Diebold Nixdorf Receives Red Dot Design Award for DN Series™ EASY ONE Checkout Solution

BERLIN and HUDSON, Ohio, USA – Diebold Nixdorf (NYSE: DBD), a global leader in retail store and checkout innovation, is delighted to announce that its checkout solution [DN Series™ EASY ONE](#) has been awarded the prestigious [Red Dot Design Award](#) in the competition's "Product Design" category.

The Red Dot Design Award is one of the world's biggest design competitions and a highly regarded seal for outstanding design quality. For the "Product Design" category, entries from 60 countries were submitted and evaluated by a panel of 43 members. The award winners were selected based on the four principles of good design, design expertise, specific technical focus area and socio-cultural character.

The DN Series EASY ONE is the newest member of the DN Series EASY family, designed for retail environments that require maximum flexibility. It can be configured for assisted, semi-assisted or full self-service checkout journeys and also offers options for peripherals and mounting.

Matt Redwood, vice president, Retail Technology Solutions, at Diebold Nixdorf said: "Thanks to its versatile design and configurability, the DN Series EASY ONE can be integrated into a wide range of environments and adapted for various customer journeys, which offers many advantages for customers and retailers alike. We are proud to receive this prestigious award recognizing these outstanding design features."
