ATTACHMENT TO FORM 8937

The information contained herein is being provided pursuant to the requirements of Section 6045B of the Internal Revenue Code of 1986, as amended (the "**Code**"), and includes a general summary regarding the application of certain U.S. federal income tax laws and regulations related to the effects of the relevant organizational action. The information contained herein does not constitute tax advice and does not purport to be complete or describe the tax consequences that may apply to particular persons or categories of persons. Applicable holders are encouraged to consult their independent tax advisors regarding the particular consequences of the relevant organizational action to them (including the applicability and effect of all federal, state, local and non-U.S. laws).

Part II, Box 14 - Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action.

On June 10, 2022, each shareholder of the common stock of DICK'S Sporting Goods, Inc. (the "**Company**") that was listed as a holder of record became entitled to a cash dividend of \$0.4875 with respect to its common stock. The cash dividend was paid to such shareholders on June 24, 2022. On June 9, 2022 (the "**Ex-Dividend Date**"), pursuant to the Indenture, dated April 17, 2020, (the "**Indenture**") by and between the Company and U.S. Bank National Association, as trustee, in connection with the Company's 3.25% Convertible Senior Note due 2025 (the "**Notes**"), the cash dividend resulted in an adjustment to the conversion rate, effective immediately after 9:00 a.m., New York City time on such Ex-Dividend Date. After giving effect to the adjustment, as of the Ex-Dividend Date, the conversion rate was changed from 30.6413 shares of common stock per \$1,000 principal amount of Notes to 30.8280 shares of common stock per \$1,000 principal amount of Notes.

Part II, Box 15 - Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis.

The Company expects the conversion rate adjustment to be treated for U.S. federal income tax purposes as a deemed distribution under Code Section 305(c) as a result of such adjustment compensating the holder for cash distributed to shareholders that are taxable under Code Section 301. The amount of the deemed distribution was calculated to be \$15.0237 per \$1,000 principal amount of Notes as shown below in Part II, Box 16.

The distribution is expected to be made from the earnings and profits of the Company, based on reasonable assumptions currently available. As a result, the dividend of \$15.0237 per \$1,000 principal amount of Notes should increase the holder's tax basis by the amount of the distribution.

Part II, Box 16 - Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates.

Pursuant to the Indenture, the conversion calculation is defined as $A = B \cdot [C / (C - D)]$, where:

A = Updated conversion rate = 30.8280

B = Conversion rate on the date before the Ex-Dividend Date = 30.6413

C = Closing stock price on the day before the Ex-Dividend Date = \$80.47

D = Dividend amount per common share = \$0.4875

Using the same variables above, the deemed distribution calculation is defined as $(A - B) \cdot C$. The deemed distribution amount per \$1,000 principal amount of Notes is \$15.0237.

Part II, Box 17 - List the applicable Internal Revenue Code section(s) and subsection(s) upon which the tax treatment is based.

Tax consequences to holders of the Notes are determined under Code Sections 301, 305(c), 312 and 316 and Treasury Regulations Sections 1.305-3 and 1.305-7.

Part II, Box 18 - Can any resulting loss be recognized?

No holders of the Notes will recognize a loss as a result of the adjustment to the conversion rate of the Notes.

Part II, Box 19- Provide any other information necessary to implement the adjustment, such as the reportable tax year.

The effective date of the conversion rate change is June 9, 2022. For calendar year taxpayers, the reportable tax year is 2022.
