E. Notes to the condensed interim consolidated financial statements

1 Corporate information

Hotung Investment Holdings Limited (the “Company”) is incorporated in Bermuda and whose shares are publicly traded on the Mainboard of the Singapore Exchange. These condensed interim consolidated financial statements (referred to as the “condensed interim financial statements”) as at and for the six months ended 30 June 2021 comprise the Company and its subsidiaries (referred to as the “Group”). The principal activity of the Company is investment holding and its investment management operations are performed by its subsidiary, Hotung International Co., Ltd., which has its principal place of business at 10F, 261, Sung-Chiang Road, Taipei, Taiwan, Republic of China.

2 Basis of preparation

The condensed interim financial statements ended 30 June 2021 have been prepared in accordance with *IAS 34 Interim Financial Reporting*, as issued by the International Accounting Standards Board (“IASB”). The condensed interim financial statements do not include all the information required for a complete set of financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group’s financial position and performance of the Group since the last annual financial statements for the year ended 31 December 2020.

The accounting policies adopted are consistent with those of the previous financial year which were prepared in accordance with *International Financial Reporting Standards* (“IFRSs”), except for the adoption of new and amended standards as set out in Note 2.1. The condensed interim financial statements are presented in New Taiwan dollars (“NT\$”), which is the Company’s functional currency. All financial information presented in New Taiwan dollars have been rounded to the nearest thousand, unless otherwise stated.

2.1 New and amended standards adopted by the Group

A number of amendments to Standards have become applicable for the current reporting period. The Group did not have to change its accounting policies or make retrospective adjustments as a result of adopting those standards.

2.2 Use of estimates and judgements

The significant judgements made by management in applying the Group’s accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statement as at and for the year ended 31 December 2020.

The preparation of the condensed interim financial statements ended 30 June 2021 in conformity with IFRSs requires management to exercise its judgement in the process of applying the Group’s accounting policies. It also requires the use of accounting estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

Critical accounting estimates and assumptions used that are significant to the condensed interim financial statements, and areas involving a higher degree of judgement or complexity, are disclosed in Note 7.

3 Seasonal operations

The Group's businesses are not affected significantly by seasonal or cyclical factors during the period.

4 Segment and revenue information

The Group identified the operating segments based on internal reporting that the Group's chief decision makers regularly review. The Investments segment includes all investment subsidiaries of the Group and the Fund Management segment relates to the activities of the fund management subsidiary.

1. Investments - the Group's core business segment conducted mainly through its three subsidiaries: Hotung Venture Capital Corp. (Taiwan), Daitung Development and Investment Corp. (Taiwan) and Huitung Investments (BVI) Ltd., with the objective of achieving significant long-term capital appreciation by investing in a balanced and well-diversified portfolio, and assisting and adding value to the portfolio of companies.
2. Fund Management - relates to the Group's fund management activities conducted by its subsidiary, Hotung International Co., Ltd., with the main objective of providing investment consultancy and advisory services to entities within the Group.

There were no inter-segment transactions during the period except for the management and incentive fees paid from entities within the Investments segment to the Fund Management subsidiary company in the Fund Management segment which was eliminated on consolidation.

4.2 Disaggregation of Revenue

The Group's activities are conducted predominantly in Taiwan and China. Income from sales of investments and securities trading is segregated based on the geographies in which the shares of the respective investee entities are quoted or traded. Investments are segregated on the same basis, and for those not quoted or traded, based on the investee entities' principal places of business.

7.1 Fair value measurement

When measuring the fair value of an asset or liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted price (unadjusted) in an active market for identical assets or liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

7.1 Fair value measurement(con't)

Fair value hierarchy

The table below analyses financial instruments measured at fair value at the end of the reporting period, by the level in the fair value hierarchy into which the fair value measurement is categorised:

At 30 June 2021, there was no transfer from Level 1 to Level 2 for financial assets at FVTPL investments during the period. Financial assets at FVTPL investments with a carrying amount of NT\$21 million were transferred from Level 2 to Level 1 because those investments were listed during the period.

At 31 December 2020, financial assets at FVTPL investments with a carrying amount of NT\$9.6 million were transferred from Level 1 to Level 2 as those investments were delisted during the year and NT\$75.9 million were transferred from Level 2 to Level 1 because those investments were listed during the year.

The fair value hierarchy table excludes financial assets and financial liabilities such as cash and cash equivalents, trade and other receivables and trade and other payables because their carrying amounts approximate their fair values due to their short-term nature.

7.1 Fair value measurement(con't)

The following table shows the reconciliation from the opening balance to the closing balance for fair value measurement in Level 3 of the fair value hierarchy:

Fair value hierarchy(cont't)

3. A review of the performance of the group, to the extent necessary for a reasonable understanding of the group business. It must include a discussion of the following:-

- (a) any significant factors that affected the turnover, costs and earnings of the group for the current financial period reported on, including (where applicable) seasonal or cyclical factors; and
- (b) any material factors that affected the cash flow, working capital, assets or liabilities of the group during the current financial period reported on.

(a)

- 1. The Group’s revenue of NT\$530.4 million mainly resulted from the net gains of NT\$467.2 million (1H2020: NT\$14.7 million) on the financial assets at fair value through profit or loss and the distribution proceeds of NT\$66.1 million (1H2020: NT\$142.5 million) received from fund investments.
- 2. The increase in the Group’s tax expense from NT\$100.1 million (1H 2020: NT\$7.6 million) was mainly due to recognition of deferred tax liabilities amounting to NT\$72.5 million.

3. Losses on translation of foreign operations amounted to NT\$69.3 million (1H2020: losses of NT\$38 million) was a result of depreciation of US dollar against NT dollar during 1H2021.

(b)

1. The increase in the Group's financial assets at fair value through profit or loss (current) from NT\$70 million to NT\$109.3 million was mainly short term portfolios increased and favorable fair value changes at the end of 30 June 2021.

2. The decrease in the Group's financial assets at fair value through profit or loss (non-current) from NT\$5,599.4 million to NT\$4,506.8 million was mainly due to divestment during 1H2021.

3. The increase of NT\$875.7 million in the Group's Cash balance from NT\$1,024.6 million to NT\$1,900.3 million was mainly due to proceeds from divestments.

4. The decrease of the Group's deferred tax liability of NT\$68.5 million was mainly due to the tax payments of NT\$139.3 million in realized profit in the Group's subsidiaries during 1H2021.

4. Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results.

No forecast was previously disclosed in relation to 2021 first half year results.

5. A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the Group operates and any known factors or events that may affect the Group in the next operating period and the next 12 month.

The Group has achieved a good result in the first half of 2021. Our investments in semiconductor and new energy have blossomed and contributed to our group's financial result.

The evolving COVID variant pandemic's effects on the global economy and our technology investments and valuations are uncertain.

We will continue to be focussed on cautiously making strategic investments.

6. If a decision regarding dividend has been made:-

(a) Whether an dividend has been declared/recommended?
