

Following the formal portion of the annual general meeting, Mr. Edward Sonshine will open the floor to questions. For unitholders participating with the webcast, you will have the ability to submit questions to the presenter. These questions will be moderated and will be communicated to the presenter if applicable. We ask that you keep your questions relevant to the presentation being given. If your question is not answered during the webcast, a representative will follow up with you with a reply.

To submit a question, you will see a small icon at the top of the window.

Once you click the above icon, a dialogue box will open, and you can submit your question.

***\*please note: if you are in full frame mode, you will need to minimize your window to see the icon\****
