

# Q4 & FY 2023 Summary Results

#### **Disclaimer**

#### **Use of Non-GAAP Financial Measures**

This presentation includes certain non–GAAP financial measures (including on a forward–looking basis) such as Adjusted Net Revenue, Adjusted EBITDA and Adjusted EBITDA Margin, Tangible Book Value and adjusted loss per share. These non–GAAP measures are in addition to, and not a substitute for or superior to, measures of financial performance prepared in accordance with GAAP and should not be considered as an alternative to net revenue, net income (loss), operating income or any other performance measures derived in accordance with GAAP. Reconciliations of non–GAAP measures to their most directly comparable U.S. Generally Accepted Accounting Principles (GAAP) counterparts are included in the Non–GAAP Reconciliations section of this presentation. Sofi believes that these non–GAAP measures of financial results (including on a forward–looking basis) provide useful supplemental information to investors about Sofi. Sofi's management uses non–GAAP measures to evaluate our operating performance, formulate business plans, help better assess our overall liquidity position, and make strategic decisions, including those relating to operating expenses and the allocation of internal resources. However, these non–GAAP measures have limitations as analytical tools. Other companies may not use these non–GAAP measures or may use similar measures that are defined in a different manner. Therefore, Sofi's non–GAAP measures may not be directly comparable to similarly titled measures of other companies. Additionally, forward–looking non–GAAP measures because the GAAP financial measures are presented on a non–GAAP basis without reconciliations of such forward–looking non–GAAP measures because the GAAP financial measures are not accessible on a forward–looking adjustments reflected in our reconciliation of historic non–GAAP financial measures, the amounts of which, based on historical experience, could be material.

Cautionary Statement Regarding Forward-Looking Statements

This document contains certain forward-looking statements and as such are not historical facts. This includes, without limitation, statements regarding our expectations for the first quarter of 2024 adjusted net revenue, adjusted EBITDA, adjusted EBITDA margin and GAAP net income, our expectations regarding full year 2024 lending revenue, revenue and growth in our Technology Platform and Financial Services segments, expenses, adjusted EBITDA margin, GAAP net income, and tangible book value, quarterly and full year member growth, our expectations regarding compound revenue growth through 2026, growth in our segment revenue and EPS expectations beyond 2026, our expectations regarding our ability to continue to grow our business and launch new business lines and products, improve our financials and increase our member, product and total accounts count, our ability to achieve diversified growth and larger, more durable revenue, our ability to navigate the macroeconomic environment and the financial position, business strategy and plans and objectives of management for our future operations. These forward-looking statements are not quarantees of performance. Such statements can be identified by the fact that they do not relate strictly to historical or current facts. Words such as "achieve", "continue", "expect", "growth", "may", "plan", "strategy", "will be", "will continue", and similar expressions may identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking. Factors that could cause actual results to differ materially from those contemplated by these forward-looking statements include: (i) the effect of and our ability to respond and adapt to changing market and economic conditions, including recessionary pressures, fluctuating and interest rates, and volatility from global events; (ii) our ability to achieve profitability, operating efficiencies and continued growth across our three businesses in the future, as well as our ability to continue to achieve GAAP net income profitability and expected GAAP net income margins; (iii) the impact on our business of the regulatory environment and complexities with compliance related to such environment; (iv) our ability to realize the benefits of being a bank holding company and operating SoFi Bank, including continuing to grow high quality deposits and our rewards program for members; (v) our ability to continue to drive brand awareness and realize the benefits or our integrated multi-media marketing and advertising campaigns; (vi) our ability to vertically integrate our businesses and accelerate the pace of innovation of our financial products; (vii) our ability to manage our growth effectively and our expectations regarding the development and expansion of our business; (viii) our ability to access sources of capital on acceptable terms or at all, including debt financing and other sources of capital to finance operations and growth; (ix) the success of our continued investments in our Financial Services segment and in our business generally; (x) the success of our marketing efforts and our ability to expand our member base and increase our product adds; (xi) our ability to maintain our leadership position in certain categories of our business and to grow market share in existing markets or any new markets we may enter; (xiii) our ability to develop new products, features and functionality that are competitive and meet market needs; (xiii) our ability to realize the benefits of our strategy, including what we refer to as our FSPL; (xiv) our ability to make accurate credit and pricing decisions or effectively forecast our loss rates; (xv) our ability to establish and maintain an effective system of internal controls over financial reporting; (xvi) our ability to maintain the security and reliability of our products; and (xvii) the outcome of any legal or governmental proceedings that may be instituted against us. The foregoing list of factors is not exhaustive. You should carefully consider the foregoing factors and the other risks and uncertainties set forth in the section titled "Risk Factors" in our last quarterly report on Form 10-Q, as filed with the SEC, and those that are included in any of our future filings with the SEC, including our annual report on Form 10-K, under the Exchange Act. These forward-looking statements are based on information available as of the date hereof and current expectations, forecasts and assumptions, and involve a number of judgments, risks and uncertainties. Accordingly, forward-looking statements should not be relied upon as representing our views as of any subsequent date, and we do not undertake any obligation to update forward-looking statements to reflect events or circumstances after the date they were made, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws,

#### **Members**

New Member Additions of 585K in Q4, bringing total to over 7.5M (+44% YoY)

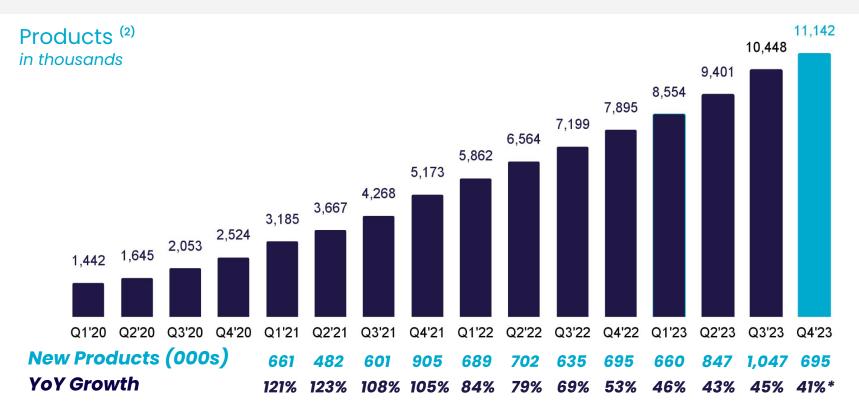

Note: See "Footnotes" section for detailed explanations and definitions

#### **Products**

#### New Product Additions of 695K in Q4, Bringing Total to 11.1M (+41% YoY)

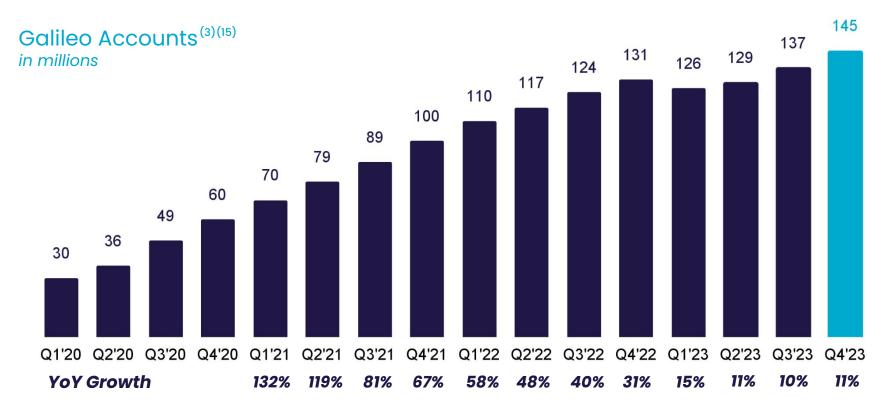

<sup>\*</sup> YoY Growth in Products was 45% when when adjusted to exclude the accounts of our now closed digital assets business Note: See "Footnotes" section for detailed explanations and definitions

#### **Galileo Accounts**

SoFi **S** 

Accounts Total 145M (+11% YoY)

Note: See "Footnotes" section for detailed explanations and definitions

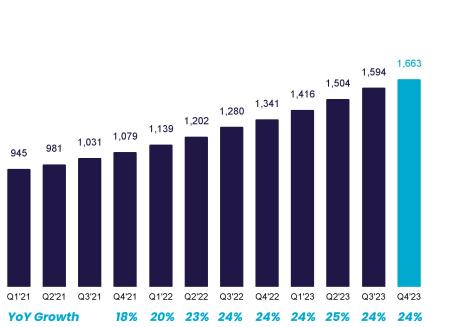

### **Lending and Financial Services Products**

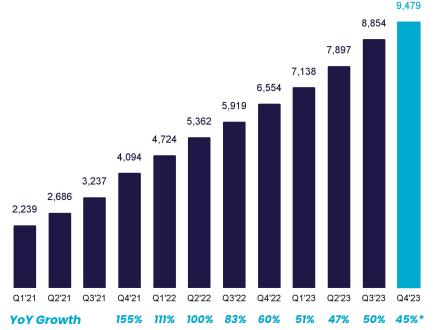

Growth in products & members driven by Financial Services products, which reached over 9.4M (+45% YoY)

Lending Products<sup>(2)</sup> (000s): +24% YoY to 1.6M

Financial Services Products<sup>(2)</sup> (000s): +45% YoY to 9.4M

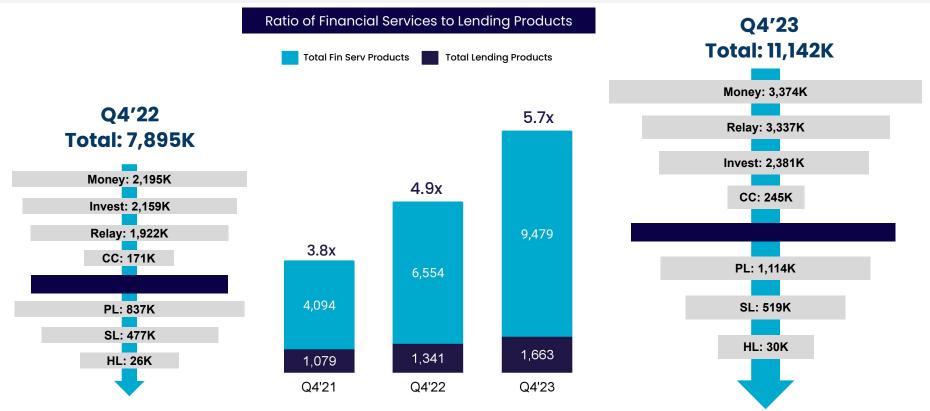

<sup>\*</sup> YoY Growth in Financial Services Products was 50% when when adjusted to exclude the accounts of our now closed digital assets business Note: See "Footnotes" section for detailed explanations and definitions

### **Financial Services Productivity Loop**

FSPL has reached an inflection point, which creates marketing efficiencies and improves xBuy

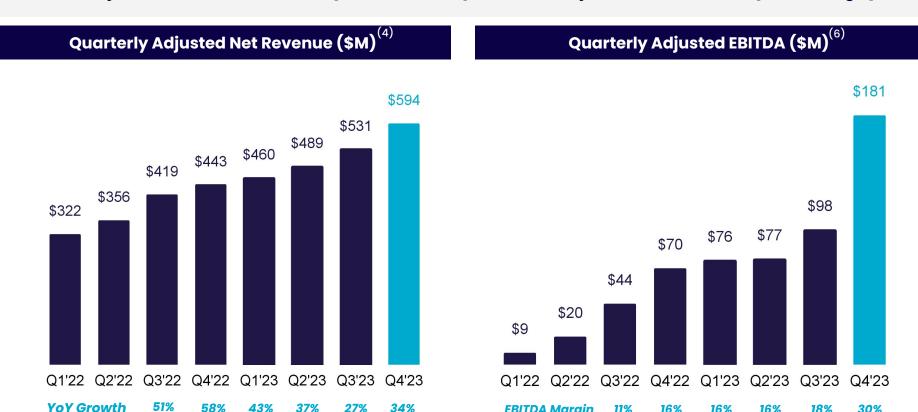

### **Q4 2023 Financial Review**

### **Quarterly Performance**

Record Adjusted Net Revenue of \$594M (34% YoY Growth) and record Adjusted EBITDA of \$181M (at 30% Margin)

Note: See "Footnotes" section for detailed explanations and definitions. The sum of individual metrics may not always eaual total amounts indicated due to rounding.

**EBITDA Margin** 

11%

16%

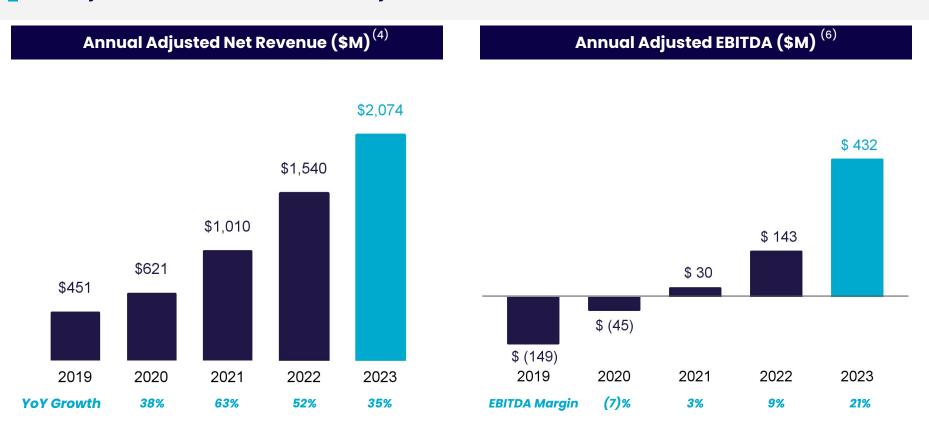

34%

30%

#### **Annual Performance**

2023 Adjusted Net Revenue of over \$2B and Adjusted EBITDA of \$432M

### FY 2023 Non-GAAP Results vs Guidance

#### FY 2023 Adj. Net Revenue was \$2.07B vs guidance of \$2.045-2.065B, representing a \$9M beat at the high end

Adj. EBITDA was \$432M vs. guidance of \$386-396M, representing a \$36M beat at the high end

		FY 2023 G	BUIDANCE	VARIANCE TO	GUIDANCE
\$ in millions	2023	Low	High	Low	High
Adjusted Net Revenue (4) % Delta	\$2,074	\$2,045	\$2,065	\$29 1%	\$9 0.4%
Adjusted EBITDA <sup>(6)</sup> Adjusted EBITDA Margin	\$432 <i>21%</i>	\$386 19%	\$396 19%	\$46	\$36

### Q1'24 Non-GAAP Guidance

### We expect to deliver \$550-560M in Adjusted Net Revenue, \$110-120M in Adjusted EBITDA and \$10-20M in GAAP Net Income

	Q1'24 Low	Q1'24 High
\$ in millions		
Adjusted Net Revenue (4)	\$550	\$560
YoY Growth	20%	22%
Adjusted EBITDA (6)	\$110	\$120
Adjusted EBITDA Margin	20%	21%
Incremental EBITDA Margin	38%	44%
GAAP Net Income	\$10	\$20

#### FY 2024 Guidance

#### We expect to deliver:

- Tech Platform and Financial Services growth of 50% or more versus 2023 levels
- Lending segment at 92-95% of 2023 revenue levels
- GAAP Net Income of \$95 \$105 million
- Adjusted EBITDA of \$580-590 million
- EPS of \$0.07 \$0.08 cents
- \$300 500M of Tangible Book Value growth

**This guidance assumes:** expenses under the EBITDA line to remain flat, a 50 - 50 revenue split between Lending and the combined Tech Platform and Financial Services segments, as well as Adjusted EBITDA margin ramping to 30% by year end

#### FY 2024 Guidance

	2024 GU	IDANCE
	Low	High
Lending Segment	<b>92%</b> of 2023 revenue levels	95% of 2023 revenue levels
Financial Services and Tech Platform	50°	
\$ in millions	growth from	2023 leveis
Adjusted EBITDA	\$580	\$590
GAAP Net Income	\$95	\$105
EPS	\$0.07	\$0.08
Tangible Book Value Growth	\$300	\$500

### **Footnotes to Financial Statements**

#### **Footnotes**

- (1) We define a member as someone who has a lending relationship with us through origination and/or ongoing servicing, opened a financial services account, linked an external account to our platform, or signed up for our credit score monitoring service. Our members have continuous access to our certified financial planners, our career advice services, our member events, our content, educational material, news, and our tools and calculators, which are provided at no cost to the member. Once someone becomes a member, they are always considered a member unless they violate our terms of service. We adjust our total number of members in the event is removed in accordance with our terms of service. This could occur for a variety of reasons—including fraud or pursuant to certain legal processes—and, as our terms of service evolve together with our business practices, product offerings and applicable regulations, our grounds for removing members from our total member count could change. The determination that a member should be removed in accordance with our terms of service is subject to an evaluation process, following the completion, and based on the results, of which, relevant members and their associated products are removed from our total member count in the period in which such evaluation process concludes. However, depending on the length of the evaluation process, that removal may not yet reflect adjustments that may be made once ongoing evaluation processes, if any, conclude.
- (2) Total products refers to the aggregate number of lending and financial services products that our members have selected on our platform since our inception through the reporting date, whether or not the members are still registered for such products. In our Lending segment, total products refers to the number of personal loans, student loans and home loans that have been originated through our platform through the reporting date, whether or not such loans have been paid off. If a member has multiple loan products of the same loan product type, such as two personal loans, that is counted as a single product. However, if a member has multiple loan products across loan product types, such as one personal loan and one home loan, that is counted as two products. In our Financial Services segment, total products refers to the number of SoFi Money accounts (including accounts held at SoFi Bank and cash management accounts), SoFi Invest accounts, SoFi Credit Card accounts (including accounts with a zero dollar balance at the reporting date), referred loans (which are originated by a third-party partner to which we provide pre-qualified borrower referrals), SoFi At Work accounts and SoFi Relay accounts (with either credit score monitoring enabled or external linked accounts) that have been opened through our platform through the reporting date. Checking and savings accounts are considered one account within our total products metric. Our SoFi Invest service is composed of three products: active investing accounts, robo-advisory accounts and digital assets accounts and we began closing existing digital assets accounts. This process is expected to be completed in the first quarter of 2024. If a member has multiple SoFi Invest products of the same account, types, such as two active investing accounts and one robo-advisory account, those separate account types, such as one active investing account and one robo-advisory account, those separate account types are considered separate products. In the event a member is remov
- (3) In our Technology Platform segment, total accounts refers to the number of open accounts at Galileo as of the reporting date. Beginning in the fourth quarter of 2021, we include intercompany accounts in our total accounts metric to better align with the Technology Platform segment revenue reported in our segment information, which includes intercompany revenue. The equal and offsetting intercompany expenses are reflected within all three segments' directly attributable expenses, as well as within expenses not allocated to segments. The intercompany revenues and expenses are eliminated in consolidation. We reflected the full year 2021 impact within the fourth quarter, as inter-quarter amounts were determined to be immaterial.
- (4) Adjusted net revenue is a non-GAAP measure. Adjusted net revenue is defined as total net revenue, adjusted to exclude the fair value changes in servicing rights and residual interests classified as debt due to valuation inputs and assumptions changes, which relate only to our Lending segment, as well as gains and losses on extinguishment of debt.
- (5) The measure of contribution profit (loss) is the primary measure of segment profit and loss reviewed by SoFi in accordance with GAAP and is, therefore, only measured and presented herein for total reportable segments. SoFi does not evaluate contribution profit (loss) at the consolidated level. Contribution profit (loss) is defined as total net revenue for each reportable segment less fair value changes in servicing rights and residual interests classified as debt that are attributable to assumption changes, which impact the contribution profit within the Lending segment, and expenses directly attributable to the corresponding reportable segment.
- 6) Adjusted EBITDA is a non-GAAP measure. Adjusted EBITDA is defined as net income (loss), adjusted to exclude, as applicable: (i) corporate borrowing-based interest expense (our adjusted EBITDA measure is not adjusted for warehouse or securitization-based interest expense, nor deposit interest expense and finance lease liability interest expense, as these are not direct operating expenses), (ii) income tax expense (benefit), (iii) depreciation and amortization, (iv) share-based expense (inclusive of equity-based payments to non-employees), (v) impairment expense (inclusive of goodwill impairment and property, equipment and software abandonments), (vi) transaction-related expenses, (vii) foreign currency impacts related to operations in highly inflationary countries, (viii) fair value changes in warrant liabilities, (ix) fair value changes in each of servicing rights and residual interests classified as debt due to valuation assumptions, and (x) other charges, as appropriate, that are not expected to recur and are not indicative of our core operating performance.
- (7) Reflects changes in fair value inputs and assumptions, including market servicing costs, conditional prepayment, default rates and discount rates. These non-cash charges are unrealized during the period and, therefore, have no impact on our cash flows from operations. As such, these positive and negative changes are adjusted out of net revenue and net income (loss) to provide management and financial users with better visibility into the earnings available to finance our operations and our overall performance.
- (8) Reflects changes in fair value inputs and assumptions, including conditional prepayment, default rates and discount rates. When third parties finance our consolidated securitization variable interest entities through purchasing residual interests, we receive proceeds at the time of the closing of the securitization and, thereafter, pass along contractual cash flows to the residual interest owner. These residual debt obligations are measured at fair value on a recurring basis, but they have no impact on our initial financing proceeds, our future obligations to the residual interest owner (because future residual interest claims are limited to contractual securitization collateral cash flows), or the general operations of our business. As such, these positive and negative non-cash changes in fair value attributable to assumption changes are adjusted out of net revenue and net income (loss) to provide management and financial users with better visibility into the earnings available to finance our operations

#### **Footnotes**

- (9) Our adjusted EBITDA measure adjusts for corporate borrowing-based interest expenses are a function of our capital structure. Corporate borrowing-based interest expense primarily includes (i) interest on our revolving credit facility, (ii) amortization of debt discount and debt issuance costs on our convertible notes, and (iii) for 2021, interest on the seller note issued in connection with our acquisition of Galileo.
- (10) In our determination of the contribution profit (loss) for our Lending, Technology Platform and Financial Services segments, we allocate certain expenses that are directly attributable to the corresponding segment. Directly attributable expenses primarily include compensation and benefits and sales and marketing, and vary based on the amount of activity within each segment. Directly attributable expenses also include loan origination and servicing expenses, professional services, product fulfillment, lead generation and occupancy-related costs. Expenses are attributed to the reportable segments using either direct costs of the segment or labor costs that can be attributed based upon the allocation of employee time for individual products.
- (11) Impairment expense includes \$247,174 related to goodwill impairment in the third quarter of 2023, and \$1,243 related to a sublease arrangement in the first quarter of 2023, which are not indicative of our core operating performance.
- (12) Restructuring charges in 2023 primarily included employee-related wages, benefits and severance associated with a small reduction in headcount in our Technology Platform segment in the first quarter of 2023 and expenses in the fourth quarter of 2023 related to a reduction in headcount across the Company, which do not reflect expected future operating expenses and are not indicative of our core operating performance.
- (13) Transaction-related expenses in 2023 and 2022 primarily included financial advisory and professional services costs associated with our acquisition of Wyndham and Technisys, respectively. Transaction-related expenses in 2021 included the special payment to the holders of Series 1 Redeemable Preferred Stock in conjunction with the Business Combination (merger with Social Capital Hedosophia Holdings Corp. V) and financial advisory and professional costs associated with our then-pending acquisitions of Golden Pacific and Technisys.
- (14) Our adjusted EBITDA measure excludes the non-cash fair value changes in warrants accounted for as liabilities, which were measured at fair value through earnings. The amounts in 2021 related to changes in the fair value of Series H warrants issued by Social Finance in connection with certain redeemable preferred stock issuances. We did not measure the Series H warrants at fair value subsequent to May 28, 2021 in conjunction with the Business Combination, as they were reclassified into permanent equity. In addition, in conjunction with the Business Combination, SoFi Technologies assumed certain common stock warrants ("SoFi Technologies warrants") that were accounted for as liabilities and measured at fair value on a recurring basis. The fair value of the SoFi Technologies warrants was based on the closing price of ticker SOFIW and, therefore, fluctuated based on market activity. The outstanding SoFi Technologies warrants were either exercised during the fourth quarter of 2021 or redeemed on December 6, 2021.
- (15) In 2023, Technology Platform total accounts reflect the previously disclosed migration by one of our clients of the majority of its processing volumes to a pure processor. These accounts remained open for administrative purposes through the end of 2022, and were included in our total accounts in that period.
- (16) Adjusted for the contractual amount of dividends payable to holders of Series 1 redeemable preferred stock, which are participating interests.
- (17) Excludes the impact of goodwill impairment losses of \$247.2 million during the third quarter of 2023. Earnings (loss) per share attributable to common stockholders, excluding impact of goodwill impairment is defined as net income (loss) attributable to common stockholders, adjusted to exclude goodwill impairment adjustment had no impact on weighted average common stock outstanding for the respective periods. The goodwill impairment adjustment had no impact on weighted average common stock outstanding, or income tax impacts.
- (18) Diluted earnings (loss) per share of common stock is computed by dividing net income, adjusted for the impact of Series 1 Redeemable Preferred Stock dividends, by the weighted average number of shares of common stock outstanding during the period plus amounts representing the dilutive effect of contingently issuable shares including PSU awards which require future service as a condition of delivery of the underlying common stock, RSUs, outstanding options, outstanding warrants and dilution resulting from the conversion of convertible notes, if applicable. The adjustment for convertible notes reflects the conversion price at the end of the reporting period. We excluded the effect of all potentially dilutive common stock elements from the denominator in the computation of diluted earnings (loss) per share in the periods where their inclusion would have been anti-dilutive.
- (19) Reflects gain on extinguishment of debt. Gains and losses are recognized during the period of extinguishment for the difference between the net carrying amount of debt extinguished and the fair value of equity securities issued. These non-cash charges are not indicative of our core operating performance, and as such are adjusted out of total net revenue to provide management and financial users with better visibility into the net revenue available to finance our operations and our overall performance.
- (20) Foreign currency charges reflect the impacts of highly inflationary accounting for our operations in Argentina, which are related to our Technology Platform segment and commenced in the first quarter of 2022 with the Technisys Merger. For the year ended December 31, 2023, all amounts were reflected in the fourth quarter, as inter-quarter amounts were determined to be immaterial. Amounts in 2022 were determined to be immaterial.
- (21) For the three months ended December 31, 2023, diluted earnings per share of \$0.02 and diluted net income attributable to common stockholders of \$24,615 excludes gain on extinguishment of debt and interest expense incurred, net of tax, associated with convertible note activity during the period.
