock of same issuer), benchmark yields, reported trades, broker-dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers, and reference data including sector, coupon, credit quality ratings, duration, credit enhancements, early redemption features and market research publications.

Short-term investments

Short-term investments consist of U.S. treasury bills, certificates of deposit and other securities, which, at the time of purchase, mature within a period of greater than three months but less than one year. These investments are generally priced by independent pricing services using the techniques described for U.S. government and government agency securities and Corporate debt securities described above.

Investments measured using Net Asset Value

The Company values its investments in limited partnerships, including its investments in related party investment funds, at fair value. The Company has elected the practical expedient for fair value for these investments which is estimated based on the Company's share of the net asset value ("NAV") of the limited partnerships, as provided by the independent fund administrator, as the Company believes it represents the most meaningful measurement basis for the investment assets and liabilities. The NAV represents the Company's proportionate interest in the members' equity of the limited partnerships.

The fair value of the Company's investments in certain hedge funds and certain private equity funds are also determined using NAV. The hedge fund's administrator provides quarterly updates of fair value in the form of the Company's proportional interest in the underlying fund's NAV, which is deemed to approximate fair value, generally with a three month delay in valuation. The private equity funds provide monthly, quarterly, or semi-annual partnership capital statements primarily with a one or three month delay which are used as a basis for valuation. These private equity investments vary in investment strategies and are not actively traded in any open markets. Due to a lag in reporting, some of the fund managers, fund administrators, or both, are unable to provide final fund valuations as of the Company's reporting date. This includes utilizing preliminary estimates reported by its fund managers and using other information that is available to the Company with respect to the underlying investments, as necessary.

In order to assess the reasonableness of the NAVs, the Company performs a number of monitoring procedures on a monthly, quarterly and annual basis, to assess the quality of the information provided by the investment manager and fund administrator underlying the preparation of the NAV. These procedures include, but are not limited to, regular review and discussion of the fund's performance with the investment manager.

These investments are included in investment in funds valued at NAV and excluded from the presentation of investments categorized by the level of the fair value hierarchy.

Level 3 Investments

Level 3 valuations are generated from techniques that use assumptions not observable in the market. These unobservable assumptions reflect the Company's assumptions, that market participants would use in valuing the investment. Generally, certain securities may start out as Level 3 when they are originally issued but as observable inputs become available in the market, they may be reclassified to Level 2.

The Company employs a number of procedures to assess the reasonableness of the fair value measurements for its other long-term investments, including obtaining and reviewing the audited annual financial statements of hedge funds and private equity funds and periodically discussing each fund's pricing with the fund manager. However, since the fund managers do not provide sufficient information to evaluate the pricing inputs and methods for each underlying investment, the inputs are considered to be unobservable.

The fair values of the Company's investments in private equity securities, private debt instruments, certain private equity funds, and certain hedge funds have been classified as Level 3 measurements. Private equity securities and private debt instruments are initially valued based on transaction price and their valuation is subsequently estimated based on available evidence such as a market transaction in similar instruments and other financial information for the issuer.

For strategic investments carried at fair value, management either engages a third-party valuation specialist to assist in determination of the fair value based on commonly accepted valuation methods (i.e., income approach, market approach) as of the valuation date or performs valuation internally. In addition, investors fair value analyses prepared by third party valuation specialists working with strategic investment operating management are referenced where available. Where criteria to be accounted for under the equity method is not met, we have elected to value our strategic investments at the cost adjusted for market observable events less impairment method, a measurement alternative in which the investment is measured at cost and remeasured to fair value when determined to be impaired or upon observable transactions prices becoming available.

See Note 9 for additional information on the fair values of derivative financial instruments used for both risk management

and investment purposes.

Underwriting-related derivatives

Underwriting-related derivatives include reinsurance contracts that are accounted for as derivatives. These derivative contracts are initially valued at cost which approximates fair value. In subsequent measurement periods, the fair values of these derivatives are determined using internally developed discounted cash flow models. As the significant inputs used to price these derivatives are unobservable, the fair values of these contracts are classified as Level 3.

The following tables present the reconciliation of all investments measured at fair value using Level 3 inputs for the three and six months ended June 30, 2024 and 2023:

	April 1, 2024	Transfers in to (out of) Level 3	Purchases	Sales & Settlements	Realized and Unrealized Gains (Losses) ⁽¹⁾	June 30, 2024

2015 Senior Notes	—	—	115.2	114.8
Series B preference shares	\$ 201.3	\$ 200.0	\$ 197.4	\$ 200.0

7. Investments

The Company's invested assets consist of investment securities and other long-term investments held for general investment purposes. The portfolio of investment securities includes debt securities available for sale, debt securities held for trading, short-term investments, equity securities, and other long-term investments which are classified as trading securities with the exception of debt securities held as available for sale. Realized investment gains and losses on debt securities are reported in

pre-tax revenues. Unrealized investment gains and losses on debt securities are reported based on classification. Trading securities flow through pre-tax revenues, whereas securities classified as available for sale (“AFS”) flow through other comprehensive income.

For debt securities classified as AFS for which a decline in the fair value between the amortized cost is due to credit-related factors, an allowance is established for the difference between the estimated recoverable value and amortized cost with a corresponding impact to the consolidated statements of income. The allowance is limited to the difference between amortized cost and fair value. A credit loss impairment assessment is performed on securities using both quantitative and qualitative factors. Qualitative factors include significant declines in fair value below amortized cost. Additionally, a qualitative assessment is also performed over debt securities to evaluate potential credit losses. Examples of qualitative indicators include issuer credit downgrades as well as changes to credit spreads.

Declines in fair value related to a debt security that do not relate to a credit loss are recorded as a component of accumulated other comprehensive income.

Debt securities

The following tables provide the cost or amortized cost, gross unrealized investment gains (losses), net foreign currency losses, and fair value of the Company's debt securities as of June 30, 2024 and December 31, 2023:

	June 30, 2024				
	Cost or amortized cost	Gross unrealized gains	Gross unrealized losses	Net foreign currency losses	Fair value

Total debt securities, trading	\$ 568.1	\$ 0.7	\$ (33.9)	\$ —	\$ 534.9

(1) As of June 30, 2024 and December 31, 2023, the Company did not record an allowance for credit losses on the AFS portfolio.

As of June 30, 2024, 919 unique debt securities classified as AFS were in a gross unrealized loss position for greater than 12 months with a market value of \$1.1 billion and an unrealized loss of \$31.7 million (December 31, 2023 - 713 unique debt securities classified as AFS were in a gross unrealized loss position for greater than 12 months with a market value of \$556.9 million and an unrealized loss of \$20.3 million).

The weighted average duration of the Company's debt securities, net of short positions in U.S. treasuries, as of June 30, 2024 was approximately 3.0 years, including short-term investments (December 31, 2023 - approximately 2.8 years).

The following table provides the cost or amortized cost and fair value of the Company's debt securities bifurcated into debt securities held for trading and AFS as of June 30, 2024 and December 31, 2023 by contractual maturity. Actual maturities could differ from contractual maturities because borrowers may have the right to call or prepay certain obligations with or without call or prepayment penalties.

	June 30, 2024				December 31, 2023			
	Debt securities, AFS		Debt securities, trading		Debt securities, AFS		Debt securities, trading	
	Cost or amortized cost	Fair value	Cost or amortized cost	Fair value	Cost or amortized cost	Fair value	Cost or amortized cost	Fair value
Due in one year or less	\$ 440.5	\$ 439.0	\$ 4.1	\$ 4.0	\$ 358.6	\$ 357.2	\$ 80.2	\$ 79.7
Due after one year through five years	2,023.1	2,004.8	32.8	32.0	2,221.0	2,219.8	37.2	34.5

Due after ten years	33.1	32.5	11.2	7.4	2.5	2.3	26.6	21.3
Mortgage-backed and asset-backed securities	2,395.8	2,386.0	282.1	263.9	1,989.2	1,987.6	404.7	381.4
Total debt securities	\$ 5,375.5	\$ 5,345.3	\$ 330.6	\$ 307.7	\$ 4,754.6	\$ 4,755.4	\$ 568.1	\$ 534.9

The following table summarizes the ratings and fair value of debt securities held in the Company's investment portfolio as of June 30, 2024 and December 31, 2023. Credit ratings are assigned based on ratings provided by nationally recognized statistical rating organizations.

	June 30, 2024		December 31, 2023	
	Debt securities, AFS	Debt securities, trading	Debt securities, AFS	Debt securities, trading
AAA	\$ 844.6	\$ 162.3	\$ 730.4	\$ 248.4
AA	2,528.7	81.2	2,334.4	177.0
A	1,335.2	17.7	1,122.1	28.9
BBB	544.8	38.1	515.5	71.7
Other	92.0	8.4	53.0	8.9
Total debt securities	<u>\$ 5,345.3</u>	<u>\$ 307.7</u>	<u>\$ 4,755.4</u>	<u>\$ 534.9</u>

As of June 30, 2024, the above totals included \$200.7 million of sub-prime securities. Of this total, \$120.2 million are rated AAA, \$36.7 million are rated AA, \$13.0 million are rated A, \$22.3 million are rated BBB and \$8.5 million are unrated. As of December 31, 2023, the above totals included \$185.1 million of sub-prime securities. Of this total, \$117.5 million were rated AAA, \$37.7 million were rated AA, \$12.3 million were rated A, \$13.3 million were rated BBB and \$4.3 million were unrated.

Equity securities and other long-term investments

The cost or amortized cost, gross unrealized investment gains and losses, net foreign currency gains, and fair values of the Company's equity securities and other long-term investments as of June 30, 2024 and December 31, 2023 were as follows:

	Cost or amortized cost	Gross unrealized gains	Gross unrealized losses	Net foreign currency gains	Fair value
June 30, 2024					
Other long-term investments	\$ 328.4	\$ 20.2	\$ (109.9)	\$ 3.0	\$ 241.7
December 31, 2023					
Equity securities	\$ 1.9	\$ —	\$ (0.5)	\$ 0.2	\$ 1.6
Other long-term investments	\$ 356.2	\$ 20.0	\$ (70.1)	\$ 2.4	\$ 308.5

The Company holds investments in hedge funds and private equity funds, which are included in other long-term investments. The carrying value of other long-term investments as of June 30, 2024 and December 31, 2023:

	June 30, 2024	December 31, 2023
Hedge funds and private equity funds ⁽¹⁾	\$ 71.5	\$ 74.5
Strategic investments ⁽²⁾	149.3	203.9
Other investments ⁽²⁾	20.9	30.1
Total other long-term investments	<u>\$ 241.7</u>	<u>\$ 308.5</u>

(1) Includes \$50.6 million of investments carried at NAV (December 31, 2023 - \$58.7 million) and no investments classified as Level 3 (December 31, 2023 - no investments classified as Level 3) within the fair value hierarchy.

(2) As of June 30, 2024, the Company had \$12.1 million of unfunded commitments relating to these investments (December 31, 2023 - \$14.7 million).

The Company's other long-term investments may be accounted for under either the equity method ("equity method investments") or the fair value option ("equity method eligible unconsolidated entities"). The following table presents the components of other long-term investments as of June 30, 2024 and December 31, 2023:

	June 30, 2024	December 31, 2023
Equity method eligible unconsolidated entities, using the fair value option	\$ 99.2	\$ 139.2
Equity method investments	25.4	37.0
Other unconsolidated investments, at fair value ⁽¹⁾	71.1	89.2
Other unconsolidated investments, at cost ⁽²⁾	46.0	43.1
Total other long-term investments	<u>\$ 241.7</u>	<u>\$ 308.5</u>

(1) Includes other long-term investments that are not equity method eligible and are measured at fair value.

(2) The Company has elected to apply the cost adjusted for market observable events impairment measurement alternative to investments that do not meet the criteria to be accounted for under the equity method, in which the investment is measured at cost and remeasured to fair value when impaired or upon observable transaction prices.

Equity method eligible unconsolidated entities, using the fair value option, exclude the Company's investment in Third Point Enhanced LP ("TP Enhanced Fund"), Third Point Venture Offshore Fund I LP ("TP Venture Fund"), Third Point Venture Offshore Fund II LP ("TP Venture Fund II"), collectively, the "Related Party Investment Funds." Refer to "Investments in related party investment funds" discussed below.

Investments in related party investment funds

The following table provides the fair value of the Company's investments in related party investment funds as of June 30, 2024 and December 31, 2023:

	June 30, 2024	December 31, 2023
Third Point Enhanced LP	\$ 79.0	\$ 77.5
Third Point Venture Offshore Fund I LP	23.8	25.0
Third Point Venture Offshore Fund II LP	3.8	3.1
Investments in related party investment funds, at fair value	<u>\$ 106.6</u>	<u>\$ 105.6</u>

Investment in Third Point Enhanced LP

On February 23, 2022, the Company entered into the Fourth Amended and Restated Exempted Limited Partnership Agreement of Third Point Enhanced LP with Third Point Advisors LLC ("TP GP") and the other parties thereto (the "2022 LPA"). In accordance with the 2022 LPA, TP GP services as the general partner of the TP Enhanced Fund. For further details with respect to the 2022 LPA, please refer to Note 8 "Investments" of Part II, Item 8. "Financial Statements and Supplementary Data" included in the 2023 Form 10-K.

The TP Enhanced Fund investment strategy, as implemented by Third Point LLC, is intended to achieve superior risk-adjusted returns by deploying capital in both long and short investments with favorable risk/reward characteristics across select asset classes, sectors and geographies. Third Point LLC identifies investment opportunities via a bottom-up, value-oriented approach to single security analysis supplemented by a top-down view of portfolio and risk management. Third Point LLC seeks dislocations in certain areas of the capital markets or in the pricing of particular securities and supplements single security analysis with an approach to portfolio construction that includes sizing each investment based on upside/downside calculations, all with a view towards appropriately positioning and managing overall exposures.

As of June 30, 2024, the Company had no unfunded commitments related to TP Enhanced Fund. As of June 30, 2024, the Company hold interests of approximately 89.2% of the net asset value of TP Enhanced Fund.

Investment in Third Point Venture Offshore Fund I LP

On March 1, 2021, SiriusPoint Bermuda entered into the Amended and Restated Exempted Limited Partnership Agreement ("2021 Venture LPA") of TP Venture Fund which became effective on March 1, 2021. In accordance with the 2021 Venture LPA, Third Point Venture GP LLC ("TP Venture GP") serves as the general partner of TP Venture Fund.

The TP Venture Fund investment strategy, as implemented by Third Point LLC, is to generate attractive risk-adjusted returns through a concentrated portfolio of investments in privately-held companies, primarily in the expansion through late/pre-IPO

stage. The TP Venture Fund may also invest in early stage companies. Due to the nature of the fund, withdrawals are not permitted. Distributions prior to the expected termination date of the fund include, but are not limited to, dividends or proceeds arising from the liquidation of the fund's underlying investments.

As of June 30, 2024, the Company had \$9.3 million of unfunded commitments related to TP Venture Fund. As of June 30, 2024, the Company holds interests of approximately 16.8% of the net asset value of TP Venture Fund.

Investment in Third Point Venture Offshore Fund II LP

On June 30, 2022, SiriusPoint Bermuda entered into the Amended and Restated Exempted Limited Partnership Agreement ("2022 Venture II LPA") of TP Venture Fund II. In accordance with the 2022 Venture II LPA, Third Point Venture GP II LLC ("TP Venture GP II") serves as the general partner of TP Venture Fund II.

The TP Venture Fund II investment strategy, as implemented by Third Point LLC, is to generate attractive risk-adjusted returns through a concentrated portfolio of investments in privately-held companies, primarily in the expansion through late/pre-IPO stage. The TP Venture Fund may also invest in early stage companies. Due to the nature of the fund, withdrawals are not permitted. Distributions prior to the expected termination date of the fund include, but are not limited to, dividends or proceeds arising from the liquidation of the fund's underlying investments.

As of June 30, 2024, the Company had \$20.8 million of unfunded commitments related to TP Venture Fund II. As of June 30, 2024, the Company holds interests of approximately 17.8% of the net asset value of TP Venture Fund II.

8. Total realized and unrealized investment gains (losses) and net investment income

Net investment income and net realized and unrealized investment gains (losses) for the three and six months ended June 30, 2024 and 2023 consisted of the following:

	Three months ended		Six months ended	
	June 30, 2024	June 30, 2023	June 30, 2024	June 30, 2023
Debt securities, available for sale	\$ 61.6	\$ 48.5	\$ 125.3	\$ 83.6
Debt securities, trading	5.6	10.5	14.4	39.6
Short-term investments	2.9	5.9	7.3	14.3
Other long-term investments	(49.7)	(3.8)	(49.2)	0.6
Derivative instruments	0.4	3.5	1.7	3.5
Net realized and unrealized investment gains (losses) from related party investment funds	1.0	(0.9)	1.0	(0.1)
Net investment income and realized and unrealized investment gains before other investment expenses and investment income on cash and cash equivalents	21.8	63.7	100.5	141.5
Investment expenses	(7.6)	(5.1)	(11.5)	(10.5)
Net investment income on cash and cash equivalents	9.1	7.2	14.1	8.6
Total net investment income and realized and unrealized gains on investments	<u>\$ 23.3</u>	<u>\$ 65.8</u>	<u>\$ 103.1</u>	<u>\$ 139.6</u>

Net realized and unrealized gains (losses) on investments

Net realized and unrealized investment gains (losses) for the three and six months ended June 30, 2024 and 2023 consisted of the following:

	Three months ended		Six months ended	
	June 30, 2024	June 30, 2023	June 30, 2024	June 30, 2023
Gross realized gains	\$ 3.9	\$ 19.1	\$ 9.4	\$ 24.9
Gross realized losses	(23.5)	(45.7)	(32.7)	(61.3)
Net realized losses on investments	(19.6)	(26.6)	(23.3)	(36.4)
Net unrealized gains (losses) on investments	(36.3)	24.8	(31.6)	45.9
Net realized and unrealized gains (losses) on investments (1)(2)	<u>\$ (55.9)</u>	<u>\$ (1.8)</u>	<u>\$ (54.9)</u>	<u>\$ 9.5</u>

(1) Excludes realized and unrealized gains on the Company's investments in related party investment funds and unrealized losses from available for sale investments, net of tax.

(2) Includes net realized and unrealized losses of \$31.1 million and \$33.0 million from related party investments included in other-long term investments for the three and six months ended June 30, 2024, respectively (2023 - \$4.5 million and \$2.7 million, respectively).

Net realized investment losses

Net realized investment losses for the three and six months ended June 30, 2024 and 2023 consisted of the following:

	Three months ended		Six months ended	
	June 30, 2024	June 30, 2023	June 30, 2024	June 30, 2023
Debt securities, available for sale	\$ (7.1)	\$ 2.2	\$ (7.4)	\$ 1.6
Debt securities, trading	(3.7)	(32.5)	(7.1)	(39.9)
Short-term investments	0.1	(1.2)	0.7	(1.4)
Other long-term investments	(9.3)	(0.7)	(10.1)	(1.1)
Net investment income on cash and cash equivalents	0.4	5.6	0.6	4.4
Net realized investment losses	<u>\$ (19.6)</u>	<u>\$ (26.6)</u>	<u>\$ (23.3)</u>	<u>\$ (36.4)</u>

Net realized investment losses on Other long-term investments for the three and six months ended June 30, 2024 and 2023 consisted of the following:

	Three months ended		Six months ended	
	June 30, 2024	June 30, 2023	June 30, 2024	June 30, 2023
Hedge funds and private equity funds	\$ (1.3)	\$ (0.7)	\$ (0.3)	\$ (0.7)
Strategic investments	(8.0)	—	(9.8)	(0.4)
Net realized investment losses on Other long-term investments	<u>\$ (9.3)</u>	<u>\$ (0.7)</u>	<u>\$ (10.1)</u>	<u>\$ (1.1)</u>

Net unrealized investment gains (losses)

Net unrealized investment gains (losses) for the three and six months ended June 30, 2024 and 2023 consisted of the following:

	Three months ended		Six months ended	
	June 30, 2024	June 30, 2023	June 30, 2024	June 30, 2023
Debt securities, trading	\$ 4.3	\$ 28.9	\$ 9.7	\$ 51.9
Short-term investments	(0.1)	1.1	(1.0)	0.7
Derivative instruments	0.4	3.5	1.4	3.5
Other long-term investments	(40.6)	(4.8)	(39.3)	(7.8)
Net investment loss on cash and cash equivalents	(0.3)	(3.9)	(2.4)	(2.4)
Net unrealized investment gains (losses)	<u>\$ (36.3)</u>	<u>\$ 24.8</u>	<u>\$ (31.6)</u>	<u>\$ 45.9</u>

Net unrealized investment losses on Other long-term investments for the three and six months ended June 30, 2024 and 2023 consisted of the following:

	Three months ended		Six months ended	
	June 30, 2024	June 30, 2023	June 30, 2024	June 30, 2023
Hedge funds and private equity funds	\$ 4.3	\$ (1.1)	\$ 3.6	\$ (0.2)
Strategic investments	(35.6)	(3.7)	(33.7)	(7.6)
Other investments	(9.3)	—	(9.2)	—
Net unrealized investment losses on Other long-term investments	<u>\$ (40.6)</u>	<u>\$ (4.8)</u>	<u>\$ (39.3)</u>	<u>\$ (7.8)</u>

The following table summarizes the amount of total gains (losses) included in earnings attributable to unrealized investment gains (losses) – Level 3 investments for the three and six months ended June 30, 2024 and 2023:

	Three months ended		Six months ended	
	June 30, 2024	June 30, 2023	June 30, 2024	June 30, 2023
Debt securities, trading	\$ —	\$ (0.9)	\$ —	\$ (0.8)
Other long-term investments	(44.7)	2.0	(43.6)	(2.8)
Total unrealized investment gains (losses) – Level 3 investments	<u>\$ (44.7)</u>	<u>\$ 1.1</u>	<u>\$ (43.6)</u>	<u>\$ (3.6)</u>

9. Derivatives

The Company holds derivatives for both risk management and investment purposes.

Foreign currency exchange rate derivatives

The Company executes foreign currency forwards, swaps, and futures to manage foreign currency exposure. The foreign currency exchange rate derivatives are not designated or accounted for under hedge accounting. The fair value of the swaps and forwards are estimated using a single broker quote, and accordingly, are classified as a Level 3 measurement. The fair value of the futures is widely available and have quoted prices in active markets, and accordingly, were classified as a Level 1 measurement. As of June 30, 2024, the Company pledged \$7.2 million in securities collateral associated with the foreign currency derivatives (December 31, 2023 - \$42.2 million). These securities are included in debt securities, available for sale, in the Company's consolidated balance sheets.

Weather derivatives

The Company holds assets and assumes liabilities related to weather and weather contingent risk management products. Weather and weather contingent derivative contracts are entered into with the objective of generating profits in normal climatic conditions. Accordingly, the Company's weather and weather contingent derivatives are not designed to meet the criteria for hedge accounting under U.S. GAAP. The Company receives payment of premium at the contract inception in exchange for bearing the risk of variations in a quantifiable weather index. Management uses available market data and internal pricing models based upon consistent statistical methodologies to estimate the fair value. Because of the significance of the unobservable inputs used to estimate the fair value of the Company's weather risk contracts, the fair value measurements of the contracts are deemed to be Level 3 measurements in the fair value hierarchy as of June 30, 2024. The Company does not provide or hold any collateral associated with the weather derivatives.

Credit default swap

Credit default swaps protect the buyer against the loss of principal on one or more underlying bonds, loans, or mortgages in the event the issuer suffers a credit event. The Company provides its client with protection against financial non-performance of a subsidiary. The fair value of the swap is estimated using a single broker quote, and accordingly, is classified as a Level 3 measurement. As of June 30, 2024, the Company has no pledges in securities collateral associated with the credit default

swap (December 31, 2023 - \$22.3 million). These securities are included in debt securities, available for sale, in the Company's consolidated balance sheets.

The following table summarizes information on the classification and amount of the fair value of derivatives not designated as hedging instruments within the Company's consolidated balance sheets as of June 30, 2024 and December 31, 2023:

Derivatives not designated as hedging instruments	June 30, 2024			December 31, 2023		
	Derivative assets at fair value ⁽¹⁾	Derivative liabilities at fair value ⁽²⁾	Notional Value	Derivative assets at fair value ⁽¹⁾	Derivative liabilities at fair value ⁽²⁾	Notional Value
Foreign currency forwards	\$ 7.3	\$ 6.6	\$ 2,347.7	\$ 12.0	\$ —	\$ 585.3
Weather derivatives	—	3.3	13.1	0.2	1.0	30.6
Interest rate swaps	—	—	53.4	3.4	1.7	62.7
Credit default swap	—	—	30.0	0.1	—	30.0
Reinsurance contracts accounted for as derivatives	\$ —	\$ 8.8	\$ 94.4	\$ —	\$ 3.7	\$ 97.4

(1) Derivative assets are classified within Other assets in the Company's consolidated balance sheets.

(2) Derivative liabilities are classified within Accounts payable, accrued expenses and other liabilities in the Company's consolidated balance sheets.

The following table summarizes information on the classification and net impact on earnings, recognized in the Company's consolidated statements of income relating to derivatives during the three and six months ended June 30, 2024 and 2023:

Derivatives not designated as hedging instruments	Classification of gains (losses) recognized in earnings	Three months ended		Six months ended	
		June 30, 2024	June 30, 2023	June 30, 2024	June 30, 2023
Foreign currency forwards	Foreign exchange (gains) losses	\$ 6.0	\$ (13.3)	\$ (11.5)	\$ (14.9)
Weather derivatives	Other revenues	(0.3)	(0.3)	(1.8)	3.2
Foreign currency swaps	Foreign exchange (gains) losses	—	(12.0)	—	(13.6)
Interest rate swaps	Net realized and unrealized investment gains (losses)	0.4	3.5	1.7	3.5
Reinsurance contracts accounted for as derivatives	Other revenues	\$ 5.1	\$ —	\$ 0.3	\$ —

10. Variable and voting interest entities

The Company consolidates the results of operations and financial position of every voting interest entity ("VOE") in which it has a controlling financial interest and variable interest entities ("VIE") in which it is considered to be the primary beneficiary in accordance with guidance in ASC 810, Consolidation. The consolidation assessment, including the determination as to whether an entity qualifies as a VOE or VIE, depends on the facts and circumstances surrounding each entity.

Consolidated variable interest entities

Alstead Re

Alstead Reinsurance Ltd. ("Alstead Re") is considered a VIE and the Company has concluded that it is the primary beneficiary of Alstead Re because the Company can exercise control over the activities that most significantly impact the economic performance of Alstead Re. As a result, the Company has consolidated the results of Alstead Re in its consolidated financial statements. As of June 30, 2024, Alstead Re's assets and liabilities included in the Company's consolidated balance sheets were \$8.5 million and \$3.2 million, respectively (December 31, 2023 - \$14.5 million and \$9.2 million, respectively).

Arcadian

Prior to June 30, 2024, Arcadian Risk Capital Ltd. ("Arcadian") was considered a VIE and the Company concluded that it was the primary beneficiary of Arcadian because the Company could exercise control over the activities that most significantly impacted the economic performance of Arcadian. As a result, the Company consolidated the results of Arcadian in its consolidated financial statements.

Effective June 30, 2024, the Company deconsolidated Arcadian when the Company's management and Arcadian consented to certain amendments to the shareholders' agreement and termination of the unsecured promissory note which resulted in the

Company ceasing to have control over Arcadian. Accordingly, the Company deconsolidated and removed the carrying value of Arcadian's assets of \$177.4 million and liabilities of \$143.2 million and the carrying value of the noncontrolling interest of \$17.5 million attributed to Arcadian from its consolidated balance sheet on June 30, 2024. The Company also recorded its retained noncontrolling interest in Arcadian at estimated fair value of approximately \$115.0 million as of June 30, 2024, which was determined by an independent valuation specialist. A gain of \$95.9 million was recognized by the Company as a result of deconsolidation, which was recorded in Other revenues in the Company's consolidated income statement. The Company's ownership in Arcadian remains 49% as of June 30, 2024. On June 30, 2024, the Company began to account for its retained equity investment in Arcadian under the equity method of accounting and presented the investment in Other assets in the Company's consolidated balance sheets.

Banyan

In January 2023, Banyan Risk Ltd. ("Banyan") completed a recapitalization in which the Company's ownership decreased from 100% to 49%. After the recapitalization, Banyan was considered a VIE and the Company was its primary beneficiary as it could exercise control over the activities that most significantly impacted the economic performance of Banyan. The Company consolidated the results of Banyan in its consolidated financial statements through September 30, 2023. In October 2023, the Company sold the remainder of its ownership to Banyan and deconsolidated upon sale effective October 1, 2023.

Consolidated voting interest entities

Alta Signa

Alta Signa Holdings ("Alta Signa") is considered a VOE and the Company holds a majority of the voting interests through its seats on Alta Signa's board of directors. As a result, the Company has consolidated the results of Alta Signa in its consolidated financial statements. The Company's ownership in Alta Signa as of June 30, 2024 was 75.1%. As of June 30, 2024, Alta Signa's assets and liabilities, before intercompany eliminations, included in the Company's consolidated balance sheets were \$2.6 million and \$0.7 million, respectively (December 31, 2023 - \$2.8 million and \$0.8 million, respectively).

Noncontrolling interests

Noncontrolling interests represent the portion of equity in consolidated subsidiaries not attributable, directly or indirectly, to the Company. The following table is a reconciliation of the beginning and ending carrying amount of noncontrolling interests for the three and six months ended June 30, 2024 and 2023:

	Three months ended		Six months ended	
	June 30, 2024	June 30, 2023	June 30, 2024	June 30, 2023
Balance, beginning of period	\$ 17.8	\$ 11.4	\$ 16.7	\$ 7.9
Net income attributable to noncontrolling interests	0.9	2.0	2.0	4.4
Contributions (redemptions)	0.2	(0.5)	0.2	0.6
Derecognition of noncontrolling interest ⁽¹⁾	(17.5)	—	(17.5)	—
Balance, end of period	<u>\$ 1.4</u>	<u>\$ 12.9</u>	<u>\$ 1.4</u>	<u>\$ 12.9</u>

(1) See above for additional information on the derecognition of noncontrolling interest in Arcadian.

Non-consolidated variable interest entities

The Company is a passive investor in certain third-party-managed hedge and private equity funds, some of which are VIEs. The Company is not involved in the design or establishment of these VIEs, nor does it actively participate in the management of the VIEs. The exposure to loss from these investments is limited to the carrying value of the investments at the balance sheet date.

The Company calculates maximum exposure to loss to be (i) the amount invested in the debt or equity of the VIE, (ii) the notional amount of VIE assets or liabilities where the Company has also provided credit protection to the VIE with the VIE as the referenced obligation, and (iii) other commitments and guarantees to the VIE. The Company does not have any VIEs that it sponsors nor any VIEs where it has recourse to it or has provided a guarantee to the VIE interest holders.

The following table presents total assets of unconsolidated VIEs in which the Company holds a variable interest, as well as the maximum exposure to loss associated with these VIEs as of June 30, 2024 and December 31, 2023:

	Total VIE Assets	Maximum Exposure to Loss		
		On-Balance Sheet	Off-Balance Sheet	Total
June 30, 2024				
Other long-term investments ⁽¹⁾	\$ 146.4	\$ 95.2	\$ 1.9	\$ 97.1
December 31, 2023				
Other long-term investments ⁽¹⁾	\$ 189.8	\$ 126.2	\$ 5.7	\$ 131.9

(1) Excludes the Company's investments in Related Party Investment Funds which are also VIEs and are discussed separately below.

Third Point Enhanced LP

As of June 30, 2024, the Company and TP GP hold interests of approximately 89.2% and 10.8%, respectively, of the net asset value of TP Enhanced Fund. As a result, both entities hold significant financial interests in TP Enhanced Fund. However, TP GP controls all of the investment decision-making authority and the Company does not have the power to direct the activities which most significantly impact the economic performance of TP Enhanced Fund. As a result, the Company is not considered the primary beneficiary and does not consolidate TP Enhanced Fund. The Company's maximum exposure to loss corresponds to the value of its investments in the TP Enhanced Fund. See Note 7 for additional information on the Company's investment in the TP Enhanced Fund.

Investment in Third Point Venture Offshore Fund I LP

TP Venture GP controls all of the investment decision-making authority of the TP Venture Fund. The Company does not have the power to direct the activities which most significantly impact the economic performance of the TP Venture Fund. The Company's maximum exposure to loss corresponds to the value of its investment in the TP Venture Fund. See Note 7 for additional information on the Company's investment in the TP Venture Fund.

Investment in Third Point Venture Offshore Fund II LP

TP Venture GP II controls all of the investment decision-making authority of the TP Venture Fund II. The Company does not have the power to direct the activities which most significantly impact the economic performance of the TP Venture Fund II. The Company's maximum exposure to loss corresponds to the value of its investment in TP Venture Fund II. See Note 7 for additional information on the Company's investment in TP Venture Fund II.

11. Loss and loss adjustment expense reserves

The following table represents the activity in the loss and loss adjustment expense reserves for the six months ended June 30, 2024 and 2023:

	June 30, 2024	June 30, 2023
Gross reserves for loss and loss adjustment expenses, beginning of period	\$ 5,608.1	\$ 5,268.7
Less: loss and loss adjustment expenses recoverable, beginning of period	(2,295.1)	(1,376.2)
Less: deferred charges on retroactive reinsurance contracts	27.5	(1.0)
Net reserves for loss and loss adjustment expenses, beginning of period	3,340.5	3,891.5
Net reserves for loss and loss adjustment expenses transferred ⁽¹⁾	—	(884.4)
Increase (decrease) in net loss and loss adjustment expenses incurred in respect of losses occurring in:		
Current year	721.9	781.2
Prior years	(40.0)	(138.4)
Total incurred loss and loss adjustment expenses	681.9	642.8
Net loss and loss adjustment expenses paid in respect of losses occurring in:		
Current year	(94.4)	(121.2)
Prior years	(511.2)	(479.5)
Total net paid losses	(605.6)	(600.7)
Foreign currency translation	20.5	2.1
Net reserves for loss and loss adjustment expenses, end of period	3,437.3	3,051.3
Plus: loss and loss adjustment expenses recoverable, end of period	2,191.5	2,276.6
Plus: deferred (gains) charges on retroactive reinsurance ⁽¹⁾	(22.8)	(20.5)
Gross reserves for loss and loss adjustment expenses, end of period	<u>\$ 5,606.0</u>	<u>\$ 5,307.4</u>

(1) Deferred charges on retroactive reinsurance are recorded in Other assets on the Company's consolidated balance sheets. Deferred gains on retroactive reinsurance are presented as a separate line item on the Company's consolidated balance sheets.

The Company's prior year reserve development arises from changes to estimates of losses and loss adjustment expenses related to loss events that occurred in previous calendar years.

For the six months ended June 30, 2024, the Company recorded \$40.0 million of net favorable prior year loss reserve development primarily resulting from favorable development on one contract in runoff, as well as decreased ultimate losses in the Credit Reinsurance portfolio and North America A&H, partially offset by increases in the Environmental business.

For the six months ended June 30, 2023, the Company recorded \$138.4 million of favorable net prior year loss reserve development primarily resulting from decreases in the domestic and international property and casualty lines of business in the Reinsurance segment and A&H in the Insurance & Services segment, driven by reserving analyses performed in connection with the 2023 LPT, which represented \$118.2 million of the favorable loss reserve development.

12. Allowance for expected credit losses

The Company is exposed to credit losses through sales of its insurance and reinsurance products and services. The financial assets in scope of the current expected credit losses impairment model primarily include the Company's insurance and reinsurance balances receivable and loss and loss adjustment expenses recoverable. The Company pools these amounts by counterparty credit rating and applies a credit default rate that is determined based on the studies published by the rating agencies (e.g., AM Best, Standard & Poor's ("S&P"), Fitch Ratings, Demotech). In circumstances where ratings are unavailable, the Company applies an internally developed default rate based on historical experience, reference data including research publications, and other relevant inputs.

The Company's assets in scope of the current expected credit loss assessment as of June 30, 2024 and December 31, 2023 are as follows:

	June 30, 2024	December 31, 2023
Insurance and reinsurance balances receivable, net	\$ 2,120.2	\$ 1,966.3
Loss and loss adjustment expenses recoverable, net	2,191.5	2,295.1
Other assets ⁽¹⁾	108.1	76.8
Total assets in scope	<u>\$ 4,419.8</u>	<u>\$ 4,338.2</u>

(1) Relates to MGA trade receivables (included in Other assets in the Company's consolidated balance sheets), loans receivables (included in Other long-term investments in the Company's consolidated balance sheets) and interest and dividend receivables.

The Company's allowance for expected credit losses was \$28.6 million as of June 30, 2024 (December 31, 2023 - \$28.8 million). For the three and six months ended June 30, 2024, the Company recorded current expected credit gains of \$0.4 million and \$0.4 million (2023 - none and none). Changes to the current expected credit losses are included in net corporate and other expenses in the consolidated statements of income.

The Company monitors counterparty credit ratings and macroeconomic conditions, and considers the most current ratings from credit rating agencies to determine the allowance each quarter. As of June 30, 2024, approximately 69% of the total gross assets in scope were balances with counterparties rated by major credit rating agencies and, of the total rated, 85% were rated A- or better.

13. Debt and letter of credit facilities

Debt obligations

The following table represents a summary of the Company's debt obligations on its consolidated balance sheets as of June 30, 2024 and December 31, 2023:

	June 30, 2024		December 31, 2023	
	Amount	Effective rate ⁽¹⁾	Amount	Effective rate ⁽¹⁾
2024 Senior Notes, at face value	\$ 400.0	7.4 %	\$ —	— %
Unamortized discount	(5.8)		—	
2024 Senior Notes, carrying value	<u>394.2</u>		<u>—</u>	
2017 SEK Subordinated Notes, at face value	259.7	8.3 %	273.6	7.7 %
Unamortized discount	(5.3)		(5.7)	
2017 SEK Subordinated Notes, carrying value	<u>254.4</u>		<u>267.9</u>	
2016 Senior Notes, at face value	—	— %	400.0	4.6 %
Unamortized premium	—		3.5	
2016 Senior Notes, carrying value	<u>—</u>		<u>403.5</u>	
2015 Senior Notes, at face value	—	— %	115.0	7.0 %
Unamortized issuance costs	—		(0.2)	
2015 Senior Notes, carrying value	<u>—</u>		<u>114.8</u>	
Total debt	<u>\$ 648.6</u>		<u>\$ 786.2</u>	

(1) Effective rate considers the effect of the debt issuance costs, discount, and premium.

In April 2024, the Company issued \$400.0 million aggregate principal amount of its 7.0% Senior Notes due 2029 (the "2024 Senior Notes"). Interest is payable on the 2024 Senior Notes semi-annually in arrears on April 5 and October 5 of each year, commencing on October 5, 2024. The 2024 Senior Notes were issued pursuant to a Senior Indenture, dated as of April 5, 2024, between the Company and The Bank of New York Mellon, as trustee, and supplemented by a First Supplemental Indenture thereto with The Bank of New York Mellon, as trustee. The 2024 Senior Notes were offered and sold pursuant to the shelf registration statement on Form S-3 (File No. 333-255917), filed with the U.S. Securities and Exchange Commission (the "Commission") on May 7, 2021, and a prospectus supplement related to the 2024 Senior Notes dated March 27, 2024 (filed with the Commission pursuant to Rule 424(b)(2) under the Securities Act of 1933).

In April 2024, the Company amended its 4.6% 2016 Senior Notes pursuant to a Fourth Supplemental Indenture thereto with The Bank of New York Mellon, as trustee, and following such amendments the Company completed the redemption of all remaining outstanding \$400.0 million aggregate principal amount of its 2016 Senior Notes. The Company also redeemed all \$115.0 million aggregate principal amount of its 2015 Senior Notes in April 2024. The Company used certain of the proceeds from the 2024 Senior Notes, together with available cash, to fund the purchase of validly tendered 2016 Senior Notes and the redemptions of the 2016 Senior Notes and the 2015 Senior Notes.

The Company was in compliance with all debt covenants as of and for the periods ended June 30, 2024 and December 31, 2023.

Standby letter of credit facilities

As of June 30, 2024, the Company had entered into the following letter of credit facilities:

	Letters of Credit		Collateral	
	Committed Capacity	Issued	Cash and Cash Equivalents	Debt securities
Committed - Secured letters of credit facilities	\$ 355.0	\$ 272.5	\$ 12.9	\$ 230.5
Uncommitted - Secured letters of credit facilities	n/a	943.7	6.1	1,157.9
		<u>\$ 1,216.2</u>	<u>\$ 19.0</u>	<u>\$ 1,388.4</u>

The Company's secured letter of credit facilities are bilateral agreements that generally renew on an annual basis. The letters of credit issued under the secured letter of credit facilities are fully collateralized. The above referenced facilities are subject to various affirmative, negative and financial covenants that the Company considers to be customary for such borrowings, including certain minimum net worth and maximum debt to capitalization standards. See Note 5 for additional information.

Interest expense

During the three and six months ended June 30, 2024 total interest expense includes \$12.0 million and \$23.8 million associated with debt obligations, respectively (2023 - \$11.7 million and \$24.5 million, respectively). Additionally, for the three and six months ended June 30, 2024 funds withheld interest from the 2023 LPT of \$7.1 million and \$14.2 million, respectively (2023 - none and none, respectively) is included in total interest expense, partially offset by a gain on the commutation of a deposit accounted contract. See Note 3 - Significant transactions for further discussion on the 2023 LPT.

Revolving credit facility

In addition to the letter of credit facilities above, the Company entered into a three-year, \$300.0 million senior unsecured revolving credit facility (the "Facility") with JPMorgan Chase Bank, N.A. as administrative agent, effective February 26, 2021, which was renewed in February 2024 for one year. The Facility provides access to loans for working capital and general corporate purposes, and letters of credit to support obligations under insurance and reinsurance agreements, retrocessional agreements and for general corporate purposes. Loans and letters of credit under the Facility will become available, subject to customary conditions precedent. As of June 30, 2024, there were no outstanding borrowings under the Facility.

14. Income taxes

The Company provides income tax expense or benefit based upon pre-tax income or loss reported in the consolidated statements of income and the provisions of currently enacted tax laws. Under current Bermuda law, the Company and its Bermuda-domiciled subsidiaries are not subject to income taxes imposed by the government of Bermuda. Starting in 2025, a 15% corporate income tax is expected to apply to the Company's Bermuda operations as a result of the enactment of the Corporate Income Tax Act 2023 (the "Bermuda CIT"). The Bermuda CIT legislation includes specific provisions intended to administer a fair and equitable transition into the new tax system, referred to as the economic transition adjustment ("ETA") and opening tax loss carryforward ("OTLC"). The Company expects that SiriusPoint Ltd. and at least one of its major subsidiaries organized and operating in Bermuda will be subject to these provisions. The Company expects its in-scope entities will incur increased tax expense in Bermuda beginning in 2025.

The Company has subsidiaries and branches that operate in various other jurisdictions around the world that are subject to tax in the jurisdictions in which they operate. The jurisdictions in which the Company's subsidiaries and branches are subject to tax are Belgium, Bermuda, Canada, Germany, Gibraltar, Hong Kong (China), Luxembourg, Singapore, Sweden, Switzerland, the United Kingdom, and the United States.

For the three and six months ended June 30, 2024, the Company recorded income tax expense of \$14.2 million and \$23.9 million, respectively (2023 - \$15.8 million and \$41.3 million, respectively) on pre-tax income of \$129.0 million and \$234.6 million, respectively (2023 - \$77.7 million and \$241.5 million, respectively). The effective tax rates for the three and six months ended June 30, 2024 were 10.9% and 10.1%, respectively. The difference between the effective tax rates on income from continuing operations and the Bermuda statutory tax rate of 0.0% is primarily because of income recognized in jurisdictions with higher tax rates than Bermuda, and adjustments pursuant to applicable U.S. GAAP guidance on interim period financial reporting of taxes, which are based on the annual estimated effective tax rate.

In arriving at the estimated annual effective tax rate for the six months ended June 30, 2024 and 2023, the Company took into consideration all year-to-date income and expense items including the change in unrealized investment gains (losses) and realized investment gains (losses) and such items on a forecasted basis for the remainder of each year.

In December 2021, the OECD published two global anti-base erosion model rules under Pillar Two (the “GloBE Rules”), which implement a 15% global minimum tax applicable for multinational groups. The first GloBE Rule is the income inclusion rule (“IIR”), which imposes “top-up” tax on a parent entity in respect of the income of a subsidiary that is taxed at less than 15%. The second GloBE Rule is the “undertaxed payments” rule, which denies deductions or requires an equivalent adjustment to the extent the income of an affiliate which is taxed at less than 15%. On January 1, 2024, the GloBE Rules went into effect in the EU, including a minimum top-up tax rate of 15% for multinational companies, with many EU member states enacting corollary legislation as part of their respective domestic tax laws. The Company will continue to monitor how the relevant countries have enacted Pillar Two. Pillar Two is not expected to have a material impact to the current year financial statements.

Uncertain tax positions

Recognition of the benefit of a given tax position is based upon whether a company determines that it is more likely than not that a tax position will be sustained upon examination based upon the technical merits of the position. In evaluating the more likely than not recognition threshold, the Company must presume that the tax position will be subject to examination by a taxing authority with full knowledge of all relevant information. If the recognition threshold is met, then the tax position is measured at the largest amount of benefit that is more than 50% likely of being realized upon ultimate settlement.

The total reserve for unrecognized tax benefits is \$2.3 million as of June 30, 2024, which did not materially change compared to December 31, 2023. If the Company determines in the future that its reserves for unrecognized tax benefits on permanent differences and interest and penalties are not needed, the reversal of \$1.6 million of such reserves as of June 30, 2024 would be recorded as an income tax benefit and would impact the effective tax rate. The remaining balance is accrued interest and penalties.

15. Shareholders' equity

Common shares

The following table presents a summary of the common shares issued and outstanding as of and for the six months ended June 30, 2024 and 2023:

	2024	2023
Common shares issued and outstanding, beginning of period	168,120,022	162,177,653
Issuance of common shares, net of forfeitures and shares withheld	742,557	1,022,977
Issuance of common shares upon exercise of options	1,710,211	—
Common shares issued and outstanding, end of period	170,572,790	163,200,630

The Company’s authorized share capital consists of 300,000,000 common shares with a par value of \$0.10 each. During the six months ended June 30, 2024 and 2023, the Company did not pay any dividends to its common shareholders.

Preference shares

The Company’s authorized share capital also consists of 30,000,000 preference shares with a par value of \$0.10 each.

Series B preference shares

The Series B preference shares are listed on the New York Stock Exchange under the symbol “SPNT PB”. The Company has 8,000,000 of Series B preference shares outstanding, par value \$0.10. Dividends on the Series B preference shares are

cumulative and payable quarterly in arrears at an initial rate of 8.0% per annum. The preference shareholders have no voting rights with respect to the Series B preference shares unless dividends have not been paid for six dividend periods, whether or not consecutive, in which case the holders of the Series B preference shares will have the right to elect two directors.

The dividend rate will reset on each five-year anniversary of issuance at a rate equal to the five-year U.S. treasury rate at such time plus 7.298%. The Series B preference shares are perpetual and have no fixed maturity date. The Series B preference shares provide for redemption rights by the Company (i) in whole, or in part, on each five-year anniversary of issuance at 100%, (ii) in whole, but not in part, (a) upon certain rating agency events, at 102%, (b) upon certain capital disqualification events, at 100%, and (c) upon certain tax events, at 100%.

During the three and six months ended June 30, 2024, the Company declared and paid dividends of \$4.0 million and \$8.0 million, respectively, to the Series B preference shareholders (2023 - \$4.0 million and \$8.0 million, respectively). The Company has declared and paid dividends to the Series B preference shareholders every quarter beginning June 30, 2021.

16. Earnings per share available to SiriusPoint common shareholders

The following sets forth the computation of basic and diluted earnings per share available to SiriusPoint common shareholders for the three and six months ended June 30, 2024 and 2023:

	Three months ended		Six months ended	
	June 30, 2024	June 30, 2023	June 30, 2024	June 30, 2023
Weighted-average number of common shares outstanding:				
Basic number of common shares outstanding	170,173,022	162,027,831	169,453,656	161,473,011
Dilutive effect of options	1,033,362	494,422	1,036,199	307,705
Dilutive effect of warrants	2,476,640	1,304,823	2,066,491	951,655
Dilutive effect of restricted share awards and units	1,661,781	2,881,856	2,204,498	3,264,827
Dilutive effect of Series A preference shares	3,366,449	—	3,324,275	—
Diluted number of common shares outstanding	178,711,254	166,708,932	178,085,119	165,997,198
Basic earnings per common share:				
Net income available to SiriusPoint common shareholders	\$ 109.9	\$ 55.9	\$ 200.7	\$ 187.8
Net income allocated to SiriusPoint participating shareholders	(7.2)	(4.0)	(13.4)	(13.9)
Net income allocated to SiriusPoint common shareholders	\$ 102.7	\$ 51.9	\$ 187.3	\$ 173.9
Basic earnings per share available to SiriusPoint common shareholders	\$ 0.60	\$ 0.32	\$ 1.11	\$ 1.08
Diluted earnings per common share:				
Net income available to SiriusPoint common shareholders	\$ 109.9	\$ 55.9	\$ 200.7	\$ 187.8
Net income allocated to SiriusPoint participating shareholders	(7.2)	(4.0)	(13.4)	(13.9)
Net income allocated to SiriusPoint common shareholders	\$ 102.7	\$ 51.9	\$ 187.3	\$ 173.8
Diluted earnings per share available to SiriusPoint common shareholders	\$ 0.57	\$ 0.31	\$ 1.05	\$ 1.05

For the three and six months ended June 30, 2024, restricted share units of 17,799 and 8,900, respectively, were excluded from the computation of diluted earnings per share attributable to SiriusPoint common shareholders. For the three and six months ended June 30, 2023, options of 2,327,965 and 2,756,476, respectively, warrants of 27,097,859 and 27,097,859, respectively, and restricted share units of 20,042 and 397,151, respectively, were excluded from the computation of diluted earnings per share attributable to SiriusPoint common shareholders.

17. Related party transactions

In addition to the transactions disclosed in Notes 7 and 10 to these consolidated financial statements, the following transactions are classified as related party transactions, as the counterparties have either a direct or indirect shareholding in the Company or the Company has an investment in such counterparty.

(Re)insurance contracts

During the three and six months ended June 30, 2024, insurance and reinsurance contracts with certain of the Company's insurance and MGA related parties resulted in gross premiums written of \$38.3 million and \$55.3 million, respectively, (2023

- \$79.8 million and \$147.3 million, respectively). As of June 30, 2024, the Company had total receivables from these related parties of \$32.4 million and no payables (December 31, 2023 - receivables of \$61.8 million and no payables).

Investments managed by related parties

The following table provides the fair value of the Company's investments managed by related parties as of June 30, 2024 and December 31, 2023:

	June 30, 2024	December 31, 2023
Third Point Enhanced LP	\$ 79.0	\$ 77.5
Third Point Venture Offshore Fund I LP	23.8	25.0
Third Point Venture Offshore Fund II LP	3.8	3.1
Investments in related party investment funds, at fair value	106.6	105.6
Third Point Optimized Credit Portfolio ⁽¹⁾	593.2	562.0
Total investments managed by related parties	<u>\$ 699.8</u>	<u>\$ 667.6</u>

(1) The Third Point Optimized Credit Portfolio is reported in debt securities, available for sale and trading, in the consolidated balance sheets

Management, advisory and performance fees to related parties

The total management, advisory and performance fees to related parties for the three and six months ended June 30, 2024 and 2023 were as follows:

	Three months ended		Six months ended	
	June 30, 2024	June 30, 2023	June 30, 2024	June 30, 2023
Management and advisory fees	\$ 1.9	\$ 2.5	\$ 3.6	\$ 4.2
Performance fees	—	—	0.4	—
Total management, advisory and performance fees to related parties ⁽¹⁾	<u>\$ 1.9</u>	<u>\$ 2.5</u>	<u>\$ 4.0</u>	<u>\$ 4.2</u>

(1) Management, advisory and performance fees for the Related Party Investment Funds, where applicable, are presented within net realized and unrealized investment gains from related party investment funds in the consolidated statements of income.

Management and advisory fees

Third Point Enhanced LP

Pursuant to the 2022 LPA, effective February 23, 2022, Third Point LLC is entitled to receive monthly management fees. Management fees are charged at the TP Enhanced Fund level and are calculated based on 1.25% per annum of the investment in TP Enhanced Fund.

Third Point Venture Offshore Fund I LP

No management fees are payable by the Company under the 2021 Venture LPA.

Third Point Venture Offshore Fund II LP

Pursuant to the 2022 Venture II LPA, management fees are charged at the TP Venture Fund II level and are calculated based on 0.1875% per quarter (0.75% per annum).

Third Point Insurance Portfolio Solutions and Third Point Optimized Credit

Pursuant to the Third Point Insurance Portfolio Solutions Investment Management Agreement ("TPIPS IMA"), effective February 26, 2021, the Company will pay Third Point LLC a fixed management fee, payable monthly in advance, equal to 1/12 of 0.06% of the fair value of assets managed (other than assets invested in TP Enhanced Fund).

Pursuant to the 2022 IMA, effective February 23, 2022, the Company will also pay Third Point LLC a monthly management fee equal to one twelfth of 0.50% (0.50% per annum) of the TPOC Portfolio, net of any expenses, and a fixed advisory fee of \$1.5 million per annum.

Performance fees

Third Point Enhanced LP

Pursuant to the 2022 LPA, TP GP receives a performance fee allocation equal to 20% of the Company's investment income in the related party investment fund. The performance fee is included as part of "Investments in related party investment fund, at fair value" on the Company's consolidated balance sheets since the fees are charged at the TP Enhanced Fund level.

Third Point Venture Offshore Fund I LP

Pursuant to the 2021 Venture LPA, TP Venture GP receives a performance fee allocation equal to 20% of the Company's investment income in the related party investment fund.

Third Point Venture Offshore Fund II LP

Pursuant to the 2022 Venture II LPA, TP Venture GP II receives a performance fee allocation equal to 20% of the Company's investment income in the related party investment fund.

Third Point Optimized Credit

Pursuant to the 2022 IMA, the Company will pay Third Point LLC, from the assets of each sub-account, an annual incentive fee equal to 15% of outperformance over a specified benchmark. The performance fee is included as part of "Net investment income" on the Company's consolidated statements of income.

18. Commitments and contingencies

Liability-classified capital instruments

On February 26, 2021, the Company completed its acquisition of Sirius International Insurance Group, Ltd. ("Sirius Group"). The aggregate consideration for the transaction included the issuance of preference shares, warrants, and other contingent value components, which are recorded at fair value in the liability-classified capital instruments line of the consolidated balance sheets.

Series A Preference Shares

On February 26, 2021, certain holders of Sirius Group shares elected to receive Series A preference shares, par value \$0.10 per share ("Series A Preference Shares"), with respect to the consideration price of the Sirius Group acquisition. The Company issued 11,720,987 Series A Preference Shares. The Series A Preference Shares rank *pari passu* with the Company's common shares with respect to the payment of dividends or distributions. Each Series A Preference Share has voting power equal to the number of Company shares into which it is convertible, and the Series A Preference Shares and Company shares shall vote together as a single class with respect to any and all matters. Upon the third anniversary of the closing date of the Sirius Group acquisition, the Series A Preference Shares were subject to a conversion ratio calculation, based on ultimate COVID-19 losses along with other measurement criteria, to convert into the Company's common shares. The Company and Series A Preference Share investors reviewed the COVID-19 loss estimates and the Company will settle the Series A Preference Shares in the third quarter of 2024. For further details, see Note 20 "Subsequent event".

During the three and six months ended June 30, 2024, the Company recorded a gain (loss) of \$0.6 million and \$(3.3) million, respectively, from the change in fair value of the Series A Preference Shares (2023 - \$(8.2) million and \$(13.5) million respectively). As of June 30, 2024, the fair value of the Series A Preference Shares is \$40.9 million (December 31, 2023 - \$37.6 million).

During the six months ended June 30, 2024, the Company did not declare or pay dividends to holders of Series A Preference Shares.

Merger Warrants

On February 26, 2021, the Company issued certain warrants with respect to the consideration price of the Sirius Group acquisition (the "Merger Warrants"). As of June 30, 2024, the Company had reserved for issuance common shares underlying warrants to purchase, in the aggregate, up to 21,009,324 common shares, to previous Sirius Group common shareholders.

During the three and six months ended June 30, 2024, the Company recorded a gain (loss) of \$10.0 million and \$(2.0) million respectively from the change in fair value of the Merger Warrants (2023 - \$(8.6) million and \$(24.6) million respectively). As of June 30, 2024, the estimated fair value of the Merger Warrants is \$31.7 million (December 31, 2023 - \$29.7 million).

Sirius Group Private Warrants

On February 26, 2021, the Company entered into an assumption agreement pursuant to which the Company agreed to assume all of the warrants issued on November 5, 2018 and November 28, 2018 (the “Private Warrants”) by Sirius Group to certain counterparties. The 5,418,434 Private Warrants were all exercised before their maturity on November 5, 2023.

During the three and six months ended June 30, 2023, the Company recorded losses of \$2.1 million and \$6.4 million, respectively, from the change in fair value of the Private Warrants.

Sirius Group Public Warrants

Under the merger agreement between Sirius Group and Easterly Acquisition Corporation (“Easterly”), each of Easterly’s existing issued and outstanding public warrants was converted into a warrant exercisable for Sirius Group common shares (“Sirius Group Public Warrants”). The Sirius Group Public Warrants expired without exercise on October 27, 2023.

During the three and six months ended June 30, 2023, there was no change in the fair value of the Sirius Group Public Warrants.

Contingent Value Rights

On February 26, 2021, the Company entered into a contingent value rights agreement with respect to the consideration price of the Sirius Group acquisition. The contingent value rights (“CVRs”) became publicly traded on the OTCQX Best Market during the quarter ended June 30, 2021. The CVRs matured on February 26, 2023 and were settled for \$38.5 million.

Promissory notes & loan agreement

On September 16, 2020, the Company entered into an Unsecured Promissory Note agreement with Arcadian pursuant to which the Company had committed to loan up to \$18.0 million. No amounts were drawn through June 30, 2024. The Unsecured Promissory Note agreement was terminated effective July 3, 2024.

On March 7, 2022, the Company entered into an Unsecured Convertible Promissory Note agreement with Player’s Health, pursuant to which the Company has lent \$8.0 million. Interest shall accrue and be computed on the aggregate principal amount drawn and outstanding at a rate of 6.0% per annum.

Litigation

From time to time in the normal course of business, the Company may be involved in formal and informal dispute resolution processes, which may include arbitration or litigation, the outcomes of which determine the rights and obligations under the Company’s reinsurance and insurance contracts and other contractual agreements. In some disputes, the Company may seek to enforce its rights under an agreement or to collect funds owed to it. In other matters, the Company may resist attempts by others to collect funds or enforce alleged rights. The Company may also be involved, from time to time in the normal course of business, in formal and informal dispute resolution processes that do not arise from, or are not directly related to, claims activity. The Company believes that no individual litigation or arbitration to which it is presently a party is likely to have a material adverse effect on its results of operations, financial condition, business or operations.

Leases

The Company operates in Bermuda, the United States, Canada, Europe and Asia, and leases office space under various non-cancelable operating lease agreements.

During the three and six months ended June 30, 2024, the Company recognized operating lease expense of \$2.5 million and \$4.7 million, respectively (2023 - \$2.6 million and \$5.1 million, respectively), including property taxes and routine maintenance expense as well as rental expenses related to short term leases.

The following table presents the lease balances within the consolidated balance sheets as of June 30, 2024 and December 31, 2023:

	June 30, 2024	December 31, 2023
Operating lease right-of-use assets ⁽¹⁾	\$ 22.9	\$ 25.6
Operating lease liabilities ⁽²⁾	\$ 25.4	\$ 28.4
Weighted average lease term (years)	5.2	4.1
Weighted average discount rate	2.9 %	2.9 %

(1) Operating lease right-of-use assets are included in Other assets on the Company's consolidated balance sheets.

(2) Operating lease liabilities are included in Accounts payable, accrued expenses and other liabilities on the Company's consolidated balance sheets.

Future minimum rental commitments as of June 30, 2024 under these leases are expected to be as follows:

	Future Payments
Remainder of 2024	\$ 3.3
2025	5.8
2026	5.0
2027	4.1
2028 and thereafter	9.2
Total future annual minimum rental payments	27.4
Less: present value discount	(2.0)
Total lease liability as of June 30, 2024	<u>\$ 25.4</u>

19. Quarterly financial results

Revision of Q2 2023 interim financial statements

In connection with the preparation of its third quarter 2023 financial statements, the Company identified certain immaterial errors in its previously issued 2023 interim financial statements, primarily relating to a manual calculation in its property catastrophe business, and also an overnight data transfer error. This resulted in the incorrect recognition of Net premiums earned. The Company performed an analysis in accordance with the guidance set forth in SEC Staff Bulletin 99, Materiality, and SEC Staff Accounting Bulletin 108, Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements, and concluded that the errors were not material, both individually and in the aggregate, to any previously issued financial statements, and were not intentional. Although not required to do so, but in an effort to provide transparency and in line with good practice, Management revised the previously issued 2023 interim financial statements in its third quarter 2023 financial statements. The impacts on those financial statements of these revisions are presented below. For the impact of the revisions on the Company's operating segment results, see Note 4 "Segment reporting".

The impacts of the revisions on the Company's previously issued consolidated financial statements as of and for the periods indicated are as follows:

	Three months ended June 30, 2023			Six months ended June 30, 2023		
	As previously reported	Revision	As revised	As previously reported	Revision	As revised

Share Repurchase Program

In July 2024, the Company's Board of Directors authorized the Company to repurchase up to an additional \$250.0 million of the Company's common shares. Together with amounts remaining available under previously announced share repurchase authorizations, the Company is authorized to repurchase up to \$306.3 million of the Company's common shares in the aggregate. The share repurchase program does not have an expiration date.

Under the share repurchase program, the Company may repurchase its common stock from time to time, in amounts, at prices and at times the Company deems appropriate in its sole discretion, subject to market conditions and other considerations. The share repurchases may be effected through a variety of methods, which may include open market purchases, privately negotiated transactions, block trades and accelerated share repurchase programs, including in accordance with Rule 10b5-1 and Rule 10b-18 under the Securities Exchange Act of 1934, or any combination of such methods.

CM Bermuda Settlement and Share Repurchase

On August 1, 2024, the Company entered into a Confidential Settlement and Mutual Release Agreement (the "Settlement Agreement"), and concurrently therewith, a Share Repurchase Agreement (the "Share Repurchase Agreement" and, together with the Settlement Agreement, collectively, the "Agreement"), in each case, with CM Bermuda Limited (the "Seller") and CMIG International Holding Pte. Ltd. ("CMIH").

The Settlement Agreement provides, among other things, that the Company will pay the Seller for full satisfaction and discharge of all obligations and all other claims of any nature related to the Company's Series A Preference Shares held by the Seller and the related Certificate of Designation of Series A Preference Shares of the Company. The Share Repurchase Agreement provides that the Company will repurchase 9,077,705 of the Company's issued and outstanding common shares held by the Seller, for an aggregate consideration of approximately \$125 million, pursuant to the share repurchase program.

The Company will pay the Seller a total consideration of approximately \$261.0 million upon the closing of the transactions contemplated by the Agreement, which is expected to occur in the third quarter of 2024. The Company expects that the transactions contemplated by the Agreement will result in a net loss of approximately \$55.0 million to \$70.0 million in the third quarter of 2024.

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis is intended to help the reader understand our business, financial condition, results of operations, liquidity and capital resources. You should read this discussion in conjunction with our unaudited consolidated financial statements and the related notes contained elsewhere in this Quarterly Report on Form 10-Q ("Form 10-Q") and the information under "Management's Discussion and Analysis of Financial Condition and Results of Operations" included in the Company's Annual Report on Form 10-K for the year ended December 31, 2023. The terms "we," "our," "us" and the "Company," as used in this report, refer to SiriusPoint Ltd. ("SiriusPoint") and its directly and indirectly owned subsidiaries as a combined entity, except where otherwise stated or where it is clear that the terms mean only SiriusPoint exclusive of its subsidiaries.

The statements in this discussion regarding business outlook, our expectations regarding our future performance, liquidity and capital resources and other non-historical statements in this discussion are forward-looking statements. These forward-looking statements are subject to numerous risks and uncertainties, including, but not limited to, the risks and uncertainties described in "Risk Factors" of our Annual Report on Form 10-K for the year ended December 31, 2023 (the "2023 Form 10-K") and in "Cautionary Note Regarding Forward-Looking Statements" below. Our actual results may differ materially from those contained in or implied by any forward-looking statements.

Cautionary Note Regarding Forward-Looking Statements

Certain statements in this Form 10-Q may constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements include, without limitation, statements regarding prospects for our industry, our business strategy, plans, goals and expectations concerning our market position, international expansion, investment portfolio expectations, future operations, margins, profitability, efficiencies, capital expenditures, liquidity and capital resources and other non-historical financial and operating information. When used in this discussion, the words "believes," "intends," "seeks," "anticipates," "aims," "plans," "targets," "estimates," "expects," "assumes," "continues," "should," "could," "will," "may" and the negative of these or similar terms and phrases are intended to identify forward-looking statements. These statements also include, but are not limited to, statements regarding the transactions contemplated by the Confidential Settlement and Mutual Release Agreement (the "Settlement Agreement"), and concurrently therewith, a Share Repurchase Agreement (the "Share Repurchase Agreement" and, together with the Settlement Agreement, collectively, the "Agreement").

Forward-looking statements reflect our current expectations regarding future events, results or outcomes. These expectations may or may not be realized. Although we believe the expectations reflected in the forward-looking statements are reasonable, we can give you no assurance these expectations will prove to have been correct. Some of these expectations may be based upon assumptions, data or judgments that prove to be incorrect. Actual events, results and outcomes may differ materially from our expectations due to a variety of known and unknown risks, uncertainties and other factors. Although it is not possible to identify all of these risks and factors, they include, among others, the following:

- our ability to execute on our strategic transformation, including re-underwriting to reduce volatility and improving underwriting performance, de-risking our investment portfolio, and transforming our business;
- the impact of unpredictable catastrophic events including uncertainties with respect to current and future COVID-19 losses across many classes of insurance business and the amount of insurance losses that may ultimately be ceded to the reinsurance market, supply chain issues, labor shortages and related increased costs, changing interest rates and equity market volatility;
- inadequacy of loss and loss adjustment expense reserves, the lack of available capital, and periods characterized by excess underwriting capacity and unfavorable premium rates;
- the performance of financial markets, impact of inflation and interest rates, and foreign currency fluctuations;
- our ability to compete successfully in the insurance and reinsurance market and the effect of consolidation in the insurance and reinsurance industry;
- technology breaches or failures, including those resulting from a malicious cyber-attack on us, our business partners or service providers;
- the effects of global climate change, including increased severity and frequency of weather-related natural disasters and catastrophes and increased coastal flooding in many geographic areas;
- geopolitical uncertainty, including the ongoing conflicts in Europe and the Middle East;
- our ability to retain key senior management and key employees;

- a downgrade or withdrawal of our financial ratings;
- fluctuations in our results of operations;
- legal restrictions on certain of SiriusPoint's insurance and reinsurance subsidiaries' ability to pay dividends and other distributions to SiriusPoint;
- the outcome of legal and regulatory proceedings and regulatory constraints on our business;
- reduced returns or losses in SiriusPoint's investment portfolio;
- our exposure or potential exposure to corporate income tax in Bermuda and the EU, U.S. federal income and withholding taxes and our significant deferred tax assets, which could become devalued if we do not generate future taxable income or applicable corporate tax rates are reduced;
- risks associated with delegating authority to third party managing general agents, managing general underwriters and/or program administrators ("MGAs");
- future strategic transactions such as acquisitions, dispositions, investments, mergers or joint ventures;
- the Company's response to any acquisition proposal that may be received from any party, including any actions that may be considered by the Company's Board of Directors or any committee thereof; and
- other risks and factors listed under "Risk Factors" in our 2023 Form 10-K and other subsequent periodic reports filed with the Securities and Exchange Commission.

Additionally, the transactions contemplated by the Agreement are subject to risks and uncertainties and factors that could cause the Company's actual results to differ from those statements herein including, but not limited to: that the Company may be unable to complete the proposed transactions because, among other reasons, conditions to the closing of the proposed transactions are not be satisfied or waived; the occurrence of any event, change or other circumstance that could give rise to the termination of the Agreement; and the outcome of any legal proceedings to the extent initiated against the Company or others following the announcement of the proposed transaction, as well as the Company's response to any of the aforementioned factors.

Any one of these factors or a combination of these factors could materially affect our financial condition or future results of operations and could influence whether any forward-looking statements contained in this report ultimately prove to be accurate. Our forward-looking statements are not guarantees of future performance, and you should not place undue reliance on them. All forward-looking statements speak only as of the date made and we undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.

In addition, while we do, from time to time, communicate with security analysts, it is against our policy to disclose to them any material non-public information or other confidential information. Accordingly, shareholders should not assume that we agree with any statement or report issued by any analyst irrespective of the content of the statement or report. Thus, to the extent that reports issued by securities analysts contain any projections, forecasts, or opinions, such reports are not our responsibility.

Overview

Our Company was formed following a merger between Sirius International Insurance Group, Ltd. and Third Point Reinsurance Ltd. on February 26, 2021. We are a global underwriter of insurance and reinsurance, domiciled in Bermuda. We have licenses to write property, casualty and accident & health insurance and reinsurance globally, including admitted & non-admitted licensed companies in the United States, a Bermuda Class 4 company, a Lloyd's of London ("Lloyd's") syndicate and managing agency, and an internationally licensed company domiciled in Sweden. Our operating companies have a financial strength rating of A- (Stable) from AM Best, Standard & Poor's ("S&P") and Fitch Ratings ("Fitch") and A3 (Stable) from Moody's Ratings ("Moody's").

We are an underwriting first company as we aim to create a business model which is simplified, fully-integrated and globally connected. Distribution relationships are important to us, as we generate premiums from various sources, including our consolidated MGAs and non-consolidated MGAs. We seek to apply our underwriting talent, capabilities and proven management expertise to underwrite a profitable book of business and identify new opportunities to create value. Our approach is to be nimble and reactive to market opportunities within our segments of Insurance & Services and Reinsurance, allocating capital where we see profitable opportunity, while remaining disciplined and consistent within our specified risk tolerances and areas of expertise. Our MGA strategy is to partner with high integrity and transparent leaders and teams with deep underwriting expertise and a track record of success. Our partnerships are structured to incentivize all parties to deliver

thereby allowing capable teams to do what they do best, while we provide services where our partners are lacking. As of June 30, 2024, we had equity stakes in 22 entities (MGAs, Insurtech and Other) which underwrite or distribute a wide range of lines of business.

Products and Services

Reinsurance Segment

In our Reinsurance segment, we provide reinsurance products to insurance and reinsurance companies, government entities, and other risk bearing vehicles on a treaty or facultative basis. For reinsurance assumed, we participate in the reinsurance market with a global focus through the broker market distribution channel. We primarily write treaty reinsurance, on both a proportional and excess of loss basis, and provide facultative reinsurance in some of our business lines. In the United States and Bermuda, our core focus is on distribution, risk and clients located in North America, while our international operation is focused primarily on distribution, risks and clients located in Europe.

The Reinsurance segment predominantly underwrites Casualty, Property and Specialty lines of business on a worldwide basis.

Insurance & Services Segment

In our Insurance & Services segment, we predominantly provide insurance coverage in addition to receiving fees for services provided within Insurance & Services and to third parties. Insurance & Services revenue allows us to diversify our traditional reinsurance portfolio and generally has lower capital requirements. In addition, service fees from MGAs and their insurance provided are generally not as prone to the volatile underwriting cycle that is common in reinsurance marketplace. The Insurance & Services segment provides coverage in Accident & Health (“A&H”), Property & Casualty, and Specialty.

Investment Management

We continue to reposition our investment portfolio to better align with our underwriting strategy. The increase in interest rates provided an opportunity to rotate the portfolio and capture yield. The repositioning lowers our volatility, while taking advantage of opportunities to improve risk-adjusted returns across asset classes.

Our investment objective is to optimize risk-adjusted after-tax net investment income after tax while (1) maintaining a high quality, diversified investment portfolio, (2) maintaining adequate liquidity, and (3) complying with the regulatory, rating agency, and internal risk and capital management requirements, all in support of the company goal of meeting policyholder obligations.

Recent Developments

Workers’ Compensation Loss Portfolio Transfer

On April 30, 2024, SiriusPoint America Insurance Company (“SiriusPoint America”), a subsidiary of SiriusPoint Ltd., entered into a Master Agreement (the “Master Agreement”), dated as of April 30, 2024, made by and between SiriusPoint America and Clarendon National Insurance Company (“Clarendon National”), an insurer domiciled in Texas and an affiliate of Enstar Group Limited, a Bermuda exempted company (“Enstar”).

Pursuant to the Master Agreement, at the closing of the transactions contemplated therein, among other documents, (a) SiriusPoint America and Clarendon National will enter into a Loss Portfolio Transfer Reinsurance Agreement (the “LPT Agreement”), pursuant to which SiriusPoint America will cede and Clarendon National will assume 100% of the net liability with respect to certain workers’ compensation insurance exposures of SiriusPoint America (the “Subject Business”) on a funds withheld basis, subject to the terms and conditions of the LPT Agreement including an aggregate limit; (b) SiriusPoint America and an affiliate of Clarendon National (the “Administrator”) will enter into an Administrative Services Agreement concerning the Administrator’s authority and responsibility for certain administrative services related to the Subject Business, including claims handling; and (c) Enstar shall issue a Parental Guarantee in favor of SiriusPoint America guaranteeing Clarendon National’s obligations under the LPT Agreement. In certain circumstances and in lieu of the guarantee obligations provided thereunder, Clarendon National may post letters of credit as collateral securing Clarendon National’s reinsurance obligations with respect to the Subject Business. Immediately prior to the effective date of the LPT Agreement, SiriusPoint

will be commuting certain ceded workers' compensation reinsurance contracts, and the liabilities related to those commuted contracts will be included in the Subject Business.

This transaction covers approximately \$400 million of SiriusPoint reserves, including liabilities to be commuted, valued as of December 31, 2023, and the reinsurance premium. The aggregate limit under the LPT Agreements is 150% of the premium paid less certain adjustments for paid losses in the interim period prior to the effective date of the contract. Upon closing and the effective date of the contract, we expect to recognize a loss of \$20 million to \$30 million.

The Master Agreement and the LPT Agreements include customary representations and warranties, indemnification obligations, covenants and termination rights of the parties. The transaction is anticipated to close during the third quarter of 2024, subject to regulatory approvals and other customary closing conditions.

Debt Refinancing

In April 2024, we issued \$400.0 million aggregate principal amount of 7.0% Senior Notes due 2029 (the "2024 Senior Notes"). Interest is payable on the 2024 Senior Notes semi-annually in arrears. The 2024 Senior Notes were issued pursuant to a Senior Indenture, dated as of April 5, 2024, between our Company and The Bank of New York Mellon, as trustee, and supplemented by a First Supplemental Indenture thereto with The Bank of New York Mellon, as trustee. In April 2024, we amended our 4.6% 2016 Senior Notes pursuant to a Fourth Supplemental Indenture thereto with The Bank of New York Mellon, as trustee, and following such amendments we completed the redemption of all remaining outstanding \$400.0 million aggregate principal amount of our 2016 Senior Notes. We also redeemed all \$115.0 million aggregate principal amount of our 2015 Senior Notes in April 2024. We used certain of the proceeds from the 2024 Senior Notes, together with available cash, to fund the purchase of validly tendered 2016 Senior Notes and the redemptions of the 2016 Senior Notes and the 2015 Senior Notes.

Ratings

On March 19, 2024, Moody's assigned our operating companies a new financial strength rating of A3, or stable.

Key Performance Indicators

We believe that the following key financial indicators are the most important in evaluating our performance:

	Three months ended		Six months ended	
	June 30, 2024	June 30, 2023	June 30, 2024	June 30, 2023
(\$ in millions, except for per share data and ratios)				
Combined ratio	89.0 %	83.0 %	87.0 %	78.4 %
Core underwriting income (1)	\$ 36.9	\$ 63.3	\$ 81.2	\$ 170.7
Core net services income (1)	\$ 9.1	\$ 7.7	\$ 27.2	\$ 24.4
Core income (1)	\$ 46.0	\$ 71.0	\$ 108.4	\$ 195.1
Core combined ratio (1)	93.3 %	89.4 %	92.5 %	85.1 %
Annualized return on average common shareholders' equity attributable to SiriusPoint common shareholders	17.9 %	11.0 %	16.7 %	19.2 %
Book value per common share (2)	\$ 14.68	\$ 13.76	\$ 14.68	\$ 13.76
Book value per diluted common share (2)	\$ 14.31	\$ 13.35	\$ 14.31	\$ 13.35
Tangible book value per diluted common share (1) (2)	\$ 13.47	\$ 12.47	\$ 13.47	\$ 12.47

(1) Core underwriting income, Core net services income, Core income and Core combined ratio are non-GAAP financial measures. See definitions in "Non-GAAP Financial Measures" and reconciliations in "Segment Results" below and Note 4 "Segment reporting" in our unaudited consolidated financial statements included elsewhere in this Form 10-Q. Tangible book value per diluted common share is a non-GAAP financial measure. See definition and reconciliation in "Non-GAAP Financial Measures."

(2) Prior year comparatives represent amounts as of December 31, 2023.

Core Results

See "Segment Results" below for additional information.

Annualized Return on Average Common Shareholders' Equity Attributable to SiriusPoint Common Shareholders

Annualized return on average common shareholders' equity attributable to SiriusPoint common shareholders is calculated by dividing annualized net income available to SiriusPoint common shareholders for the period by the average common shareholders' equity determined using the common shareholders' equity balances at the beginning and end of the period.

Annualized return on average common shareholders' equity attributable to SiriusPoint common shareholders for the three and six months ended June 30, 2024 and 2023 was calculated as follows:

	Three months ended		Six months ended	
	June 30, 2024	June 30, 2023	June 30, 2024	June 30, 2023
	(\$ in millions)			
Net income available to SiriusPoint common shareholders	\$ 109.9	\$ 55.9	\$ 200.7	\$ 187.8
Common shareholders' equity attributable to SiriusPoint common shareholders - beginning of period	2,402.6	2,029.9	2,313.9	1,874.7
Common shareholders' equity attributable to SiriusPoint common shareholders - end of period	2,504.1	2,036.0	2,504.1	2,036.0
Average common shareholders' equity attributable to SiriusPoint common shareholders	\$ 2,453.4	\$ 2,033.0	\$ 2,409.0	\$ 1,955.4
Annualized return on average common shareholders' equity attributable to SiriusPoint common shareholders	17.9 %	11.0 %	16.7 %	19.2 %

The increase in annualized return on average common shareholders' equity attributable to SiriusPoint common shareholders was driven by higher net income for the three months ended June 30, 2024, primarily as a result of the gain from the deconsolidation of Arcadian Risk Capital Ltd. ("Arcadian") and the gain from the change in fair value of the liability-classified capital instruments, partially offset by a decrease in underwriting income driven by favorable prior year loss reserve development for the three months ended June 30, 2023 linked to the 2023 LPT.

The decrease in annualized return on average common shareholders' equity attributable to SiriusPoint common shareholders for the six months ended June 30, 2024 was driven by lower net income relative to common shareholder's equity in the period as the Company's equity has grown each quarter since the beginning of 2023.

Book Value Per Share

Book value per common share is calculated by dividing common shareholders' equity attributable to SiriusPoint common shareholders by the number of common shares outstanding. Book value per diluted common share is calculated by dividing common shareholders' equity attributable to SiriusPoint common shareholders by the number of diluted common shares outstanding, calculated similar to the treasury stock method.

Tangible book value per diluted common share is a non-GAAP financial measure and the most comparable U.S. GAAP measure is book value per common share. See "Non-GAAP Financial Measures" for an explanation and reconciliation.

As of June 30, 2024, book value per common share was \$14.68, representing an increase of \$0.53 per share, or 3.7%, from \$14.15 per share as of March 31, 2024. As of June 30, 2024, book value per diluted common share was \$14.31, representing an increase of \$0.67 per share, or 4.9%, from \$13.64 per share as of March 31, 2024. As of June 30, 2024, tangible book value per diluted common share was \$13.47, representing an increase of \$0.68 per share, or 5.3%, from \$12.79 per share as of March 31, 2024.

As of June 30, 2024, book value per common share was \$14.68, representing an increase of \$0.92 per share, or 6.7%, from \$13.76 per share as of December 31, 2023. As of June 30, 2024, book value per diluted common share was \$14.31, representing an increase of \$0.96 per share, or 7.2%, from \$13.35 per share as of December 31, 2023. As of June 30, 2024, tangible book value per diluted common share was \$13.47, representing an increase of \$1.00 per share, or 8.0%, from \$12.47 per share as of December 31, 2023.

The increases reflect the gain from the deconsolidation of Arcadian, as well as continued positive underwriting and investment results, partially offset by accumulated other comprehensive loss from unrealized losses from available for sale ("AFS") debt securities.

Consolidated Results of Operations—Three and six months ended June 30, 2024 and 2023

The following table sets forth the key items discussed in the consolidated results of operations section, and the period over period change, for the three and six months ended June 30, 2024 and 2023:

	Three months ended			Six months ended		
	June 30, 2024	June 30, 2023	Change	June 30, 2024	June 30, 2023	Change
	(\$ in millions)					
Total underwriting income	\$ 65.1	\$ 108.9	\$ (43.8)	\$ 154.7	\$ 265.4	\$ (110.7)
Net investment income and net realized and unrealized investment gains (losses)	23.3	65.8	(42.5)	103.1	139.6	(36.5)
Other revenues	129.5	5.3	124.2	141.4	14.1	127.3
Net corporate and other expenses	(66.6)	(70.3)	3.7	(122.6)	(130.3)	7.7
Intangible asset amortization	(3.0)	(2.9)	(0.1)	(5.9)	(5.3)	(0.6)
Interest expense	(15.7)	(11.7)	(4.0)	(36.2)	(24.5)	(11.7)
Foreign exchange gains (losses)	(3.6)	(17.4)	13.8	0.1	(17.5)	17.6
Income tax expense	(14.2)	(15.8)	1.6	(23.9)	(41.3)	17.4
Net income	<u>\$ 114.8</u>	<u>\$ 61.9</u>	<u>\$ 52.9</u>	<u>\$ 210.7</u>	<u>\$ 200.2</u>	<u>\$ 10.5</u>

The key changes in our consolidated results for the three and six months ended June 30, 2024 compared to the prior year periods are discussed below.

Underwriting results

The decrease in net underwriting results for the three months ended June 30, 2024 compared to the three months ended June 30, 2023 was driven by lower favorable prior year loss reserve development. Favorable prior year loss reserve development for the three months ended June 30, 2023 included \$16.6 million driven by reserving analyses performed in connection with the 2023 LPT. Excluding the favorable development linked to the 2023 LPT, net underwriting income decreased by \$29.3 million for the three months ended June 30, 2024 compared to the three months ended June 30, 2023. This decrease is consistent with our change in business mix, decreasing exposure to more volatile lines of business and growing A&H and International Insurance within the Insurance & Services segment.

The decrease in net underwriting results for the six months ended June 30, 2024 compared to the six months ended June 30, 2023 was driven by lower favorable prior year loss reserve development. Favorable prior year loss reserve development for the six months ended June 30, 2023 included \$118.2 million driven by reserving analyses performed in connection with the 2023 LPT. Excluding the favorable development linked to the 2023 LPT, underwriting income increased by \$4.6 million primarily driven by lower other underwriting expenses resulting from our cost savings program, partially offset by higher acquisition costs driven by business mix changes, including the growth of Insurance & Services.

Investments

Investment Portfolio

The following is a summary of our total investments, cash and cash equivalents and restricted cash and cash equivalents as of June 30, 2024 and December 31, 2023:

	June 30, 2024	December 31, 2023
	(\$ in millions)	
Debt securities, available for sale	\$ 5,345.3	\$ 4,755.4
Debt securities, trading	307.7	534.9
Total debt securities ⁽¹⁾	5,653.0	5,290.3
Short-term investments	97.5	371.6
Investments in Related Party Investment Funds	106.6	105.6
Other long-term investments	241.7	308.5
Equity securities	—	1.6
Total investments	6,098.8	6,077.6
Cash and cash equivalents	598.1	969.2
Restricted cash and cash equivalents ⁽²⁾	125.9	132.1
Total invested assets and cash ⁽¹⁾	\$ 6,822.8	\$ 7,178.9

(1) Includes \$593.2 million of investments in the Third Point Optimized Credit portfolio ("TPOC Portfolio") as of June 30, 2024 (December 31, 2023 - \$562.0 million).

(2) Primarily consists of cash and fixed income securities such as U.S. Treasuries, money markets funds, and sovereign debt, securing our contractual obligations under certain (re)insurance contracts that we will not be released from until the underlying risks have expired or have been settled.

The decrease in investments was primarily driven by the use of funds to support the redemption of \$115.0 million of outstanding debt and the commutation of a deposit accounted contract of \$102.1 million resulting in the return of funds to the cedant.

The duration of our fixed income portfolio, excluding cash and cash equivalents, is 3.0 years (December 31, 2023 - 2.8 years). The increase from the comparative period is due to our effort to match our asset duration with economic liabilities in the current interest rate environment. The average credit rating of our investment portfolio is AA as of June 30, 2024 (December 31, 2023 - AA) with no defaults in the investment portfolio.

The following table provides a breakdown of structured products between investment and non-investment grade securities as of June 30, 2024 and December 31, 2023. These are fixed income investments which are included in debt securities in the table above. Refer to Note 7 - Investments in our unaudited condensed financial statements included elsewhere in this Quarterly Report for further discussion of these securities.

	June 30, 2024		December 31, 2023	
	Investment Grade ⁽¹⁾	Non-investment Grade ⁽²⁾	Investment Grade ⁽¹⁾	Non-investment Grade ⁽²⁾
	(\$ in millions)			
Asset-backed securities	\$ 1,209.8	\$ —	\$ 697.9	\$ 17.6
Collateralized loan obligations	0.5	39.3	421.8	—
Total asset-backed securities	1,210.3	39.3	1,119.7	17.6
Agency residential mortgage-backed securities	930.1	—	803.0	—
Non-agency residential mortgage-backed securities	137.2	32.0	144.7	12.3
Total residential mortgage-backed securities	1,067.3	32.0	947.7	12.3
Agency commercial mortgage-backed securities	71.4	—	73.5	—
Non-agency commercial mortgage-backed securities	229.0	0.7	197.9	0.5
Total commercial mortgage-backed securities	300.4	0.7	271.4	0.5
Total mortgage-backed securities	1,367.7	32.7	1,219.1	12.8
Total asset and mortgage-backed securities	\$ 2,578.0	\$ 72.0	\$ 2,338.8	\$ 30.4

(1) Investment grade securities are considered rated BBB or higher.

(2) Non-investment grade securities are considered rated below BBB.

Investment Results

The following is a summary of the results from investments and cash for the three and six months ended June 30, 2024 and 2023:

	Three months ended		Six months ended	
	June 30, 2024	June 30, 2023	June 30, 2024	June 30, 2023
	(\$ in millions)			
Gross investment income	\$ 85.8	\$ 73.6	\$ 168.5	\$ 140.7
Change in fair value of trading portfolio ⁽¹⁾	(36.3)	24.8	(31.6)	45.9
Net realized investment losses	(19.6)	(26.6)	(23.3)	(36.4)
Net realized and unrealized investment gains (losses) from related party investment funds	1.0	(0.9)	1.0	(0.1)
Investment results	30.9	70.9	114.6	150.1
Investment expenses	(7.6)	(5.1)	(11.5)	(10.5)
Total realized and unrealized investment gains and net investment income	\$ 23.3	\$ 65.8	\$ 103.1	\$ 139.6

(1) Trading portfolio is inclusive of all non-AFS designated investments in the investment portfolio.

The following is a summary of the results from investments by investment classification for the three and six months ended June 30, 2024 and 2023:

	Three months ended		Six months ended	
	June 30, 2024	June 30, 2023	June 30, 2024	June 30, 2023
	(\$ in millions)			
Debt securities, available for sale	\$ 61.6	\$ 48.5	\$ 125.3	\$ 83.6
Debt securities, trading	5.6	10.5	14.4	39.6
Short-term investments	2.9	5.9	7.3	14.3
Other long-term investments	(49.7)	(3.8)	(49.2)	0.6
Derivative instruments	0.4	3.5	1.7	3.5
Net realized and unrealized investment gains (losses) from related party investment funds	1.0	(0.9)	1.0	(0.1)
Net investment income and realized and unrealized investment gains before other investment expenses and investment income on cash and cash equivalents	21.8	63.7	100.5	141.5
Investment expenses	(7.6)	(5.1)	(11.5)	(10.5)
Net investment income on cash and cash equivalents	9.1	7.2	14.1	8.6
Total net investment income and realized and unrealized investment gains	\$ 23.3	\$ 65.8	\$ 103.1	\$ 139.6

Total net investment income and realized and unrealized investment gains for the three months ended June 30, 2024 was primarily attributable to net investment income related to interest income from our debt and short-term investment portfolio of \$70.1 million, partially offset by unrealized losses on other long-term investments of \$40.6 million. Increased investment income is primarily due to increased interest rates and our rotation of the portfolio from cash and cash equivalents and U.S. government and government agency positions to high-grade corporate debt and other securitized assets, in an effort to better diversify our portfolio. Losses on private other long-term investments were the result of updated fair value analyses consistent with current insurtech market trends and disposals of positions as the Company executes its strategy to focus on underwriting relationships with MGAs.

Total net investment income and realized and unrealized investment gains for the six months ended June 30, 2024 was primarily attributable to net investment income related to interest income from our debt and short-term investment portfolio of \$147.0 million. Increased investment income is primarily due to increased interest rates and our rotation of the portfolio from cash and cash equivalents and U.S. government and government agency positions to high-grade corporate debt and other securitized assets, in an effort to better diversify our portfolio. Losses on private other long-term investments were the result of updated fair value analyses consistent with the current insurtech market.

Total net investment income and realized and unrealized investment gains for the three months ended June 30, 2023 was primarily attributable to investment results from our debt and short-term investment portfolio of \$64.9 million driven by dividend and interest income primarily on U.S. treasury bill and corporate debt positions.

Total net investment income and realized and unrealized investment gains for the six months ended June 30, 2023 was primarily attributable to net investment income related to interest income from our debt and short-term investment portfolio of \$137.5 million. Increased dividend and investment income is due to the ongoing re-positioning of the portfolio to focus on investing in high grade fixed income securities.

Refer to Part I, Item 3. “Quantitative and Qualitative Disclosures about Market Risks” of this Form 10-Q for a discussion of certain risks and factors that could adversely impact our investments results.

Other Revenues

For the three months ended June 30, 2024, other revenues primarily consisted of a gain of \$95.9 million from the deconsolidation of Arcadian, \$23.0 million of service fee revenue from MGAs and a gain of \$10.6 million from the change in fair value of liability-classified capital instruments. For the three months ended June 30, 2023, other revenues consisted of \$22.5 million of service fee revenue from MGAs, partially offset by a loss of \$19.1 million from the change in fair value of liability-classified capital instruments. Effective June 30, 2024, we deconsolidated Arcadian when our management and Arcadian consented to certain amendments to the shareholders’ agreement and termination of the unsecured promissory note which resulted in our Company ceasing to have control over Arcadian. The change in fair value of liability-classified capital

instruments is driven by movement in our Company's share price as compared to the three months ended June 30, 2023. The increase in service fee revenue for the three months ended June 30, 2024 compared to the three months ended June 30, 2023 is primarily driven by increases in IMG's travel insurance business.

For the six months ended June 30, 2024, other revenues primarily consisted of a gain of \$95.9 million from the deconsolidation of Arcadian and \$51.7 million of service fee revenue from MGAs, partially offset by a loss of \$5.3 million from the change in fair value of liability-classified capital instruments. For the six months ended June 30, 2023, other revenues primarily consisted of \$51.9 million of service fee revenue from MGAs and a gain of \$4.5 million from the sale of renewal rights of our environmental business, partially offset by a loss of \$44.1 million from the change in fair value of liability-classified capital instruments. The decreased loss from the change in fair value of liability-classified capital instruments is driven by change in our share price relative to the change in the six months ended June 30, 2023.

Net Corporate and Other Expenses

Net corporate and other expenses include services expenses, costs associated with operating as a publicly-traded company, non-underwriting activities, including service fee expenses from our MGA subsidiaries, restructuring charges, and current expected credit losses from our insurance and reinsurance balances receivable and loss and loss adjustment expenses recoverable.

The decrease in Net corporate and other expenses for the three and six months ended June 30, 2024 compared to the three and six months ended June 30, 2023 was primarily driven by restructuring charges incurred during the three and six months ended June 30, 2023 of \$8.8 million and \$18.8 million, respectively, partially offset by severance and compensation related expenses associated with the recent management changes, consulting fees related to nonrecurring projects and increased regulatory fees as we grow our Lloyds business.

For the three months ended June 30, 2024 service fee expense decreased to \$47.7 million compared to \$50.0 million for the three months ended June 30, 2023. For the six months ended June 30, 2024 service fee expense decreased to \$93.7 million compared to \$95.5 million for the six months ended June 30, 2023. The decreases were primarily driven by the deconsolidation of Banyan in the fourth quarter of 2023.

Amortization of Intangible Assets

Amortization of intangible assets for the three and six months ended June 30, 2024 was \$3.0 million and \$5.9 million, respectively (2023 - \$2.9 million and \$5.3 million, respectively). The slight increases in amortization were due to the use of amortization patterns which are based on the period over which they are expected to generate future net cash inflows from the use of the underlying intangible assets.

Interest Expense

Interest expense and finance costs are related to interest due on our senior and subordinated notes, as well as interest associated with certain reinsurance contracts. Total interest expense for the three and six months ended June 30, 2024 was \$15.7 million and \$36.2 million, respectively (2023 - \$11.7 million and \$24.5 million, respectively). The increases in interest expense for the three and six months ended June 30, 2024 were primarily driven by interest expense associated with funds held on the 2023 LPT of \$7.1 million and \$14.2 million, respectively, as well as increases in the variable interest rate on the 2017 SEK Subordinated Note. These increases were partially offset by a gain on the commutation of a deposit accounted contract.

Foreign Currency Translation

Except for the Canadian reinsurance operations of SiriusPoint America and certain subsidiaries of IMG, the U.S. dollar is the functional currency for our business. Assets and liabilities are remeasured into the functional currency using current exchange rates; revenues and expenses are remeasured into the functional currency using the average exchange rate for the period. The remeasurement process results in foreign exchange gains (losses) in the consolidated results of operations. Foreign exchange (gains) losses exclude investment generated net realized and unrealized investment gains as addressed in *Investment Results* above.

The foreign exchange losses of \$3.6 million for the three months ended June 30, 2024 were primarily due to \$3.1 million of foreign exchange losses from our international operations.

The foreign exchange gains of \$0.1 million for the six months ended June 30, 2024 were primarily due to \$2.7 million of foreign exchange gains from our international operations.

The foreign exchange losses of \$17.4 million for the three months ended June 30, 2023 were primarily due to \$16.5 million of foreign exchange gains from our international operations and net losses \$0.9 million of foreign currency losses on the 2017 SEK Subordinated Notes and a swap designed to minimize currency exposure on the notes as a result of the weakening of the Swedish Krona relative to the U.S. dollar.

The foreign exchange losses of \$17.5 million for the six months ended June 30, 2023 were primarily due to \$16.5 million of foreign exchange gains from our international operations which were offset by \$1.0 million of foreign currency losses on the 2017 SEK Subordinated Notes, as a result of the weakening of the Swedish Krona relative to the U.S. dollar.

Additional foreign currency gains (losses) were recorded as part of the investments results. See Note 8 “Total realized and unrealized investment gains (losses) and net investment income” in our unaudited consolidated financial statements included elsewhere in this Form 10-Q.

On an aggregate basis, the effects of foreign exchange resulted in charges to net income of \$3.5 million and \$5.2 million as well as charges to comprehensive income of \$6.3 million and \$2.3 million for the three and six months ended June 30, 2024, respectively.

Income Tax Expense

The decrease in income tax expense for the three and six months ended June 30, 2024 compared to the three and six months ended June 30, 2023 is driven by a decrease in pre-tax income in taxable jurisdictions.

Segment Results — Three and six months ended June 30, 2024 and 2023

The determination of our reportable segments is based on the manner in which management monitors the performance of our operations. We classify our business into two reportable segments - Reinsurance and Insurance & Services. Collectively, the sum of these two segments constitute “Core” results. Core underwriting income, Core net services income, Core income and Core combined ratio are non-GAAP financial measures. We believe it is useful to review Core results as it better reflects how management views the business and reflects our decision to exit the runoff business. The sum of Core results and Corporate results are equal to the consolidated results of operations.

Corporate results include all runoff business, which represents certain classes of business that we no longer actively underwrite, including the effect of the restructuring of the underwriting platform announced in 2022 (the “Restructuring Plan”) and certain reinsurance contracts that have interest crediting features. Corporate results include asbestos and environmental and other latent liability exposures on a gross basis, which have mostly been ceded, as well as specific workers’ compensation and cyber programs which we no longer write.

The following tables set forth the operating segment results and ratios for the three months ended June 30, 2024 and 2023:

June 30, 2024							
	Reinsurance	Insurance & Services	Core	Eliminations ⁽²⁾	Corporate	Segment Measure Reclass	Total
	(\$ in millions)						
Gross premiums written	\$ 352.5	\$ 490.2	\$ 842.7	\$ —	\$ 21.8	\$ —	\$ 864.5
Net premiums written	308.8	341.1	649.9	—	(6.3)	—	643.6
Net premiums earned	256.2	297.2	553.4	—	37.1	—	590.5
Loss and loss adjustment expenses incurred, net	143.8	192.2	336.0	(1.3)	29.7	—	364.4
Acquisition costs, net	67.2	75.8	143.0	(36.5)	13.4	—	119.9
Other underwriting expenses	20.2	17.3	37.5	—	3.6	—	41.1
Underwriting income (loss)	25.0	11.9	36.9	37.8	(9.6)	—	65.1
Services revenues	—	57.4	57.4	(34.4)	—	(23.0)	—
Services expenses	—	47.7	47.7	—	—	(47.7)	—

(2) Insurance & Services MGAs recognize fees for service using revenue from contracts with customers accounting standards, whereas insurance companies recognize acquisition expenses using insurance contract accounting standards. While ultimate revenues and expenses recognized will match, there will be recognition timing differences based on the different accounting standards.

Core Premium Volume

Gross premiums written increased by \$37.5 million, or 4.7%, for the three months ended June 30, 2024 compared to the three months ended June 30, 2023. Net premiums written increased by \$61.6 million, or 10.5%, for the three months ended June 30, 2024 compared to the three months ended June 30, 2023. Net premiums earned decreased by \$42.8 million, or 7.2%, for the three months ended June 30, 2024 compared to the three months ended June 30, 2023. The increases in premiums written were primarily driven by increases from Insurance & Services from strategic organic and new program growth, as well as increases across A&H. These increases were partially offset by the movement of certain lines from Insurance & Services to Corporate, including the non-renewal of a Workers' Compensation program and the planned transition of a cyber program to another carrier, which also was the main driver of the decrease in premiums earned.

Core Underwriting Results

The decrease in net underwriting results was primarily driven by decreased favorable prior year loss reserve development. Losses incurred included \$4.9 million of favorable prior year loss reserve development for the three months ended June 30, 2024 primarily driven by favorable development within North America A&H, compared to \$25.2 million for the three months ended June 30, 2023 driven by reserving analyses performed in connection with the 2023 LPT.

Excluding the favorable development linked to the 2023 LPT, net underwriting income decreased by \$17.7 million for the three months ended June 30, 2024 compared to the three months ended June 30, 2023. This decrease was driven by higher acquisition costs driven by business mix changes to decrease our exposure to more volatile lines of business, as well as \$5.6 million catastrophe losses for the three months ended June 30, 2024 compared to no significant catastrophe losses the three months ended June 30, 2023, partially offset by lower attritional losses.

Core Services Results

Services revenues was \$57.4 million for the three months ended June 30, 2024 compared to \$59.4 million for the three months ended June 30, 2023, primarily due to decreases in Arcadian and Armada.

Net services fee income and net services income increased slightly for the three months ended June 30, 2024 compared to the three months ended June 30, 2023. Service margin, which is calculated as Net service fee income as a percentage of services revenues, increased to 16.9% for the three months ended June 30, 2024 from 15.8% for the three months ended June 30, 2023.

The following tables set forth the operating segment results and ratios for the six months ended June 30, 2024 and 2023:

	June 30, 2024

Core Premium Volume

Gross premiums written decreased by \$142.0 million, or 7.6%, for the six months ended June 30, 2024 compared to the six months ended June 30, 2023. Net premiums written decreased by \$74.8 million, or 5.5%, for the six months ended June 30, 2024 compared to the six months ended June 30, 2023. Net premiums earned decreased by \$75.7 million, or 6.6%, for the six months ended June 30, 2024 compared to the six months ended June 30, 2023. The decreases in premium volume were primarily due to the movement of certain lines from Insurance & Services to Corporate, including the non-renewal of a Workers' Compensation program and the planned transition of a Cyber program to another carrier, with the most significant offset being strategic organic and new program growth.

Core Underwriting Results

The decrease in net underwriting results was primarily driven by decreased favorable prior year loss reserve development. Losses incurred included \$12.9 million of favorable loss reserve development for the six months ended June 30, 2024 driven by decreased ultimate losses in the Credit Reinsurance portfolio and North America A&H, partially offset by increases in the Environmental business, compared to \$117.1 million of favorable loss reserve development for the six months ended June 30, 2023 driven by decreases in the domestic and international property and casualty lines of business in the Reinsurance segment and A&H in the Insurance & Services segment linked to the 2023 LPT.

Excluding the favorable development linked to the 2023 LPT, net underwriting income increased by \$7.7 million primarily driven by lower other underwriting expenses resulting from our cost savings program and lower attritional losses, partially offset by higher acquisition costs from business mix changes, including the growth of Insurance & Services.

Core Services Results

Services revenues remained stable at \$123.2 million for the six months ended June 30, 2024 compared to the six months ended June 30, 2023.

For the six months ended June 30, 2024, net services fee income increased to \$29.5 million from \$27.7 million for the six months ended June 30, 2023. We generated net services income of \$27.2 million for the six months ended June 30, 2024, compared to \$24.4 million for the six months ended June 30, 2023. These increase were primarily due to increased services revenues and decreased service expense from IMG. Service margin, which is calculated as net service fee income as a percentage of services revenues, increased to 23.9% for the six months ended June 30, 2024 compared to 22.5% for the six months ended June 30, 2023.

Reinsurance Segment

The Reinsurance segment predominantly underwriters Casualty, Property and Specialty lines of business on a worldwide basis. The following table sets forth underwriting results and ratios, and the period over period changes for the Reinsurance segment, for the three and six months ended June 30, 2024 and 2023:

	Three months ended			Six months ended		
	June 30, 2024	June 30, 2023	Change	June 30, 2024	June 30, 2023	Change
(\$ in millions)						
Gross premiums written	\$ 352.5	\$ 357.7	\$ (5.2)	\$ 708.9	\$ 753.9	\$ (45.0)
Net premiums written	308.8	311.9	(3.1)	598.9	622.9	(24.0)
Net premiums earned	256.2	271.8	(15.6)	509.8	531.3	(21.5)
Loss and loss adjustment expenses incurred, net	143.8	146.7	(2.9)	268.4	232.3	36.1
Acquisition costs, net	67.2	51.3	15.9	137.0	117.3	19.7
Other underwriting expenses	20.2	12.0	8.2	39.5	40.2	(0.7)
Underwriting income	25.0	61.8	(36.8)	64.9	141.5	(76.6)
Services revenues	—	(2.8)	2.8	—	(2.6)	2.6
Net services loss	—	(2.8)	2.8	—	(2.6)	2.6
Segment income	\$ 25.0	\$ 59.0	\$ (34.0)	\$ 64.9	\$ 138.9	\$ (74.0)
Underwriting ratios: ⁽¹⁾						
Loss ratio	56.1 %	54.0 %	2.1 %	52.6 %	43.7 %	8.9 %
Acquisition cost ratio	26.2 %	18.9 %	7.3 %	26.9 %	22.1 %	4.8 %
Other underwriting expense ratio	7.9 %	4.4 %	3.5 %	7.7 %	7.6 %	0.1 %
Combined ratio	90.2 %	77.3 %	12.9 %	87.2 %	73.4 %	13.8 %

(1) Underwriting ratios are calculated by dividing the related expense by net premiums earned.

Premium Volume

Gross premiums written in the Reinsurance segment decreased by \$5.2 million, or 1.5%, for the three months ended June 30, 2024 compared to the three months ended June 30, 2023, primarily driven by lower premiums written in New York Casualty, partially offset by increases in Bermuda Property.

Gross premiums written in the Reinsurance segment decreased by \$45.0 million, or 6.0%, for the six months ended June 30, 2024 compared to the six months ended June 30, 2023, primarily driven by lower premiums written in New York Casualty and Bermuda Specialty, partially offset by increases in London Specialty.

Underwriting Results

The decrease in net underwriting results for the three months ended June 30, 2024 compared to the three months ended June 30, 2023 was primarily due to decreased favorable prior year loss reserve development, as well as higher acquisition costs driven by business mix changes. Net favorable prior year loss reserve development for the three months ended June 30, 2024 was \$6.3 million primarily driven by favorable development on a structured auto contract and Aviation, compared to

\$25.9 million for the three months ended June 30, 2023, which was driven by reserving analyses performed in connection with the 2023 LPT.

The decrease in net underwriting results for the six months ended June 30, 2024 compared to the six months ended June 30, 2023, was primarily due to decreased favorable prior year loss reserve development. Net favorable prior year loss reserve development was \$16.6 million for the six months ended June 30, 2024 primarily driven by decreased ultimate losses in the Credit Reinsurance portfolio, compared to net favorable prior year loss reserve development of \$100.5 million for the six months ended June 30, 2023 primarily driven by decreases in the domestic and international Property and Casualty lines of business linked to the 2023 LPT.

Catastrophe losses, net of reinsurance and reinstatement premiums, for the three months ended June 30, 2024, were \$3.0 million or 1.2 percentage points on the combined ratio, compared to no significant catastrophe losses for the three months ended June 30, 2023. Catastrophe losses, net of reinsurance and reinstatement premiums, for the six months ended June 30, 2024, were \$3.0 million or 0.6 percentage points on the combined ratio, compared to \$6.0 million or 1.1 percentage points on the combined ratio, for the six months ended June 30, 2023.

Insurance & Services Segment

Through the Insurance & Services segment, we underwrite primary insurance in a number of sectors. With deep expertise and global reach, we offer innovative insurance solutions to meet the changing risk circumstances of our clients every day. The Insurance & Services segment includes Accident & Health, Property & Casualty, and Specialty.

As of June 30, 2024, we have equity stakes in 22 entities (MGAs, Insurtech and Other), which underwrite or distribute a wide range of lines of business, including general liability, professional liability, directors & officers, credit and bond, cyber, commercial automobile, workers' compensation, accident & health, and other specialty insurance classes. As of June 30, 2024, we consolidated three MGAs in our financial statements: ArmadaCorp Capital, LLC ("Armada"), Alta Signa Holdings ("Alta Signa") and International Medical Group, Inc. ("IMG"). Effective June 30, 2024, we deconsolidated Arcadian when our management and Arcadian consented to certain amendments to the shareholders' agreement and termination of the unsecured promissory note which resulted in our Company ceasing to have control over Arcadian. There has been no change to our underwriting relationship with Arcadian. We provide underwriting capacity in the form of insurance or reinsurance to 13 non-consolidated entities in addition to the three consolidated MGAs. We also have investments stakes in 6 other entities where we have no underwriting relationships. The investment interests in the non-consolidated entities are included in strategic investments within Other long term investments on the consolidated balance sheet.

The following table sets forth underwriting results, net MGA results, and ratios for the segment results, and the period over period changes, for the three and six months ended June 30, 2024 and 2023:

	Three months ended			Six months ended		
	June 30, 2024	June 30, 2023	Change	June 30, 2024	June 30, 2023	Change
(\$ in millions)

Segment income	\$ 21.0	\$ 12.0	\$ 9.0	\$ 43.5	\$ 56.2	\$ (12.7)
Underwriting ratios: ⁽¹⁾						
Loss ratio	64.7 %	66.8 %	(2.1)%	65.7 %	63.2 %	2.5 %
Acquisition cost ratio	25.5 %	24.9 %	0.6 %	25.1 %	24.8 %	0.3 %
Other underwriting expense ratio	5.8 %	7.9 %	(2.1)%	6.3 %	7.3 %	(1.0)%
Combined ratio	96.0 %	99.6 %	(3.6)%	97.1 %	95.3 %	1.8 %

(1) Underwriting ratios are calculated by dividing the related expense by net premiums earned.

Premium Volume

Gross premiums written increased by \$42.7 million, or 9.5%, for the three months ended June 30, 2024 compared to the three months ended June 30, 2023, primarily driven by strategic organic and new program growth, as well as increases across A&H, partially offset by the movement of certain lines from Insurance & Services to Corporate, including the non-renewal of a Workers' Compensation program and the planned transition of a Cyber program to another carrier, representing \$117.0 million of gross premiums written for the three months ended June 30, 2023.

Gross premiums written decreased by \$97.0 million, or 8.7%, for the six months ended June 30, 2024 compared to the six months ended June 30, 2023, primarily driven by the movement of certain lines from Insurance & Services to Corporate, including the non-renewal of a Workers' Compensation program and the planned transition of a Cyber program to another carrier, representing \$233.8 million of gross premiums written for the six months ended June 30, 2023, as well as lower A&H premiums, partially offset by strategic organic and new program growth.

Consolidated MGAs

The Company deconsolidated Banyan as of October 31, 2023 when we sold our ownership shares. However, we executed a three-year extension of the commercial relationship with Banyan, extending our partnership. We also deconsolidated Arcadian as of June 30, 2024 as a result of no longer having a controlling interest. The results of operations of Arcadian are included in our consolidated financial statements through June 30, 2024. There has been no change to our underwriting relationship with Arcadian.

Gross premiums written generated by the consolidated MGAs in the aggregate, excluding Banyan, increased by \$17.8 million, or 11.3%, to \$175.8 million for the three months ended June 30, 2024 compared to \$158.0 million for the three months ended June 30, 2023, from increases across all consolidated MGAs.

Gross premiums written generated by the consolidated MGAs in the aggregate, excluding Banyan, decreased by \$8.8 million, or 2.6%, to \$331.9 million for the six months ended June 30, 2024 compared to \$340.8 million for the six months ended June 30, 2023, primarily driven by decreases in Armada and IMG, offset by increases in Arcadian.

Book value for the consolidated MGAs was \$94.5 million as of June 30, 2024, compared to \$76.3 million at December 31, 2023, when adjusted to exclude Arcadian.

Underwriting Results

The improvement in underwriting income of \$10.4 million for the three months ended June 30, 2024 compared to the three months ended June 30, 2023 primarily driven by increased profitability in North America A&H and growth in the Arcadian business.

The decrease in underwriting income of \$12.9 million for the six months ended June 30, 2024 compared to the six months ended June 30, 2023 was primarily driven by net adverse prior year loss reserve development of \$3.7 million for the six months ended June 30, 2024, compared to net favorable prior year loss reserve development of \$16.6 million for the six months ended June 30, 2023, which was driven by reserving analyses performed in connection with the 2023 LPT.

Services Results

The decrease in services revenues of \$4.8 million for the three months ended June 30, 2024 compared to the three months ended June 30, 2023 was primarily due to decreases in Arcadian and Armada. This decrease drove the decrease in net services income for the three months ended June 30, 2024 compared to the three months ended June 30, 2023.

There was a slight decrease in services revenues of \$2.6 million for the six months ended June 30, 2024 compared to the six months ended June 30, 2023. Net services income remained stable for the six months ended June 30, 2024 compared to the six months ended June 30, 2023.

Corporate

Corporate includes the results of all runoff business, which represents certain classes of business that we no longer actively underwrite, including the effects of the Restructuring Plan and certain reinsurance contracts that have interest crediting features. Corporate results also include asbestos and environmental and other latent liability exposures on a gross basis, which have mostly been ceded, as well as specific workers' compensation and cyber programs which we no longer write. The following table sets forth underwriting results and the period over period changes for the three and six months ended June 30, 2024 and 2023:

	Three months ended			Six months ended		
	June 30, 2024	June 30, 2023	Change	June 30, 2024	June 30, 2023	Change
	(\$ in millions)					
Gross premiums written	\$ 21.8	\$ 37.3	\$ (15.5)	\$ 47.7	\$ 87.6	\$ (39.9)
Net premiums written	(6.3)	37.3	(43.6)	5.8	65.4	(59.6)
Net premiums earned	37.1	43.5	(6.4)	113.1	88.3	24.8
Loss and loss adjustment expenses incurred, net	29.7	13.8	15.9	47.5	24.1	23.4
Acquisition costs, net	13.4	15.7	(2.3)	56.5	30.2	26.3
Other underwriting expenses	3.6	5.8	(2.2)	8.0	10.5	(2.5)
Underwriting income (loss)	\$ (9.6)	\$ 8.2	\$ (17.8)	\$ 1.1	\$ 23.5	\$ (22.4)

The changes in premium volume for the three and six months ended June 30, 2024 is primarily driven by International run-off business included in the three and six months ended June 30, 2023, which we exited in conjunction with the LPT, offset by the movement of certain lines from Insurance & Services to Corporate, including the non-renewal of a Workers' Compensation program and the planned transition of a Cyber program to another carrier, during the three and six months ended June 30, 2024.

The decrease in underwriting income for the three months ended June 30, 2024 compared to the three months ended June 30, 2023 is primarily driven by a decrease in favorable prior year loss reserve development, which was associated with the 2023 LPT.

The decrease in underwriting income for the six months ended June 30, 2024 compared to the six months ended June 30, 2023 is primarily driven by a decrease in favorable prior year loss reserve development, which was associated with the 2023 LPT. The increase in acquisition costs for the six months ended June 30, 2024, was due to increased commissions on a sliding scale commission contract that experienced favorable development in the period.

Non-GAAP Financial Measures

We have included certain financial measures that are not calculated under standards or rules that comprise U.S. GAAP. Such measures, including Core underwriting income, Core net services income, Core income, Core combined ratio, accident year loss ratio, accident year combined ratio, attritional loss ratio and tangible book value per diluted common share, are referred to as non-GAAP financial measures. These non-GAAP financial measures may be defined or calculated differently by other companies. We believe these measures allow for a more complete understanding of our underlying business. These measures are used by management to monitor our results and should not be viewed as a substitute for those determined in accordance with U.S. GAAP. Reconciliations of non-GAAP measures to the most comparable U.S. GAAP measures are included below.

Core Results

Collectively, the sum of the Company's two segments, Reinsurance and Insurance & Services, constitute "Core" results. Core underwriting income, Core net services income, Core income and Core combined ratio are non-GAAP financial measures. We believe it is useful to review Core results as it better reflects how management views the business and reflects our decision to exit the runoff business. The sum of Core results and Corporate results are equal to the consolidated results of operations.

Core underwriting income - calculated by subtracting loss and loss adjustment expenses incurred, net, acquisition costs, net, and other underwriting expenses from net premiums earned.

Core net services income - consists of services revenues which include commissions, brokerage and fee income related to consolidated MGAs, and other revenues, and services expenses which include direct expenses related to consolidated MGAs, services noncontrolling income which represent minority ownership interests in consolidated MGAs. Net investment gains (losses) from Strategic investments which are net investment gains (losses) from our investment holdings, are no longer included in Core net services income, with comparative financial periods restated. Net services income is a key indicator of the profitability of the Company's services provided.

Core income - consists of two components, core underwriting income and core net services income. Core income is a key measure of our segment performance.

Core combined ratio - calculated by dividing the sum of Core loss and loss adjustment expenses incurred, net, acquisition costs, net and other underwriting expenses by Core net premiums earned. Accident year loss ratio and accident year combined ratio are calculated by excluding prior year loss reserve development to present the impact of current accident year net loss and loss adjustment expenses on the Core loss ratio and Core combined ratio, respectively. Attritional loss ratio excludes catastrophe losses from the accident year loss ratio as they are not predictable as to timing and amount. These ratios are useful indicators of our underwriting profitability.

See Note 4 "Segment reporting" to our unaudited consolidated financial statements included elsewhere in this Form 10-Q for additional information and a calculation of Core results.

Tangible Book Value Per Diluted Common Share

Tangible book value per diluted common share, as presented, is a non-GAAP financial measure and the most directly comparable U.S. GAAP measure is book value per common share. Tangible book value per diluted common share excludes

intangible assets. Management believes that effects of intangible assets are not indicative of underlying underwriting results or trends and make book value comparisons to less acquisitive peer companies less meaningful. Tangible book value per diluted common share is useful because it provides a more accurate measure of the realizable value of shareholder returns, excluding intangible assets.

The following table sets forth the computation of book value per common share, book value per diluted common share and tangible book value per diluted common share as of June 30, 2024 and December 31, 2023:

	June 30, 2024	December 31, 2023
	(\$ in millions, except share and per share amounts)	
Common shareholders' equity attributable to SiriusPoint common shareholders	\$ 2,504.1	\$ 2,313.9
Intangible assets	(146.8)	(152.7)
Tangible common shareholders' equity attributable to SiriusPoint common shareholders	\$ 2,357.3	\$ 2,161.2
Common shares outstanding	170,572,790	168,120,022
Effect of dilutive stock options, restricted share units and warrants	4,465,438	5,193,920
Book value per diluted common share denominator	175,038,228	173,313,942
Book value per common share	\$ 14.68	\$ 13.76
Book value per diluted common share	\$ 14.31	\$ 13.35
Tangible book value per diluted common share	\$ 13.47	\$ 12.47

Liquidity and Capital Resources

Liquidity Requirements

Liquidity is a measure of a company's ability to generate cash flows sufficient to meet short-term and long-term cash requirements of its business operations. SiriusPoint's insurance and reinsurance operations are subject to regulation and supervision in each of the jurisdictions where they are domiciled and licensed to conduct business. Generally, regulatory authorities have broad supervisory and administrative powers over such matters as licenses, standards of solvency, premium rates, policy forms, investments, security deposits, methods of accounting, form and content of financial statements, reserves for unpaid loss and loss adjustment expenses, reinsurance, minimum capital and surplus requirements, dividends and other distributions to shareholders, periodic examinations and annual and other report filings. In general, such regulation is for the protection of policyholders rather than shareholders. SiriusPoint manages its liquidity needs primarily through the maintenance of a short duration and high quality fixed income portfolio.

SiriusPoint is a holding company and has no substantial operations of its own and its assets consist primarily of its investments in subsidiaries. Its cash needs primarily consist of the payment of corporate expenses, interest payments on senior and subordinated notes, investment opportunities and dividends to preference shareholders. SiriusPoint may also require cash to fund share repurchases. Cash at the subsidiaries is used primarily to pay loss and loss adjustment expenses, reinsurance premiums, acquisition costs, interest expense, taxes, general and administrative expenses and to purchase investments. The insurance and reinsurance business of our operating subsidiaries inherently provide liquidity, as premiums are received in advance of the time losses are paid. However, the amount of cash required to fund loss payments can fluctuate significantly from period to period, due to the low frequency/high severity nature of certain types of business we write.

For additional commitments and contingencies that may affect our liquidity requirements see Note 18 "Commitments and contingencies" in our unaudited consolidated financial statements included elsewhere in this Form 10-Q.

Dividend Capacity and Capital

We are subject to regulatory and other constraints that affect our ability to pay dividends. During the three and six months ended June 30, 2024, SiriusPoint did not pay any dividends to its common shareholders.

During the three and six months ended June 30, 2024, SiriusPoint declared and paid dividends of \$4.0 million and \$8.0 million, respectively, to the Series B preference shareholders (2023 - \$4.0 million and \$8.0 million, respectively).

For the three and six months ended June 30, 2024, SiriusPoint received \$145.0 million and \$145.0 million, respectively (2023 - \$20.0 million and \$79.2 million, respectively), of distributions from SiriusPoint Bermuda Insurance Company Ltd. (“SiriusPoint Bermuda”), its immediate wholly-owned subsidiary. We believe the dividend/distribution capacity of SiriusPoint’s subsidiaries, which was approximately \$810.0 million as of December 31, 2023, provides SiriusPoint with sufficient liquidity for the foreseeable future. For a further discussion of the various restrictions on SiriusPoint Bermuda’s ability to pay dividends, see Part I, Item 1 “Business - Regulation” in our 2023 Form 10-K.

In addition to the regulatory and other contractual constraints to paying dividends, we manage the capital of the group and each of our operating subsidiaries to support our current ratings from AM Best, Fitch, S&P and Moody’s. This could further reduce the ability and amount of dividends that could be paid from subsidiaries to SiriusPoint. In addition, the Company annually files the prescribed form of capital and solvency return, which comprises the insurer’s Bermuda Solvency Capital Requirement (“BSCR”) model. The BSCR model is a risk-based capital model which provides a method for determining a Class 3A and Class 4 insurer’s capital requirements (statutory economic capital and surplus) by taking into account the risk characteristics of different aspects of the Class 3A and Class 4 insurer’s business. The Company’s 2023 filed BSCR ratio was 255%. Further, the Company is currently completing its second quarter 2024 Bermuda Quarterly Financial Return, with the estimated ratio improving to 284%.

Sources of Liquidity

Our operating subsidiaries sources of liquidity have primarily consisted of net premiums written, reinsurance recoveries, investment income and proceeds from sales of or dividends or distributions attributable to investments. Other potential sources of liquidity include borrowings under our credit facilities and issuances of securities.

Effective February 26, 2021, the Company entered into a three-year, \$300.0 million senior unsecured revolving credit facility (the “Facility”) with JPMorgan Chase Bank, N.A. as administrative agent, which was renewed in February 2024 for one additional year. The Facility provides access to loans for working capital and general corporate purposes, and letters of credit to support obligations under insurance and reinsurance agreements, retrocessional agreements and for general corporate purposes. Loans and letters of credit under the Facility will become available, subject to customary conditions precedent. As of June 30, 2024, the Company was in compliance with all of the covenants under the Facility and there were no outstanding borrowings under the Facility.

Financing

We expect that our cash and cash equivalents on the balance sheet and cash flow from operations will provide us with the financial flexibility to execute our strategic objectives. Our ability to generate cash, however, is subject to our performance, general economic conditions, industry trends and other factors. To the extent cash and cash equivalents on the balance sheet, investment returns and cash flow from operations are insufficient to fund our future activities and requirements, we may need to raise additional funds through public or private equity or debt financing. If we issue equity securities in order to raise additional funds, substantial dilution to existing shareholders may occur. If we raise cash through the issuance of additional indebtedness, we may be subject to additional contractual restrictions on our business. There is no assurance that we would be able to raise the additional funds on favorable terms or at all.

The following table represents a summary of our debt obligations as of June 30, 2024 and December 31, 2023:

	June 30, 2024		December 31, 2023	
	Amount	Effective rate ⁽¹⁾	Amount	Effective rate ⁽¹⁾
2024 Senior Notes, at face value	400.0	7.4 %	—	— %
Unamortized discount	(5.8)		—	
2024 Senior Notes, carrying value	394.2		—	
2017 SEK Subordinated Notes, at face value	\$ 259.7	8.3 %	\$ 273.6	7.7 %
Unamortized discount	(5.3)		(5.7)	
2017 SEK Subordinated Notes, carrying value	254.4		267.9	
2016 Senior Notes, at face value	—	— %	400.0	4.6 %
Unamortized premium	—		3.5	
2016 Senior Notes, carrying value	—		403.5	
2015 Senior Notes, at face value	—	— %	115.0	7.0 %
Unamortized issuance costs	—		(0.2)	
2015 Senior Notes, carrying value	—		114.8	
Total debt	\$ 648.6		\$ 786.2	

(1) Effective rate considers the effect of the debt issuance costs, discount, and premium.

In April 2024, we issued \$400.0 million aggregate principal amount of 7.0% Senior Notes due 2029 (the “2024 Senior Notes”). Interest is payable on the 2024 Senior Notes semi-annually in arrears. In April 2024, we amended our 4.6% 2016 Senior Notes pursuant to a Fourth Supplemental Indenture thereto with The Bank of New York Mellon, as trustee, and following such amendments we completed the redemption of all remaining outstanding \$400.0 million aggregate principal amount of our 2016 Senior Notes. We also redeemed all \$115.0 million aggregate principal amount of our 2015 Senior Notes in April 2024. We used certain of the proceeds from the 2024 Senior Notes, together with available cash, to fund the purchase of validly tendered 2016 Senior Notes and the redemptions of the 2016 Senior Notes and the 2015 Senior Notes.

For further details and discussion with respect to the 2017 SEK Subordinated Notes, 2024 Senior Notes, 2016 Senior Notes, and 2015 Senior Notes, please refer to Note 13 “Debt and letter of credit facilities” of Part II, Item 8. “Financial Statements and Supplementary Data” included in our 2023 Form 10-K.

Debt Covenants

As of June 30, 2024, SiriusPoint was in compliance with all of the covenants under the 2024 Senior Notes and the 2017 SEK Subordinated Notes.

Series A Preference Shares

SiriusPoint has 11,720,987 Series A preference shares outstanding, par value of \$0.10 per share (the “Series A Preference Shares”). The Series A Preference Shares rank pari passu with the Company’s common shares with respect to the payment of dividends or distributions. Upon the third anniversary of the closing date of the Sirius Group acquisition, the Series A Preference Shares were subject to a conversion ratio calculation, based on ultimate COVID-19 losses along with other measurement criteria, to convert into the Company’s common shares. The Company and Series A Preference Share investors reviewed the COVID-19 loss estimates and the Company will settle the Series A Preference Shares in the third quarter of 2024. For further details, see Note 20 “Subsequent event” in our unaudited consolidated financial statements included elsewhere in this Form 10-Q.

As of June 30, 2024, the estimated fair value of the Series A Preference Shares was \$40.9 million based upon a stochastic model and is reflected in liability-classified capital instruments in the consolidated balance sheets. During the six months ended June 30, 2024, the Company did not declare or pay dividends to Series A Preference shareholders.

For further details and discussion with respect to the Series A Preference Shares, see Note 18 “Commitments and contingencies” in our unaudited consolidated financial statements included elsewhere in this Form 10-Q.

Series B Preference Shares

SiriusPoint has 8,000,000 of Series B preference shares outstanding, par value \$0.10, which are listed on the New York Stock Exchange under the symbol “SPNT PB.” Dividends on the Series B preference shares are cumulative and payable quarterly in arrears at an initial rate of 8.0%.

As of June 30, 2024, the carrying value of the Series B preference shares was \$200.0 million and reflected in shareholders' equity attributable to SiriusPoint shareholders in the consolidated balance sheets. During the three and six months ended June 30, 2024, the Company declared and paid dividends of \$4.0 million and \$8.0 million, respectively, to the Series B preference shareholders.

For further details and discussion with respect to the Series B preference shares, see Note 15 “Shareholders' equity” in our unaudited consolidated financial statements included elsewhere in this Form 10-Q.

Letter of Credit Facilities

As of June 30, 2024, \$1,216.2 million of letters of credit had been issued. Each of the facilities contain customary events of default and restrictive covenants, including but not limited to, limitations on liens on collateral, transactions with affiliates, mergers and sales of assets, as well as solvency and maintenance of certain minimum pledged equity requirements and a minimum rating from rating agencies. Each restricts issuance of any debt without the consent of the letter of credit provider. Additionally, if an event of default exists under any of the letter of credit facilities, our subsidiaries could be prohibited from paying dividends. We were in compliance with all of the covenants under the aforementioned letter of credit facilities as of June 30, 2024.

For further details and discussion with respect to letter of credit facilities, see Note 13 “Debt and letter of credit facilities” in our unaudited consolidated financial statements included elsewhere in this Form 10-Q.

Cash Secured Letter of Credit Agreements

Under the cash secured letter of credit facilities, we provide collateral that consists of cash and cash equivalents and debt securities. As of June 30, 2024, total cash and cash equivalents and debt securities with a fair value of \$1,407.4 million were pledged as collateral against the letters of credit issued.

We believe that we have adequate capacity between our existing cash secured letter of credit agreements as well as available investments to post in reinsurance trusts to meet our collateral obligations under our existing and future reinsurance business.

For further details and discussion with respect to cash secured letter of credit agreements, see Note 13 “Debt and letter of credit facilities” in our unaudited consolidated financial statements included elsewhere in this Form 10-Q.

Cash, Restricted Cash and Cash Equivalents and Restricted Investments

Cash and cash equivalents consist of cash held in banks and other short-term, highly liquid investments with original maturity dates of 90 days or less. We invest a portion of the collateral securing certain reinsurance contracts in U.S. treasury securities and sovereign debt. This portion of the collateral is included in debt securities in the consolidated balance sheets and is disclosed as part of restricted investments. In addition, restricted investments also pertain to limited partnership interests in Third Point funds securing the Company's contractual obligations under certain reinsurance contracts that the Company will not be released from until the underlying risks have expired or have been settled.

Restricted cash and cash equivalents and restricted investments decreased by \$302.2 million, or 10.8%, to \$2,497.9 million as of June 30, 2024 from \$2,800.1 million as of December 31, 2023. The decrease was due to a decrease in investments securing reinsurance contracts and letters of credit.

For additional information on restricted cash, cash equivalents and investments, see Note 5 “Cash, cash equivalents, restricted cash and restricted investments” in our unaudited consolidated financial statements included elsewhere in this Form 10-Q.

Cash Flows

Our cash flows from operations generally represent the difference between: (1) premiums collected and investment income and (2) loss and loss expenses paid, reinsurance purchased, underwriting and other expenses paid. Cash flows from operations may differ substantially from net income and may be volatile from period to period depending on the underwriting opportunities available to us and other factors. Due to the nature of our underwriting portfolio, claim payments can be

unpredictable and may need to be made within relatively short periods of time. Claim payments can also be required several months or years after premiums are collected. In addition, as discussed above, SiriusPoint has access to the \$300.0 million Facility that provides access to loans for working capital and general corporate purposes, and letters of credit to support obligations under insurance and reinsurance agreements and retrocessional agreements.

Operating, investing and financing cash flows for the six months ended June 30, 2024 and 2023 were as follows:

	2024	2023
	(\$ in millions)	
Net cash provided by (used in) operating activities	\$ (91.1)	\$ 206.3
Net cash used in investing activities	(61.7)	(297.5)
Net cash used in financing activities	(224.5)	(51.1)
Net decrease in cash, cash equivalents and restricted cash	(377.3)	(142.3)
Cash, cash equivalents and restricted cash at beginning of period	1,101.3	913.7
Cash, cash equivalents and restricted cash at end of period	<u>\$ 724.0</u>	<u>\$ 771.4</u>

Operating Activities

Cash flows used in operating activities can fluctuate due to timing differences between the collection of premiums and reinsurance recoverables, the payment of losses and loss expenses, and the payment of premiums to reinsurers. The change in cash flows in operating activities for the six months ended June 30, 2024 compared to the six months ended June 30, 2023 was primarily due to a decrease in the collection of premiums, in addition to the recognition of a gain of \$95.9 million due to the deconsolidation of Arcadian.

Investing Activities

Cash flows used in investing activities are driven by changes in our investment portfolio, primarily purchases, sales and maturities of fixed income and short term investments. Cash flows used in investing activities for the six months ended June 30, 2023 primarily relates to the increase in sales and maturities of U.S. treasuries during the period.

Financing Activities

Cash flows used in financing activities for the six months ended June 30, 2024 primarily consisted of \$124.0 million payments from the redemption of debt, net of proceeds from the issuance of new debt and related costs and \$102.1 million for payments on deposit liability contracts, partially offset by \$16.3 million of proceeds from the exercise of options. Cash flows used in financing activities for the six months ended June 30, 2023 primarily consisted of \$38.5 million for the settlement of CVRs, \$8.0 million for cash dividends paid to preference shareholders, and \$7.5 million for taxes paid on withholding shares, partially offset by \$9.3 million of funds provided from loans related to agreements to repurchase securities.

Financial Condition

As of June 30, 2024, total shareholders' equity was \$2,705.5 million, compared to \$2,530.6 million as of December 31, 2023. The increase was due to net income of \$200.7 million, partially offset by accumulated other comprehensive loss from unrealized losses from AFS debt securities of \$21.8 million, for the six months ended June 30, 2024.

Contractual Obligations

Refer to Note 13 "Debt and letter of credit facilities" in our unaudited consolidated financial statements included elsewhere in this Form 10-Q for changes to our debt obligations.

Except as otherwise noted above, there have been no other material changes to our contractual obligations from our 2023 Form 10-K.

Critical Accounting Policies and Estimates

For a summary of our significant accounting and reporting policies, please refer to Note 2 "Significant accounting policies" of Part II, Item 8. "Financial Statements and Supplementary Data" included in our 2023 Form 10-K.

Our consolidated financial statements are prepared in accordance with U.S. GAAP, which requires management to make estimates and assumptions. As of December 31, 2023, the accounting policies that required the most significant judgments and estimations by management were: (1) premium revenue recognition, (2) loss and loss adjustment expense reserves, (3) fair value measurements related to our investments, (4) valuation of components of purchase consideration, loss and adjustment expenses reserves and intangible assets relating to acquisition of Sirius Group and (5) income taxes. If actual events differ significantly from the underlying judgments or estimates used by management in the application of these accounting policies, there could be a material adverse effect on our results of operations and financial condition. Refer to Part II, Item 7, “Management’s Discussion and Analysis of Financial Condition and Results of Operations,” included in our 2023 Form 10-K.

ITEM 3. Quantitative and Qualitative Disclosures About Market Risk

Our consolidated balance sheets include a substantial amount of assets and liabilities whose fair values are subject to market risk. The term market risk refers to the risk of loss arising from adverse changes in interest rates, credit spreads, equity markets prices, and other relevant market rates and prices. Due to our sizable investment portfolio, market risk can have a significant effect on our consolidated financial position.

We believe we are principally exposed to the following types of market risk:

- interest rate risk; and
- foreign currency exchange risk.

Interest Rate Risk

Interest rate risk is the price sensitivity of a security to changes in interest rates. Our investment portfolio includes fixed income investments, whose fair values will fluctuate with changes in interest rates. Increases and decreases in prevailing interest rates generally translate into decreases and increases in fair values of fixed income investments, respectively. Additionally, fair values of interest rate sensitive instruments may be affected by the creditworthiness of the issuer, prepayment options, relative values of alternative investments, the liquidity of the instrument, and other market factors.

We manage the interest rate risk associated with our portfolio of fixed income investments by matching asset backing reserves with that of our economic liabilities, in addition to monitoring the average of investment-grade corporate securities; U.S. government and agency securities; foreign government, agency and provincial obligations; preferred stocks; asset-backed and mortgage-backed securities; and municipal obligations.

The following table summarizes the estimated effects of hypothetical increases and decreases in market interest rates on our debt securities as of June 30, 2024:

	Fair value	Assumed change in interest rate	Estimated fair value after change in interest rate	Pre-tax increase (decrease) in carrying value
		(\$ in millions)		
Debt securities	\$ 5,653.0	300 bp decrease	6,147.9	\$ 494.9
		200 bp decrease	5,982.7	329.7
		100 bp decrease	5,817.4	164.4
		50 bp decrease	5,734.9	81.9
		50 bp increase	5,566.4	(86.6)
		100 bp increase	5,480.6	(172.4)
		200 bp increase	5,308.9	(344.1)
		300 bp increase	5,137.3	\$ (515.7)

The magnitude of the fair value decrease in rising rates scenarios may be more significant than the fair value increase in comparable falling rates scenarios. This can occur because (i) the analysis floors interest rates at a de minimis level in falling rate scenarios, muting price increases, (ii) portions of the fixed income investment portfolio may be callable, muting price increases in falling interest rate scenarios and/or (iii) portions of the fixed income investment portfolio may experience cash flow extension in higher interest rate environments, which generally results in lower fixed income asset prices.

Interest payments on our 2017 SEK Subordinated Notes are required to be serviced in Swedish kronor by reference to Stockholm Interbank Offered Rate, a floating interest rate benchmark. This benchmark rate has increased year to date and it is possible that it will continue to do so, which could result in increasing our interest expense in U.S. dollars.

Investments in Related Party Investment Funds

The carrying values of our investments in Related Party Investment Funds are carried at fair value. We have elected the practical expedient for fair value for these investments which is estimated based on our share of the net asset value of the respective limited partnership, as provided by the independent fund administrator. Market prices of the underlying investment securities, in general, are subject to fluctuations. Assuming a hypothetical 10% and 30% increase or decrease in the value of our investments in Related Party Investment Funds as of June 30, 2024, the carrying value of these investments would have increased or decreased by approximately \$10.7 million and \$32.0 million, pre-tax, respectively.

Foreign Currency Exchange Risk

In the ordinary course of business, we hold non-U.S. dollar denominated assets and liabilities, which are valued using period-end exchange rates. Non-U.S. dollar denominated foreign revenues and expenses are valued using average exchange rates over the period. Foreign currency exchange-rate risk is the risk that we will incur losses on a U.S. dollar basis due to adverse changes in foreign currency exchange rates.

The following table summarizes the estimated effects of a hypothetical 10% increase and decrease in the value of the U.S. dollar against select foreign currencies would have had on the carrying value of our net assets as of June 30, 2024:

	10% increase	10% decrease
	(\$ in millions)	
Euro to U.S. Dollar	\$ (3.3)	\$ 3.3
Swedish Krona to U.S. Dollar	(1.0)	1.0
British Pound to U.S. Dollar	1.0	(1.0)
South African Rand to U.S. Dollar	(1.0)	1.0
Canadian Dollar to U.S. Dollar	\$ 2.4	\$ (2.4)

ITEM 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the design and operation of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as amended) as of June 30, 2024. Based upon this evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures were effective as of June 30, 2024.

Changes in Internal Control Over Financial Reporting

There have been no changes in our internal control over financial reporting (as defined in Rule 13a-15(f) and Rule 15d-15(f) under the Exchange Act) that occurred during the three months ended June 30, 2024, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II - Other Information

ITEM 1. Legal Proceedings

The Company and its subsidiaries are subject to lawsuits and regulatory actions in the normal course of business that do not arise from or directly relate to claims on reinsurance treaties or contracts or direct surplus lines insurance policies. In the Company's industry, business litigation may involve allegations of underwriting or claims-handling errors or misconduct, disputes relating to the scope of, or compliance with, the terms of delegated underwriting agreements, employment claims, regulatory actions or disputes arising from the Company's business ventures. The Company's operating subsidiaries are subject to claims litigation involving, among other things, disputed interpretations of policy coverages. Generally, the Company's direct insurance operations are subject to greater frequency and diversity of claims and claims-related litigation than its reinsurance operations and, in some jurisdictions, may be subject to direct actions by allegedly injured persons or

entities seeking damages from policyholders. These lawsuits, which involve or arise out of claims on policies issued by the Company's subsidiaries, are typical to the insurance industry in general and in the normal course of our business. These claims are considered in the Company's loss and loss expense reserves. In addition, the Company may from time to time engage in litigation or arbitration related to its claims for payment in respect of ceded reinsurance, including disputes that challenge the Company's ability to enforce its underwriting intent. Such matters could result, directly or indirectly, in providers of protection not meeting their obligations to the Company or not doing so on a timely basis. The Company may also be subject to other disputes from time to time, relating to operational or other matters distinct from insurance or reinsurance claims. Any litigation or arbitration, or regulatory process, contains an element of uncertainty, and the value of an exposure or a gain contingency related to a dispute is difficult to estimate. The Company believes that no individual litigation or arbitration to which it is presently a party is likely to have a material adverse effect on its results of operations, financial condition, business or operations.

ITEM 1A. Risk Factors

Our business is subject to a number of risks, including those described in the Company's risk factors disclosed in Part I, Item 1A of our 2023 Form 10-K, that may prevent us from achieving our business objectives or may adversely affect our business, financial condition, cash flows and results of operations. Below are material changes to our risk factors since our 2023 Form 10-K.

We are reliant on financial strength and credit ratings, and any downgrade or withdrawal of ratings and/or change in outlook may have a material adverse effect on our business, prospects, financial condition and results from operations.

Third-party rating agencies assess and rate the financial strength, including claims-paying ability, of insurers and reinsurers. These ratings are based upon criteria established by the rating agencies and are subject to revision at any time at the sole discretion of the rating agencies. Some of the criteria relate to general economic conditions and other circumstances outside of the rated company's control. These financial strength ratings are used by policyholders, agents and brokers to assess the suitability of insurers and reinsurers as business counterparties and are an important factor in establishing our competitive position in insurance and reinsurance markets.

The maintenance of an "A-" or better financial strength rating from AM Best and/or S&P or "A3" or better financial strength rating from Moody's is particularly important to our operating insurance and reinsurance subsidiaries to bind property and casualty insurance and reinsurance business in most markets. In addition, issuer credit ratings are used by existing or potential investors to assess the likelihood of repayment on a particular debt issue. Accordingly, the maintenance of an investment grade credit rating (e.g., "BBB-" or better from S&P or Fitch) is important to our ability to raise new debt with acceptable terms. Strong credit ratings are important factors that provide better financial flexibility when issuing new debt or restructuring existing debt. A downgrade, withdrawal or similar action concerning our credit ratings could limit our ability to raise new debt or could make new debt more costly and/or result in more restrictive conditions.

We are the obligor of \$400.0 million in aggregate principal amount of 2024 Senior Notes. In certain circumstances, if an event of default were to occur and remain uncured then the 2024 Senior Notes will become immediately due and payable. Either of these outcomes could require use of cash that we might otherwise use in operating our business. In addition, we may not have sufficient funds to satisfy these obligations, which could result in an event of default under the indenture governing the 2024 Senior Notes. Effective February 26, 2021, the Company entered into a three-year, \$300.0 million senior unsecured revolving credit facility (the "Facility") with JPMorgan Chase Bank, N.A. as administrative agent, which was renewed in February 2024 for one additional year. In certain circumstances, a downgrade of the rating assigned to the Facility would result in an increase in the annual interest rate payable on the Facility, which could require use of cash that we might otherwise use in operating our business. See *"Risks Relating to Our Business—Inability to service our indebtedness could adversely affect our liquidity and financial condition and could potentially result in a downgrade or withdrawal of our credit ratings, any of which could adversely affect our financial condition and results of operations."*

Rating agencies periodically evaluate us and our operating insurance and reinsurance companies to confirm that we continue to meet the criteria of the ratings previously assigned to us. A downgrade or withdrawal of the financial strength rating of our operating insurance and reinsurance companies could severely limit or prevent us from writing new policies or renewing existing policies, which could have a material adverse effect on our results of operations and financial condition. Additionally, some of our assumed reinsurance contracts contain optional cancellation, commutation and/or funding provisions that would be triggered if AM Best and/or S&P were to downgrade our rating below "A-" or withdraw the financial strength ratings of our principal insurance and reinsurance operating subsidiaries. A downgrade may also require us

to establish trusts or post letters of credit for ceding company clients. A client may choose to exercise these rights depending on, among other things, the reasons for such a downgrade, the extent of the downgrade, the prevailing market conditions, the degree of unexpired coverage, and the pricing and availability of replacement reinsurance coverage. We cannot predict in advance how many of our clients would exercise such rights in the event of a downgrade or withdrawal, but widespread exercise of these options could be materially adverse.

Inability to service our indebtedness could adversely affect our liquidity and financial condition and could potentially result in a downgrade or withdrawal of our credit ratings, any of which could adversely affect our financial condition and results of operations.

As of June 30, 2024, our outstanding indebtedness included \$254.4 million in 2017 SEK Subordinated Notes and \$394.2 million in 2024 Senior Notes.

We are a holding company and, accordingly, conduct substantially all operations through our operating subsidiaries. As a result, our cash flow and our ability to service our debt depend in part upon the earnings of our operating subsidiaries and on the distribution of earnings, loans or other payments from such subsidiaries to us. See “*Risks Relating to Our Business—Our ability to pay dividends may be constrained by our holding company structure and certain regulatory and other factors.*”

Our operating subsidiaries are separate and distinct legal entities and have no obligation to pay any amounts due on our indebtedness, or to provide us with funds for our payment obligations, whether by dividends, distributions, loans or other payments. Our operating subsidiaries may not generate sufficient cash flow from operations, and future financing sources may not be available to us in amounts sufficient to satisfy our obligations under our indebtedness, to refinance our indebtedness on acceptable terms or at all, or to fund our other business needs. In addition to being limited by the financial condition and operating requirements of such subsidiaries, any payment of dividends, distributions, loans or advances by our subsidiaries to us could be subject to statutory or contractual restrictions.

To the extent that we need funds but our subsidiaries are restricted from making such distributions under applicable law or regulation, or are otherwise unable to distribute funds, our liquidity and financial condition would be adversely affected and we would potentially be unable to satisfy our obligations under our existing or future indebtedness or any of our other obligations. If we cannot service our indebtedness, the implementation of our business strategy would be impeded, and we could be prevented from entering into transactions that would otherwise benefit our business.

Our right to receive any assets of any of our respective subsidiaries upon liquidation or reorganization of such subsidiaries, and therefore the rights of the holders of our indebtedness to participate in those assets, will be structurally subordinated to the claims of such subsidiary’s creditors. In addition, even if we were a creditor of any of our respective subsidiaries, our rights as a creditor would be subordinate to any security interest in the assets of such subsidiaries and any indebtedness of such subsidiaries senior to that held by us. Our indebtedness would also be structurally subordinated to the rights of the holders of any preferred stock or shares issued by our subsidiaries, whether currently outstanding or issued hereafter. Moreover, the rights of shareholders of SiriusPoint to receive any assets of SiriusPoint upon liquidation or reorganization of SiriusPoint would be subordinate to all of the foregoing claims.

Our indebtedness may limit cash flow available to invest in the ongoing needs of our business and may otherwise place us at a competitive disadvantage compared to our competitors.

We or our subsidiaries may in the future incur or guarantee additional indebtedness. The indentures governing the 2024 Senior Notes and 2017 SEK Subordinated Notes do not limit the amount of additional indebtedness we may incur. Our debt combined with our other financial obligations and contractual commitments could have significant adverse consequences, including:

- requiring us to dedicate a substantial portion of cash flow from operations to the payment of interest on, and principal of, our debt and payment of other obligations and commitments, which will reduce the amounts available to fund working capital, the expansion of our business and other general corporate purposes;
- increasing our vulnerability to adverse changes in general economic, industry and market conditions, and exposing us to the risk of changing interest rates;
- obligating us to additional restrictive covenants that may reduce our ability to take certain corporate actions or obtain further debt or equity financing;
- making it more difficult for us to make payments on our existing or future obligations;

- limiting our flexibility in planning for, or reacting to, changes in our business and the industry in which we compete; and
- placing us at a competitive disadvantage compared to our competitors that have less debt or better debt servicing options.

In addition, a failure to comply with the covenants under our debt instruments could result in an event of default under those instruments. In the event of an acceleration of amounts due under our debt instruments as a result of an event of default, we may not have sufficient funds and may be unable to arrange for additional financing to repay our indebtedness, and the lenders could seek to enforce security interests in the collateral securing such indebtedness.

We may not have the liquidity or ability to raise the funds necessary to pay the principal or interest on our outstanding debt obligations.

At maturity, the entire outstanding principal amount of our 2024 Senior Notes and 2017 SEK Subordinated Notes, plus any accrued and unpaid interest, will become due and payable. We must pay interest in cash on the notes quarterly, or semi-annually, as applicable. We may not have enough available cash or be able to obtain sufficient financing at the time we are required to make these payments. Furthermore, our ability to make these payments may be limited by law, by regulatory authority or by agreements governing our indebtedness. Our failure to pay interest when due, if uncured for 30 days, or our failure to pay the principal amount when due, will constitute an event of default under the indentures governing the 2024 Senior Notes and the 2017 SEK Subordinated Notes. A default under the indentures could also lead to a default under agreements governing our indebtedness. If the repayment of that indebtedness is accelerated as a result, then we may not have sufficient funds to repay that indebtedness or to pay the principal or interest on the 2024 Senior Notes and the 2017 SEK Subordinated Notes.

ITEM 2. Unregistered Sales of Equity Securities, Use of Proceeds and Issuer Purchases of Equity Securities

On February 28, 2018, the Company's Board of Directors authorized the repurchase of an additional \$148.3 million common shares, which, together with the amount remaining under the share repurchase program previously authorized on May 4, 2016, will allow the Company to repurchase up to \$200.0 million of the Company's outstanding common shares in the aggregate. As of June 30, 2024, a maximum value of approximately \$56.3 million of common shares and warrants may yet be purchased under the program. The Company did not make any repurchases of common shares during the six months ended June 30, 2024.

On July 31, 2024, the Company's Board of Directors authorized the Company to repurchase up to an additional \$250.0 million of the Company's common shares, which together with the amount remaining available under previously announced share repurchase authorizations, will allow the Company to repurchase up to \$306.3 million of its common shares in the aggregate. The share repurchase program does not have an expiration date.

ITEM 3. Defaults Upon Senior Securities

None.

ITEM 4. Mine Safety Disclosures

Not applicable.

ITEM 5. Other Information

During the three months ended June 30, 2024, none of the Company's directors or officers adopted or terminated any Rule 10b5-1 trading arrangement or non-Rule 10b5-1 trading arrangement (as such terms are defined in Item 408 of Regulation S-K of the Securities Act of 1933, as amended).

ITEM 6. Exhibits

- 4.1 [Senior Indenture, dated as of April 5, 2024, between SiriusPoint Ltd. and The Bank of New York Mellon, as trustee.\(incorporated by reference to Exhibit 4.1 to he Company’s Current Report on Form 8-K filed on April 5, 2024\).](#)
