STAR Partner of the Year -

2020

KB Home has a proud history of being a leader in sustainability in the homebuilding
industry and beyond. For 15 years, we have been building energy- and water-efficient
homes and applying innovation toward a more sustainable future. While not all of our
efforts have been successful, what remains constant is our drive to build on our
experience and continue to bring fresh thinking to the design of the American
home. Below is a brief chronology of our various relevant achievements.

homes and applying inn efforts have been succe experience and continue	or 15 years, we have been building ovation toward a more sustainable ssful, what remains constant is one to bring fresh thinking to the dehronology of our various relevan	ole future.
