

Power Integrations Names Wendy Arienzo to Its Board of Directors

3/20/2017

SAN JOSE, Calif.--(BUSINESS WIRE)-- Power Integrations (Nasdaq: **POWI**), the leader in high-voltage integrated circuits for energy-efficient power conversion, today announced that Wendy Arienzo will join the company's board of directors on April 1, 2017.

Dr. Arienzo has more than three decades of technical and executive experience in technology industries, including the semiconductor and power-electronics industries. Since 2013 she has served as vice president of operations at Fujifilm Dimatix, Inc., a leading supplier of piezoelectric industrial print heads. Previously, she was CEO and a director of ArrayPower, a developer of software-defined inverter technology for solar-energy systems. Her prior experience includes a series of executive and technical roles at NXP Semiconductors (and its predecessor, Philips Semiconductors), IBM Corp. and AT&T Bell Laboratories, among others. She holds a Ph.D. in materials-science engineering from Stanford University, as well as master's and undergraduate degrees in the same field from Brown University.

"We are delighted that Wendy Arienzo is joining our board," commented E. Floyd Kvamme, chairman of Power Integrations' board of directors. "We believe Wendy's technical expertise, leadership experience and deep knowledge of the semiconductor and power-electronics industries will be extremely valuable as the company continues to execute its growth strategy."

About Power Integrations

Power Integrations, Inc. is a leading innovator in semiconductor technologies for high-voltage power-conversion. The company's products are key building blocks in the clean-power ecosystem, enabling the generation of renewable energy as well as the efficient transmission and consumption of power in applications ranging from

milliwatts to megawatts. For more information please visit www.power.com.
