

Power Integrations Mourns Passing of Board Member Jim Fiebiger

11/28/2011

SAN JOSE, Calif.--(BUSINESS WIRE)-- Power Integrations (Nasdaq: **POWI**) today announced the passing of James R. Fiebiger, Ph.D., a member of the company's board of directors since 2006. Dr. Fiebiger died on Saturday in Los Angeles.

Dr. Fiebiger spent more than four decades in the semiconductor industry, serving in a series of executive roles at such companies as United Technologies, Motorola, Texas Instruments, GateField Corporation, Thunderbird Technologies and VLSI Technology. He founded Lovoltech, Inc., a privately held power-semiconductor company, serving as chairman and CEO from 1999 to 2004, and served on the boards of such companies as Mentor Graphics, QLogic Corporation, Pixelworks Inc. and Actel Corporation.

"We are saddened by the loss of our colleague Jim Fiebiger," said Balu Balakrishnan, president and CEO of Power Integrations. "Jim was a dedicated and diligent director whose immense knowledge of the semiconductor industry was invaluable to our company. He was also a wonderful human being who will be missed by all of us at Power Integrations and his many friends and colleagues throughout the industry. We offer our deepest condolences to his family."

About Power Integrations

Power Integrations, Inc., is a Silicon Valley-based supplier of high-voltage integrated circuits and other high-voltage components used in energy-efficient power conversion. The company's innovative technologies enable compact, reliable AC-DC power supplies for a vast range of electronic products including mobile devices, TVs, PCs, appliances, smart utility meters and LED lights. Since its introduction in 1998, Power Integrations' EcoSmart® energy-efficiency technology has prevented billions of dollars' worth of energy waste and millions of tons of carbon emissions.

Reflecting the environmental benefits of the company's products, Power Integrations' stock is included in the NASDAQ® Clean Edge® Green Energy Index, The Cleantech Index®, and the Ardour Global IndexSM. For more information, including design-support tools and resources, please visit www.powerint.com; visit Power Integrations' **Green Room** for a comprehensive guide to energy-efficiency standards around the world.
